

Revision date: 4/21/09

Northeastern Illinois Regional Water Supply/Demand Management Plan  
*Draft Report Outline*

Table of Contents  
Acknowledgments  
Executive Summary

1. Introduction

- a) Background
  - i. State Planning
  - ii. Regional Planning
- b) The Northeastern Illinois Regional Water Supply Planning Group
- c) Purpose

2. A Framework for Regional Water Supply Planning and Management

- a) Planning Paradigms
  - i. Adaptive Management
  - ii. Sustainability
- ab) Planning and Management in the Region Today
  - i. Lake Michigan Service Region
  - ii. Groundwater Dependent Users
  - iii. Inland Surface Water Dependent Users
  - iv. Drought Planning and Management
  - v. Great Lakes Compact
  - vi. Other Laws: Water Authorities Act
- bc) Water Rates in Northeastern Illinois
- ed) How Much Water is Currently Used?
  - i. Illinois Water Inventory Program
  - ii. Regional Water Demand Scenarios for NE IL: 2005-2050
- de) How much water will be needed in the future?
- ef) How much Future water will be availability e in the future?
  - i. Water Cycle and Water Budgets
  - ii. Climate Variability and Change
  - iii. Surface Water: Variability and Change
  - iv. Groundwater: Variability and Change<sup>1</sup>
    - A.) Deep Bedrock Aquifer System
    - B.) Shallow Aquifer System
  - ~~v. Land Use / Change and Relationship to Water Use~~
  - ~~vi. Other Uncertainties~~
- f) Supplying Water to Meet Future Needs
  - ~~i. Adaptive Management~~
  - ~~ii. Adequacies, Stresses, Conflicts and Potential Shortages<sup>2</sup>~~
  - ~~iii. Sustainable and Reasonable Use~~
  - ~~iv. Water Quality Considerations~~

g) Water Quality and Aquatic Ecosystems needs

- i. Water Quality Considerations
- ii. Wetlands / Riparian Areas Protection
- iii. Minimum-Instream Flow

3. Recommendations for Regional Water-Supply Planning

a) ~~Water Supply Planning Framework and Management in the Context of~~  
~~Integrated Water Resource Management~~

b) Balancing Supply and Demand

i. Water-use Conservation

- (1) Residential Surveys
- (2) Residential Plumbing Retrofits
- (3) System Water Audits, Leak Detection & Repair
- (4) Metering with Community Rates for all new connections and Retrofit of existing connections
- (5) Large Landscape Conservation Programs & Incentives
- (6) High-Efficiency Washing Machine Rebate Program
- (7) Public Information
- (8) School Education
- (9) Conservation Programs for Commercial, Industrial and Institutional Accounts
- (10) Wholesale Agency Assistance Programs
- ~~(11) Conservation Pricing~~
- ~~(1211)~~ Conservation Coordinator
- ~~(1312)~~ Water Waste Prohibitions
- ~~(1413)~~ Residential High Efficiency Toilet Replacement Programs

ii. Water-Rate Structures

~~Including Conservation for Full-Cost Pricing~~

iii. Greywater Reuse

iv. Wastewater Reuse

~~v. Conjunctive Use~~

~~City of Chicago~~

~~e) Developing New Water Sources~~

~~f) Addressing Water Quality and Aquatic Ecosystem Needs~~

~~i. Water Quality~~

~~ii. Wetlands / Riparian Area Protection~~

~~iii. Instream-flow Protection~~

~~gd) Drought preparedness and Climate Variability / Change~~

~~h) Water quality considerations~~

~~i. Contamination threats to groundwater (e.g. chlorides)~~

~~ii. Contamination threats to surface water supplies~~

~~ie) Funding Assistance~~

~~jf) Monitoring and Reassessment~~

~~i. Filling Data Gaps~~

~~ii. Improving Analytical Tools and Analyses~~

kg) Next planning cycle

i. Sustainability

ii. Integrated Water Resource Planning

iii. Other issues/users to be addressed (e.g. recreation)

4. Land-use / change and Relationship to Water use

a) Adequacies, Stresses, Conflicts, and Potential Shortages

i. Withdrawals from Existing Water Resources

(1) Lake Michigan

(2) Groundwater

A. Deep-Bedrock Aquifer System

B. Shallow-Aquifer System

(3) Inland Surface Waters: Fox and Kankakee Rivers

b) Programs / Tools for Integration

i. Groundwater recharge

ii. Stormwater management

iii. Wastewater planning

iv. Regional Comprehensive Planning: ~~Go to 2040~~

45. Water Governance for the  
21<sup>st</sup> Century

a) State

b) Region

c) County

Appendix A – Statements of dissenting views on planning decisions or adopted recommendations

Glossary

NOTES:

1. The reader is referred to the ISWS report for detailed discussion of these topics.
