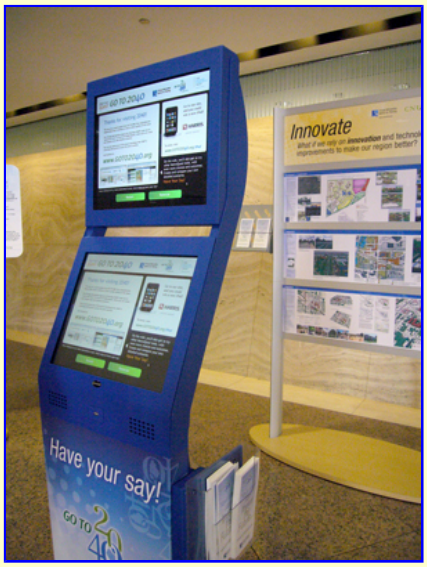
News & Information from Lansing Public Library



Invent the Future: July 6, 2009 - July 10, 2009 (Upper level during regular library hours)

To coincide with the **Burnham Centennial**, the Chicago Metropolitan Agency for Planning's *GO TO 2040* campaign has entered an important new phase called "**Invent the Future**." Web tools developed by CMAP and MetroQuest (sponsored in part by The Chicago Community Trust) let you **create your own future scenarios** -- and even mail them to friends and post them at sites like Facebook -- to tell us how you want metropolitan Chicago to plan for the additional 2.8 million residents expected by 2040. Or attend one of 50 "Invent the Future" *GO TO 2040* **scenario workshops** that CMAP is holding with partners across the seven counties. (To find one near you, see our **Google map** with directions to workshops scheduled to date.)

Includes Business and Residential listings. This database of 14 million US Businesses contains verified, accurate data and is updated monthly. Plus this is the only business database enhanced with more than 20 million phone calls per year. Use the Residential database of over 100 Million US Residents to conduct market research, and locate friends and relatives. Our records are continuously updated and processed against the USPS National Change of Address (NCOA) and Delivery Sequence File (DSF).
