McHenry County
Division of Transportation

Joseph R. Korpalski, Jr., P.E.
Director of Transportation/County Engineer

Division of Transportation

Principal Transportation Planner
Salary *$53,448 - $66,800* Hours: Full Time - *40 hours per week*

JOB RESPONSIBILITIES:

The challenges the Division of Transportation face have become increasingly complex and diverse as McHenry County is mixed with traditional rural development yet continues to evolve into an urbanized setting. This position will oversee planning activities consistent with County, metropolitan, State, park district, conservation district, township, and municipal plans. Also, this position will work to continue to coordinate mass transit services in McHenry County and oversee the County's planning efforts including traffic analysis, transit operations analysis, and bicycle/pedestrian facilities planning for annual updates to the five year Transportation Program and implementing the 2040 Long Range Transportation Plan.

This position will be required to: develop, interpret, coordinate, implement and monitor transit and transportation policy and planning work, including completion of written documents and reports; track, develop and analyze various local, regional, state and federal funding programs and project details, including preparation of reports; design and prepare maps, charts, and other graphic materials to illustrate plans or reports; present transit/transportation planning issues before community groups, civic leaders, and/or elected officials; develop and evaluate consultant scopes of services and proposals for planning studies; analyze and evaluate transportation related data; prepare plans and projections of future transit, transportation, economic or demographic conditions and trends; investigate and review federal and state legislation and regulations for potential impact on transit/transportation plans and programs; oversee the Transportation Planner position; oversee the Planning Liaison for the McHenry County Council of Mayors(COM) and direct all planning assistance required for CMAP and the COM; and, provide general administrative and technical assistance as directed by the Design Manager and/or other Division of Transportation management staff.

QUALIFICATIONS:

Bachelor's degree from a four year college or university in planning, geography, engineering or related field and five to seven (5-7) years of progressively responsible related experience; OR Master's degree in planning or a related field and three (3) years of progressively responsible related professional experience. American Institute of Certified Planners (ACIP) certification or ability to obtain within 2 years is not required but is desirable. Candidate should possess excellent analytical, communication, public speaking, and organizational skills.

McHenry County offers paid holidays, personal days, vacation and sick leave, and a comprehensive benefit package. No applicant for employment shall be discriminated against because of age, race, color, religion, sex, marital status, national origin or disability.
