# Surface Transportation Program - Local (STP-L) Expenditure Report

March 20, 2013

**The federal Surface Transportation Program (STP-L) provides financing for projects and is funded through Moving Ahead for Progress in the 21st Century, the federal transportation authorization bill. This program is administered through the Chicago Metropolitan Agency for Planning (CMAP) and the Illinois Department of Transportation (IDOT). The City of Chicago and each of the 11 subregional councils have a self-determined method for selecting the most beneficial projects. Each of metropolitan Chicago's 11 subregional councils have a Planning Liaison who coordinates the project selection process with each council's approval.**

### FFY 2013 STP - L summary

- **35 projects** have been obligated in FFY 2013 using STP-L funds.
- **$68.44 million** or **37 percent** of the region's programing mark has been obligated in FFY 2013.
- FFY 2012 obligations exceeded the amount of new STP-L funding (allotment) in FFY 2012, reducing the amount of carryover funds that the region had accumulated by more than **$14 million**.
- So far in FFY 2013 the CMAP Council of Mayors Executive Committee has approved advanced funding request for **20 projects** totaling **$17.60 million** in STP-L funds.
