Attention: John Donovan

Dear Mr. Stoner:

Attached for your approval and use in accordance with paragraph 23 CFR 450.326 is copies of highway amendments to the 2007-2012 Transportation Improvement Program for the CMAP Transportation Committee. The Transportation Committee of the MPO approved the TIP amendments on June 12, 2009.

The Northeastern Illinois region has committed itself to the integration of transportation and air quality planning. To this end, the MPO has developed procedures for incorporating air quality objectives into the transportation planning process. The TIP amendments, being transmitted by this letter, are in accordance with USDOT metropolitan regulations and USEPA transportation conformity regulations. The MPO has determined that the TIP amendments are in conformance with the State Implementation Program. The changes resulting from these amendments have no effect on the emissions estimates made for the region's conformity determination

We consider the estimate of costs included in the Transportation Improvement Program to be realistic. We concur with the fiscal consistency analysis included in the TIP. The total cost of the TIP remains consistent with the amount of funds expected to be available to this area during the TIP time period. The Department, on behalf of the Governor of Illinois, concurs with the projects listed in this TIP.

The State of Illinois would also like to amend its FY 2009-2012 Statewide Transportation Improvement Program (STIP) to incorporate these amendments to the CMAP Transportation Committee 2007-2012TIP.

Sincerely,

A handwritten signature in black ink, appearing to read 'Les Nunes'.
