1.0 Call to Order 9:30 a.m.

2.0 Agenda Changes and Announcements

3.0 Approval of Notes – August 20, 2013 ACTION REQUESTED: Approval

4.0 GO TO 2040 Update: Implementation Action Examples

As part of the GO TO 2040 plan update, the FY 2014 work plan calls for a review of the implementation action tables found at the end of each of the twelve chapters in GO TO 2040. Specifically, the work plan calls for these actions to be updated to reflect their implementation status.

As indicated at the committee’s meeting in September, CMAP is asking all committee members to provide examples of how the region has made progress toward the plan’s implementation actions in the two chapters of GO TO 2040 that seem most relevant to the Land Use Committee: “Achieve Greater Livability Through Land Use and Housing” and “Expand and Improve Parks and Open Space.”

Because the committee is traveling to Orland Park in lieu of its regular meeting, **CMAP staff has created an online survey (on SurveyMonkey) for Land Use Committee members at <https://www.surveymonkey.com/s/ZFJFGH9>. By October 23rd, please fill out the survey** by adding your examples to the comment boxes provided after each listed implementation action. Note that the actions are organized into nine Implementation Action Areas - four in "Achieve Greater Livability Through Land Use and Housing" and five in "Expand and Improve Parks and Open Space". Each Implementation Action Area is separated into its own page of the survey.

Stephen Ostrander (CMAP) will remind committee members to fill out the survey by October 23rd and answer any immediate questions.

5.0 **Update: Proposed Amendment to GO TO 2040 – Illiana Corridor**
