¹ For 1990 corrected population, see table B-1. Percent is based on 1990 uncorrected population because only total population is corrected. ² For total earnings, see table B-8. ³ Most data are comparable between 1992 and 1997; however, it should be noted that farms with all acreage in Conservation or Wetlands Reserve Programs (excluded in 1992) are included in 1997, as are short rotation woody crops which includes Christmas trees and maple sap gathering (in Forestry in 1992). ⁴ Includes nursery and greenhouse crops. ⁵ Includes related products.
