[The City was able to successfully achieve several goals we had set to accomplish during this 20 year plan, such as annexing unincorporated property, establishing an industrial park to support our manufactures, and to identify the Sheridan Road corridor as the central business district of Zion. In the process, our focus had to shift to triage mode after losing five of the six major employers that were identified in the plan due to various reasons, along with an increase in the number of federally subsidized housing units.](#)
