It will identify and prioritize current pedestrian barriers, provide a schedule for barrier removal, as well as establish procedures for addressing future accessibility issues. This planning process will implement CMAP's ON TO 2050 Plan including equity, Illinois' Long Range Transportation Plan, and will bring many South Suburban communities in compliance with the Americans with Disabilities Act.

In these challenging times, with limited resources, collaborating with other SSMMA communities will benefit our collective and individual goals. Please accept this letter as Steger's desire to participate in the SSMMA ADA Transition Plan.
