Re: Draft GO TO 2040 plan update summary

Staff began the process of updating the GO TO 2040 plan, as required by federal law, in the summer of 2013. Over the last several months, working committees have reviewed and provided input on updates of the plan indicators, implementation action tables, financial plan, and major capital projects. At this time, CMAP is on track to release the full draft plan update for public comment following the June meetings of the Board and MPO Policy Committee. The official public comment period will run June 13 to August 1, 2014. The full schedule of off-site open house meetings where residents and other stakeholders may provide feedback on the full draft plan update will be available shortly at <http://www.cmap.illinois.gov/about/2040/update>.

The full draft plan update will consist of the following documents:

- GO TO 2040 plan update summary
- Appendix: Major Capital Projects
- Appendix: Financial Plan for Transportation
- Appendix: Socioeconomic Forecast Update Overview
- Appendix: Implementation Action Areas
- Appendix: Indicator Methodology
- Appendix: Air Quality Conformity Analysis
- Appendix: Public Engagement Summary (available *following* the public comment period)

Staff have prepared the [draft GO TO 2040 plan update summary](#) for review and feedback by working committees during their May meetings. Committee members are also encouraged to send their comments directly to Drew Williams-Clark (awilliamsclark@cmap.illinois.gov) by May 26. Staff will solicit feedback on the full draft plan update, including appendices, at committee meetings in June and July.
