**Re:** Updated Implementation Action Area Tables

---

---

As part of the GO TO 2040 plan update, the FY 2014 work plan calls for a review of the implementation action tables found at the end of each of the twelve chapters in GO TO 2040. Specifically, the work plan calls for these actions to be updated to reflect their implementation status. This project does not envision the drafting of new implementation action areas, but some actions may be added within the areas.

Over the past several months, CMAP staff has worked to identify implementation examples, collaborating with the various working committees to do so. These examples helped to inform CMAP's Year 3 Implementation Report, which is being released in early 2014 as a poster.

In October 2013, CMAP staff conducted an internal review to determine the high-level status of each implementation action – classifying each as “retain”, “revise”, “complete”, or “delete” – and providing a brief rationale for each classification. At their November meetings, CMAP staff asked the working committees to review those classifications for relevant plan chapters.

In November and December 2013, CMAP staff conducted an internal review of the text of the implementation actions. This effort led to specific red-lined text edits, including the addition of select new implementation actions. CMAP staff is sharing these text edits with the working committees at their January meetings.
