#### 4.0 Implementation of GO TO 2040: Technical Assistance – Pete Saunders, CMAP

With the adoption of GO TO 2040 on October 13, CMAP will now begin to focus on the plan’s implementation. A number of the plan’s recommendations rely on actions by local governments, and will require CMAP to work closely with willing local partners. GO TO 2040 recommends supporting local planning through technical and financial assistance.

Due to the increased emphasis that will now be placed on technical assistance, developing an overall “philosophy” for how CMAP should approach it will be useful. **Please read the memo prepared by Bob Dean and Pete Saunders (posted on same Minutes/Agenda web page as this agenda),** which describes initial ideas in this area, including:

- Descriptions of case studies from other regional planning organizations that offer technical assistance
- A definition of technical assistance and categorization of different types of activities
- Thoughts how to coordinate technical assistance offered by CMAP with that offered by other organizations
- Relationship to Regional Planning grant application (approved for \$4.25 million on Oct. 14)

#### 4.0 Regional Planning Updates: Russell Pietrowiak , CMAP
