

Sustainability Chapter to the Regional Framework Plan

Continuing Efforts to
Promote a Sustainable Environment

Lake County Strategic Plan

Five Strategic Goals:

- Build Healthy & Resilient Communities
- Enhance Economic Opportunities
- Reduce Congestion & Improve Transportation
- Promote a Sustainable Environment
- Provide Public Safety

Chapter Development

- Lake County – CMAP MOU
- Existing Conditions Review
- Community Engagement:
 - County Departments
 - SWALCO
 - LCFPD
 - Lake County Partners
 - Municipalities
 - Residents

Open Space

- Encourage Public-Private Efforts
- Preserve Recreational Areas, Farmland & Conservation Land
- Evaluate Green Infrastructure Map & Plan

“To realize a Lake County landscape where, by 2030, at least 20% of the County is preserved forever as natural areas, parks, trails, farmland and scenic views.”

Transportation & Mobility

- Encourage Transportation Choices
- Enhance System Connectivity
- Support LCDOT's Sustainable Transportation Choices

Water

- Enhance Water Quality
- Promote Water Efficiency
- Reduce Stormwater Runoff Volume

Land Use & Development

- Promote & Encourage Best Practices for Sustainable Use & Development
- Establish Standards & Features
- Enhance Livability & Desirability

Energy

- Encourage Alternative and Renewable Energy Systems
- Reduce Demand Through Energy Efficiency Measures

Waste & Recycling

- Encourage Landfill Diversion Practices
- Enhance Reuse & Recycling Efforts

Economy

- Promote Local, Sustainable Economy
- Attract Green Businesses
- Support Green Jobs
