MEMORANDUM

To: CMAP Board and Committees

From: CMAP Staff

Date: May 3, 2017

Re: ON TO 2050 Update

The CMAP Board and committees receive regular detailed updates on the various components of ON TO 2050 plan development that are most relevant to them. Since the volume of work associated with plan development is too large for every committee to learn about every component individually, this bi-monthly memo provides a brief status update on all major ongoing elements of plan development, including links to recent presentations and interim or final products when available. Projects that appear in this document for the first time, or that were recently completed, are noted and highlighted in italics.

ACTION REQUESTED: Discussion

Regional Snapshot Analyses

Project	CMAP lead	Timeline	Status and links
Regional economic clusters	Simone	Jul. 2015 –	Project complete. The snapshot was <u>published</u> . Copies continue to be
(see <u>website</u>)	Weil	May 2016	disseminated at relevant meetings and shared via the website and social media.
Travel behavior trends (see website)	Elizabeth Irvin	Jul. 2015 – Sep. 2016	Project complete. <u>The snapshot</u> 's release coincided with a transportation-related ON TO 2050 <u>Big Ideas forum</u> . Media <u>coverage</u> and promotion of the
<u>acceswe</u>)	17000	2010	report continue.
Demographic trends (see <u>website</u>)	Kristin Ihnchak	Aug. 2015 – Mar. 2017	Project complete. The snapshot was <u>published</u> and has been disseminated at relevant meetings and via the website.
Tax policy	Simone Weil	n/a	This project has been removed from the work plan due to staffing changes.
Freight system trends (see website)	Alex Beata	Jul. 2015 – May 2017	Layout is complete and publication anticipated for May 2017.
Highway system trends	Jesse Elam	Jul. 2015 – May 2017	The draft snapshot continues to undergo internal review.
Local food	Brian Daly	Jun. 2016 – May 2017	The draft snapshot continues to undergo internal review. CMAP staff presented findings to the <u>ENR Committee</u> in March.
Infill and TOD trends (see website)	Evy Zwiebach	Aug. 2015 – Aug. 2017	The draft snapshot continues to undergo internal review.

(see <u>website</u>)	Scott	Jul. 2017	and relevant internal experts, and revisions to the strategy paper were
(see <u>wessite</u>)	5000	Jul. 2017	initiated.
Lands in transition	Nora Beck	Jan. 2016 –	A draft of the strategy paper was presented to the Resource Group in
(see <u>website</u>)		Aug. 2017	April. The paper is being revised to incorporate their feedback and is
			being reviewed internally.
Water	Jason	Sep. 2016 –	Issues and challenges and draft policy directions were presented to
	Navota	Aug. 2017	ENR Committee in March. Subsequently, staff prepared a draft
			strategy paper in March and April.
Energy	Dan Olson	Jun. 2016 –	Initial drafts were shared for review with CMAP staff and an overview
		Sep. 2017	of the paper was presented to the ENR Committee. A final energy

			strategy summit was held with all working groups to provide final
			suggestions and ideas for the paper.
Regional economy	Simone	Nov. 2016 –	Project scope completed. Literature review, data analysis, and
Regional economy	Weil	Sep. 2017	stakeholder engagement underway.
Transit modernization	Martin	Jan. 2016 –	Staff is incorporating feedback from Resource Group and consulting
		_	
(see <u>website</u>)	Menninger	Oct. 2017	report on technology into report draft.
Transportation technology	Elizabeth	Jun. 2016 –	The consultant report is being revised to expand on its
	Irvin	Oct. 2017	recommendations, provide clear direction for partners, and clarify
			CMAP's role in preparing for emerging technology. The strategy paper
			will be released in late summer.
Municipal capacity	Patrick	Jun. 2016 –	Memos on professional development, recruitment practices, and tax
	Day	Nov. 2017	policy were prepared and presented for Resource Group discussion.
			The remaining three focus groups were completed, bringing that
			project element to a close (seven total). Staff will prepare topical
			assessment memos in advance of a Resource Group meeting in May
			and present initial findings to working committees in the spring.
Stormwater	Nora Beck	Nov. 2016 –	The second of three memos was prepared, focusing on the
		Jan. 2018	documented flooding damages in the region. The <u>memo</u> was reviewed
			by the ENR Committee and various stakeholders. The policy
			framework for the paper is being developed and the draft strategy
			paper in anticipated to be complete in June.
Public health	Ricardo	Jan. 2017 –	Project scope completed. Feedback on health challenges was collected
	Lopez	Jan. 2018	from working committees. A kick-off Resource Group meeting was
			held on March 1 to present work scope and initiate the health
			discussion. The second Resource Group meeting took place on April 12
			and staff gave an overview of other ON TO 2050 topics and presented
			on the Inclusive Growth Draft Strategies. Literature review, data
			analysis, and stakeholder engagement underway. Next Resource
			Group meeting scheduled for May 17 at CMAP.
Asset management	Tom	Feb. 2016 –	No update.
(see <u>website</u>)	Murtha	tbd	

Other Plan Development Tasks

Project	CMAP lead	Timeline	Status and links
Communications strategy	Tina Fassett Smith	Ongoing	Starting the first week of April, Communications staff launched a multi-stage and multi-month public engagement campaign in support of Alternative Futures, which will continue through August 2017. Interactive kiosks were deployed throughout the region, and videos, surveys, and more were added to the CMAP web site. Media and presentation training was given to staff to prepare for a media outreach campaign that has resulted in multiple print and radio features on Alternative Futures. Print and other supporting material was provided to support dozens of workshops organized by the Outreach department. In addition, communications staff released and promoted the Demographics Snapshot and is close to release of the Freight Snapshot. The communications team continues to work with vendors and plan managers to develop visual assets for the plan and to prepare for the eventual web presentation of ON TO 2050.
Data and tool development	Zach Vernon	Ongoing	Staff coordinated with snapshot managers to prepare tabular data from upcoming Freight System Snapshot release for the CMAP <u>Data Hub</u> . Continued to develop analytical tools and data products to inform topical research. Generated final round of analysis for the Lands in Transition Strategy Paper after internal review.
Financial plan	Lindsay Hollander	Ongoing	Research on reasonably expected revenue options is <u>complete</u> and feedback is being sought from CMAP committees. Revisions to the draft revenue and expenditures <u>forecasts</u> are underway, following presentations to various CMAP committees.
Layers	Kristin Ihnchak	Ongoing	The layers team completed initial drafts of the locally identified mixed-use areas and conservation areas layers. Feedback on layers will be sought during municipal outreach workshops to take place in May and June.
Outreach activities	Jane Grover	Ongoing	Public engagement to support development of the ON TO 2050 plan focuses now on <u>Alternative Futures</u> and uses multiple tools to broaden and deepen the regional discussion and generate feedback. The

			Alternative Futures Forum Series is underway (see link for more details). Interactive kiosks have been deployed at high-traffic locations across the region. The first in-depth MetroQuest survey on the Changed Climate Alternative Future was launched, and subsequent surveys will be released monthly. In-person public engagement has begun, filling CMAP's outreach calendar with workshops, fairs, festivals, and farmers' markets to gather feedback on the ON TO 2050 Alternative Futures between now and September. The public engagement activities are supported and amplified by coordinated print materials and extensive social media output, using the #2050BigIdeas hashtag thread on Twitter and Facebook.
Regionally significant projects	Jesse Elam	Ongoing	Staff continues to evaluate projects.
Scenario development	Liz Oo	Ongoing	Memos on <u>changed climate</u> , <u>walkable communities</u> , and <u>constrained resources</u> were completed and draft memos on <u>innovative transportation</u> and <u>transformed economy</u> are undergoing internal review. Staff also launched the <u>changed climate survey</u> and <u>walkable communities survey</u> , and continues to develop surveys for remaining 3 futures. Staff has presented at least one of the futures to all working committees, as well as the Board, MPO Policy Committee, and the Planning Coordinating Committee. Interactive kiosks have also been completed for all five futures.
Socioeconomic forecast	David Clark	Ongoing	Draft local allocation tool delivered and extensively tested with finalized data inputs. Initial preferred scenario developed, with draft results forwarded to county planners for comment. Draft forecast forwarded to modeling team for Regionally Significant Project evaluation.
