«DEAR» «FIRSTNAME»,

We need your help to plan for transportation improvements in «MUNIC». The Chicago Metropolitan Agency for Planning (CMAP) is putting together a new plan for guiding future growth and transportation investment in the greater Chicago region. As part of this plan's development, CMAP is reaching out to residents of «MUNIC» to participate in our Travel Tracker Survey. By sharing your household's travel characteristics with us, we can better plan for transportation improvements to meet your needs.

The **Travel Tracker Survey** will collect information about your daily activities and travel. The survey results will be used to plan a future transportation system that will improve air quality, manage congestion, provide new access to jobs and improve the quality of life in our region.

What are we asking of you?

1) In the next few days, you will receive a phone call between 5 and 9 p.m. to confirm your participation. An interviewer from NuStats, a nationally recognized survey research firm (www.nustats.com), will call to answer any of your questions and also to ask some questions about your household.

2) You may also participate by completing and mailing back the enclosed questionnaire, calling us at 1-877-261-4621, or entering the information online at:
http://surveys.nustats.com/start/nustats/chicagotsoneday.html. **Enter PIN#: «PINNO»**

3) Next, record your travel and activities for a «DURATION»-hour period in personalized travel logs that we will send you.

4) Finally, provide your travel information to us in a follow-up telephone call.

Protecting your privacy is critical to the success of our survey. We want you to feel secure in providing candid responses to our questions and in providing us your travel information. All information will be held in strict confidence. If you want more information about participating in the survey, contact Stacey Bricka of NuStats at 800-447-8287, ext 2240 or email her at sbricka@nustats.com. To obtain more information about CMAP or the Travel Tracker Survey, visit the survey website at *www.chicagoareaplanning.org/travelsurvey* or call 312-386-8833.

Thank you for your time and consideration. Your participation will help us find solutions to our region's most pressing transportation problems!

Randy Blankenhorn - *Executive Director, CMAP*

TRAVEL TRACKER SURVEY
Your Travel Counts!

Survey conducted by NuStats on behalf of:

Chicago Metropolitan Agency for Planning (CMAP)

What is CMAP?

A new agency that combines the Chicago Area Transportation Study (CATS) and the Northeastern Illinois Planning Commission (NIPC) to represent Cook, DuPage, Grundy, Kane, Kendall, Lake, McHenry, and Will Counties.

CMAP's Vision:

For our region to connect its land use and transportation, preserve its environment, and sustain its economic prosperity.

WHY PARTICIPATE?

The Chicago Metropolitan Agency for Planning (CMAP) is putting together a new plan for guiding future growth and transportation investment in the greater Chicago region. To make sure this plan best meets the needs of the region, we're asking for your help. If you and your household members can tell us about your daily transportation habits by participating in our Travel Tracker Survey, it will help us plan future transportation improvements that will best serve your needs.

Making sure that your transportation needs are met is a top priority for CMAP. It's important that everyone's travel habits are included as we develop transportation solutions for the future:

- Whether you travel a lot or a little.
- Whether you travel into downtown Chicago frequently or once a year.
- Whether you travel by car, bus, train, or simply by biking or walking.

To successfully plan for the future of transportation in the greater Chicago region, our survey needs to include travel details from households of all types, including yours. We ask for your help so that transportation projects will truly reflect the needs of all regional residents.

FREQUENTLY ASKED QUESTIONS

WHAT IS THE TRAVEL TRACKER SURVEY?

- Collects information on travel patterns – when, where, how and why.

- Results will be used to show travel patterns throughout the region.

- Provides information necessary to determine future transportation investments and priorities.

WHY IS MY PARTICIPATION SO IMPORTANT?

- Our last survey was done fifteen years ago and we need to understand changes in travel behavior since then.

WHY DO YOU NEED DETAILED PERSONAL INFORMATION?

- Your information, combined with that of other participating households, will be used to provide a general profile of everyone in the greater Chicago area.

- Personal characteristics are good predictors of household travel patterns. With this information, we can help identify where future transportation investment is needed.

TRAVEL TRACKER SURVEY

Your Travel Counts!

Survey conducted by NuStats on behalf of:

Chicago Metropolitan Agency for Planning

CMAP

WHY THIS SURVEY?

The design, construction, and maintenance of roads, bikeways, sidewalks, and public transit cost taxpayers a lot of money.
The TRAVEL TRACKER SURVEY collects data about where people in the greater Chicago region travel for work, school, recreation, shopping, and other purposes to help define transportation needs. The results are used to plan transportation improvements, and other projects that affect mobility, access to jobs, air quality, and quality of life.

HOW WAS YOUR HOUSEHOLD SELECTED?

A small number of households in the greater Chicago region were randomly selected. Because government surveys are exempt from Do-Not-Call lists, everyone in your area had an equal chance of being selected to participate in our study.

CONFIDENTIALITY

All information your household provides will be kept strictly confidential.

Your name and personal information will be separated from your responses for analysis.

WHAT DOES YOUR PARTICIPATION INVOLVE?

In the next 2-3 days, you will receive a phone call between 5:00pm and 9:00pm. The phone call will be from an interviewer at NuStats, a nationally recognized survey research firm. Questions will be asked to ensure that our survey represents different types of households in the greater Chicago region. Such information includes the number of people in your household, their ages, where they work or go to school, and the number and types of vehicles. The interviewer who calls can answer any questions that you have about the survey.

You may also participate by completing and mailing back the enclosed questionnaire, calling us at 1-877-261-4621, or entering the information online. The web address and your personal PIN# are located on the letter included in this mailing.

Next, all persons in your household will receive personalized travel logs in the mail. Everyone should use the logs to record their activities, the places they visit, and stops they make, whether around town or out of town for a specific time period.

An interviewer will call after your travel day to collect information from each person in the household. The interviewer will want to speak directly with each person age 16 and older, so a specific appointment (day and time) will be set. If the logs were used to record all the information, this interview is quick.

To plan for future transportation needs, transportation planners rely on the information YOU provide about your actual travel habits. Your household's information can only be used for planning and decision-making if everyone in the household participates.

Notes:
- Items in ALL CAPS are programmer/interviewer notes or response codes that are not read to the respondent.
- Items appearing in caps with brackets such as [AGENCY] denote merge fields where the actual information to be read may vary across respondents or other special programming notes.
- Items in upper and lower case (unless otherwise noted) are read to the respondent verbatim.
- The numbering of the choice sets may sometimes not be continuous. This is because we use standard codes for response categories of "other – specify", don't know, and refused.

INTRODUCTION

Hi –I'm calling on behalf of CMAP, the Chicago Metropolitan Agency for Planning. We're putting together a new plan for guiding future growth and transportation investment in the greater Chicago region. As part of this plan, we're reaching out to residents of [MUNICIPALITY/COUNTY] to participate in our "Travel Tracker" survey of your daily transportation habits. Sharing this information helps us plan future transportation improvements that will best serve your needs.

May I speak with [NAME – IF LISTED SAMPLE] / [an adult in the house – IF UNLISTED SAMPLE]?

ADULT ON PHONE: The data collected through this survey will be used to identify and prioritize future transportation needs. Your participation is voluntary, and your answers will be completely confidential. Please answer as many questions as you are able.

Thank you. The second part of this study is to understand why, when, and where people travel in the region. To do this, we're asking households to record their travel for a [24-hour/48-hour] period. If you could help us with this study, we'd ask you some questions about your household today to make sure that we're talking to all types of households in the region. Then we ask for some details about each person in your household in order to prepare personalized logs, which we'd mail to you. After you record your local travel and activities for the assigned travel period, we call back to collect your information. Everything asked is for research purposes only and will be held in strict confidence.

S8   Are you interested in helping improve the future of transportation in the Chicago region by tracking your travel for this study?

(3B) S8=1

G1 In addition to asking everyone to record their travel information, we're selecting a handful of households to help test the use of Global Positioning System, or GPS, technology, in conducting travel surveys. If selected, we would deliver the GPS devices to you, as well as pick them up. All you would need to do is plug the device into your car's cigarette lighter or power outlet. This does not harm your vehicle or affect its performance in any way. Once you plug it in, there's nothing else to do. The process is very simple and the results of this test can lead to improved travel studies in the future. If selected, will you help us with this? [DOGPS]
      1   YES
      2   NO – GO TO THANK

G2 May I have a **daytime** phone number where I can reach you if your household is selected to participate in the GPS portion of the project? [GDTPH]

CONCLUSION

Thank you for participating in the Travel Tracker Survey. Please tell the other members of your household how important their participation is for the success of the study. We look forward to talking with you again. If you have any questions or comments, you can reach us at 1-877-261-4621. Thank you and have a good day/night.

Dear «FIRSTNAME»,   «INCENTIVE»

Thank you for participating in the **Travel Tracker Survey**!

> **Please track your travel and activities on:**
> **«DISPLAY_DATE»**

What are we asking of you?

- First, record your travel and activities for «TRAVEL_DURATION» hours. This package contains personalized travel logs. Your family should use the logs to record their activities, the places they visit, and stops they make, whether around town or out of town on «DISPLAY_DATE». We ask your help in ensuring that everyone in your household age 12 or older fills out their travel logs completely and accurately. Parents should fill out the logs of children under age 12.

- Last, provide your travel information in a follow-up phone call. An interviewer from NuStats/ DataSource will call after «END_DATE» to collect the information from each person's travel log. The interviewer will ask to speak directly with each person age 16 and older. Parents/guardians will provide information for children under age 16. Please have your completed log ready for the follow-up phone call and the interview will go fast!

Protecting your privacy is critical to the success of our survey. We want you to feel secure in providing candid responses to our questions and in providing us your travel and activity information. All information will be held in strict confidence. If you want more information about participating in the survey, contact Stacey Bricka of NuStats at 800-447-8287, ext 2240 or email her at sbricka@nustats.com. To obtain more information about CMAP or the Travel Tracker Survey, visit the survey website at *www.chicagoareaplanning.org/travelsurvey* or call 312-386-8833.

Thank you for your time and consideration. Your participation will help us find solutions to our region's most pressing transportation problems!

CMAP's Vision:

For our region to connect its land use and transportation, preserve its environment, and sustain its economic prosperity.

REMEMBER TO RECORD . . .

✓ Each STOP you make, even:

- Bus/rail stops or transit centers where you transfer or get on/off.
- Quick stops to get food, fuel, or cash from an ATM.
- Stops where you don't have to get out of your car.

✓ All ACTIVITIES you do and TRIPS you make, even those:

- You make while at work *(going out to lunch, to a meeting or running an errand, etc.).*
- After 6 p.m. or after work.

✓ Exact place names and as complete address information as possible.

✓ Accurate arrival and departure times.

WHAT DO I DO WITH MY COMPLETED LOGS?

☎ **Keep your completed logs by the phone** – We will call you to collect the information. Or, you can call NuStats toll-free (877-261-4621) to provide your information.

APPENDIX D
RETRIEVAL QUESTIONNAIRE

Introduction

Hi – this is _____ and I'm calling about the Travel Tracker Survey. We recently spoke with [informant] and are calling back now to complete the interview.

E1. You are [informant's name or initials]. [INDICATE IF TRIP INFORMATION IS BEING PROVIDED BY THE INFORMANT OR BY PROXY. [CHKPX]

INFORMANT   1
PROXY   2

E2. Last week, we spoke with you about the travel and activity survey and sent you a log to record your travel and activities on [ASSN]. I'd like to collect your information now.

First, demographic information (particularly household size, household member characteristics, and household vehicle info) is verified, along with the work and school addresses collected during recruitment.

E3   In general, would you say that ASSN [was a/were] typical day(s) for you? [TYPDY]
       Yes/No – if no, why not?

E4   Was most of your travel and activities for this period planned in advance or did you change your plans as the day progressed? IF CHANGED PLANS, what happened that caused the change in plans?

T1. Now I'd like to talk about the travel and activities [this person] recorded in the log we sent. Did [NAME] complete the travel log? [CMPLG]
      1   YES [COMPLETED]
      2   NO [NOT COMPLETED]   → GO TO T3
      3   DID NOT RECEIVE MATERIALS   → GO TO T3

EDIT CHECK PROGRAM DETAIL

Edit Check Program Detail

All Files:
- Verify that the values for each data item are valid (i.e., within the required range).
- Variables that have a possible value of "Other, specify," only have data in the corresponding open-end field when the variable equals that value.
- Spelling of all open-ended variables is correct.
- Post-code all open-ended responses to valid values when possible.

Household File:
- The number of household persons that depend on others to assist them in their daily activities and travel is completed for all household sizes greater than one and is at most one less than total household size.
- If the time lived at the current location is less than two years, then the variables relating to previous residence must be completed.
- Each household must have at least one cell phone or one landline telephone number.
- The number of fax or modem phone lines is completed when the total number of landline telephone numbers is greater than one and must be less than or equal to the total number of landlines.

Person File:
- Person numbers are sequential and inclusive.
- If the person's age is refused, the variable indicating whether or not the person is at least sixteen years old must be completed.
- One, and only one, member of each household must have data on Hispanic origin and race.
- If reported to have a disability, the variables associated with disability type must be answered.
- If at least sixteen years of age, the driver's license variable and employment variables must be completed.
- If not employed, the volunteer variable must have data.
- If neither employed nor a volunteer, the work status variable must have data.
- If employed or a volunteer, all work variables must be completed.
- If in the service industry, information on what part of the service industry must be completed.
- If work at non-home location, mode to work and telecommuting variables must be completed.
- If a student, all school variables must have data.
- If school at non-home location, mode to school must be completed.
- If age is between six and sixteen, must have school information.
- If age is under sixteen, education status must be twelfth grade or less.
- If age is under sixteen or not a licensed driver, work mode or school mode cannot be automobile driver.
- If interviewed, must have data on whether travel day was typical and planned.
- If not interviewed, must have proxy information.
- If age is less than fourteen years old, must have a proxy.
- If person has no travel on travel day, reason must be provided.

Trip File:
- Place numbers are sequential and inclusive.
- Consistency between reported travel among household members for travel times, location, party size, and travel modes.
- Consistency in reports of dropping off or picking up household members.
- Trip purposes must be appropriate for the place type.
- Additional trip purposes do not equal primary trip purpose.
- If travels to same location as previous trip, purpose must be "looptrip."
- If primary trip purpose equals "looptrip," must have an appropriate additional trip purpose.
- For origin place, there must be no mode information and arrival time must be 3:00am.
- All places after origin must have mode information and trip duration of at least one minute.
- All modes must have information on total number of people traveling together.
- The number of household members traveling plus the number of non-household members traveling must equal the total number traveling minus one.
- The number of household members traveling must equal the persons reported.
- For automobile driver and passenger modes, the vehicle number must be collected.
- For non-home places with auto modes, the variables associated with getting out of the vehicle and parking information must have values.
- If auto paid to park, amount and units must be completed.
- For auto drivers, as well as passengers who are traveling without any other household members, the toll road variables must be completed.
- If used a toll road, amount paid must be collected.
- If mode is automobile passenger, there must be at least one other person reported traveling in the party.
- For transit modes, the number of buses/trains used and car availability must have values.
- For taxi, shuttle buses, and Dial-a-Ride modes, fare information must be completed.
- Trip duration equals the arrival time minus the departure time of the previous place.
- Activity time equals the departure time minus the arrival time of that place.
- Departure time of the last place for each person must equal 2:59am.
- If last location is not home, confirm that trips are not missing.
- The sum of the trip durations and activity durations for each person on each travel day equals 1,439 minutes.

Location File:
- All household addresses are matched.
- All matched locations must have all geocoding variables completed.
- All locations must have a geocoding status.

Vehicle File:
- Vehicle numbers are sequential and inclusive.
- If the make or model is refused, the body type must have a value.
- If vehicle is flagged as not being used on travel day, there must be a reason collected.

<u>Transit File:</u>
- Transit trip numbers are sequential and inclusive.
- All boarding locations, other than refusals, must have geocoding status.
- If boarding location is "Other, specify," then nearest intersection must be collected.
- All matched boarding and alighting locations must have all geocoding variables completed.
- For all transit payments that aren't free, information on the type of fare must be completed.
- For the first bust/train used on transit trip, information on mode to the origin station/stop must be completed.
- If automobile driver or passenger to first bus/train, information on parking location and cost must be completed.
- If walked or biked to first bus/train, information on distance traveled must be collected.
- If bus/train is not final used on the transit trip, egress mode must be transfer.
- If bus/train is the final used on transit trip, egress mode cannot equal transfer.
- For non-transfer egress modes, egress location information must be collected.
- For walk or bike egress modes, information on distance to travel to final destination must be completed.
- All egress locations, other than refusals, must have geocoding status.
- If egress location is "Other, specify," then city and nearest intersection must be completed.

<u>Household-Person</u>:
- Person records exist for each household in the household file.
- There are no person records for sample numbers that don't appear in the household file.
- Number of persons indicated in the household file must equal the number reported in the person file.
- Number of workers indicated in the household file must equal the number reported in the person file.
- Number of students indicated in the household file must equal the number reported in the person file.
- Number of licensed drivers indicated in the household file must equal the number reported in the person file.
- Number of trips reported for each day in the household file must equal the sum of the number of person trips in the household.
