Re: Updated Implementation Action Area Tables

As part of the GO TO 2040 plan update, the FY 2014 work plan calls for a review of the implementation action tables found at the end of each of the twelve chapters in GO TO 2040. Specifically, the work plan calls for these actions to be updated to reflect their implementation status. This project does not envision the drafting of new implementation action areas, but some actions may be added within the areas.

Over the past month, CMAP staff conducted an internal review to identify implementation examples for the plan's actions, focusing on work that CMAP has completed over the past three years. The attachment includes the results of this internal staff effort, limited to the GO TO 2040 chapters most relevant to each working committee.

At their October meetings, CMAP staff will actively facilitate conversations to help working committee members identify additional implementation examples for the relevant plan chapters, focusing on work completed by external partners.
