

PROGRAMMING

KKCOM Bike & Pedestrian Report App

KKCOM is working to create resources that will assist its municipalities and agencies in their bicycle and pedestrian planning efforts.

Bike Sharing System

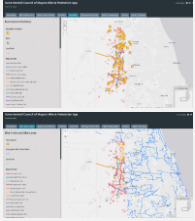

KDOT has taken great strides in creating a regional bike share system that not only includes municipalities, private companies, and agencies within Kane County, but also in Kendall County. The system is planned to be launched next summer.

Kane County Cycling Club

KKCOM is partnering with the Kane County Health Department to create a rewards program for County students (KCS) that choose to bike for recreation and transportation. The program will help to promote lifelong fitness habits and instruction for safe biking techniques.

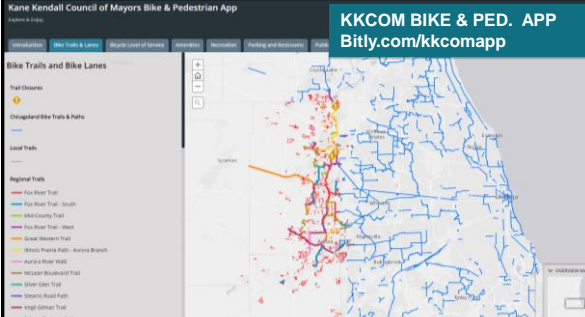

KKCOM BIKE & PEDESTRIAN APP

- Online app allows users to access maps of bicycle/pedestrian trails, transit, safety, and amenities
 - Bike trails/lanes
 - Bicycle Level of Service
 - Local amenities
 - Recreational facilities
 - Public transportation
 - Public services
- Allows users to become more knowledgeable and use system safely

Kane Kendall Council of Mayors Bike & Pedestrian App

KKCOM BIKE & PED. APP
Bitly.com/kkcomapp

KKCOM BIKE & PEDESTRIAN REPORT

- Provides info on existing County's projects, programs, and infrastructure
- Offers strategies on how to advocate for more bicycle and pedestrian infrastructure
 - Improve multi-modal options at transit hubs
 - Reimagine downtown spaces to include more sustainable infrastructure
 - Eliminate all bicycle and pedestrian fatalities
 - Invest in rural bicycle and pedestrian infrastructure

KANE COUNTY BIKE SHARING PROGRAM

- Launching 12+ station bike share system by August 2020
- Docked stations
- Program initiatives
 - Alternative purchasing options
 - Helmet renting options
 - Bicycle safety classes and curriculum
 - Low-income discounts
 - Adaptive stations
- Opportunity for other micromobility options in future

KANE COUNTY CYCLING CLUB

- New program designed to incentivize biking in younger age groups
- Students receive rewards
 - Kane County Cougars & Windy City Bulls tickets
 - Local restaurants, attractions, recreation donations
- Utilize donated bikes for students without resources to purchase one
 - Working Bikes (Chicago)
 - Local bike shops

INFRASTRUCTURE PROJECTS

Aurora Transportation Center

pedestrian- and bicycle-only bridge across the Fox River

Additional connections to nearby regional trails will now be possible as well.

Longmeadow Parkway Sidepath

As part of the expansive Longmeadow Parkway project, several sustainable transportation elements will be implemented, including a sidepath, pedestrian crossing elements, and additional trail connections.

AURORA TRANSPORTATION CENTER IMPROVEMENTS

- 930-foot pedestrian and bicycle bridge over Fox River
- Allows Metra commuters to easily access parking lot across River from ATC
 - Creating new parking lot across river
 - Provides 780+ new spots to commuters
- Separates bicycle and pedestrian traffic

LONGMEADOW PARKWAY SIDEPATH

- Four-lane bridge across Fox River
- Shared use path along entire corridor
- Provides improvements to FRT connections
- Pedestrian accommodations at every intersection
