

ON TO 2050 Implementation

Core Focus Area: *Climate*

CMAP Transportation Committee
August 7, 2020

A photograph of a park at sunset. The sun is low on the horizon, casting a warm orange glow. In the foreground, a woman in a pink tank top and black leggings is jogging on a paved path. Other people are visible in the background, some walking and some on bicycles. The path is bordered by a metal railing. The overall scene is peaceful and active.

ON TO 2050 ENVIRONMENT GOAL

A region prepared for climate change

- *Intensify climate mitigation efforts*
- *Plan for climate resilience*

Recent Activities

- MMC / CMAP / GCoM Regional Climate plan
- GHG emissions modeling / reporting
- CCoM Transportation Vulnerability and Resilience
- CMAP Talks: Regional Stormwater Resilience
- C19-related Updates

FY21 Climate Focus Area Work Plan

1. Climate multi-year implementation planning
2. Transportation mitigation strategies
3. Climate mitigation and adaptation technical assistance
4. Climate data inventory and refinement
5. GHG reporting and performance monitoring

Discussion

- General suggestions for CMAP as it examines transportation mitigation pathways
- Specific recommendations for pathways to explore with greater focus, i.e., those with potential to advance mitigation goals for the transportation sector
