Long-term and ongoing benefits.

Immediate need.

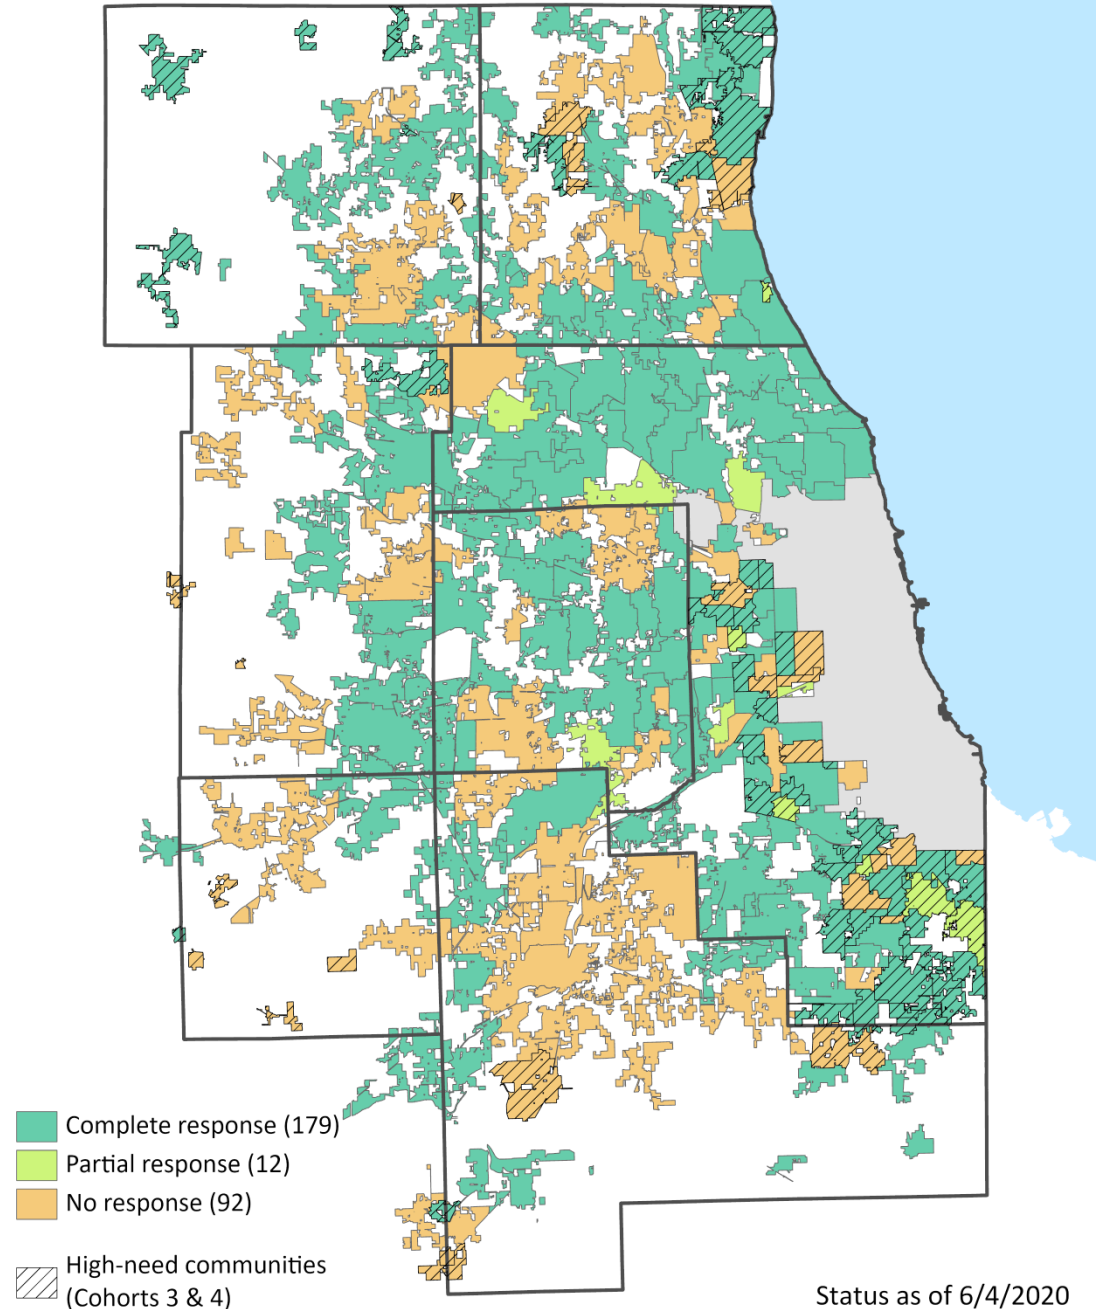

COVID-19 Regional Recovery Survey Results

Responses from communities across the region

Data supports the City of Chicago's Regional Recovery Task Force

Helps establish ongoing relationships

Initial survey result takeaways

Municipalities are facing constrained budgets and increased expenditures, especially public safety, due to COVID-19

Health and safety of riders and operators the primary concern regarding transit as the region reopens

Support for small businesses and economic development key to achieve long-term regional recovery needs

Thank you!
