REQUEST FOR PROPOSALS (RFP) NO. 244
RETHINKING MOBILITY IN A POST-COVID CHICAGO REGION

The Chicago Metropolitan Agency for Planning (CMAP) invites consultants to submit proposals for the Rethinking Mobility in a Post-COVID Chicago Region project, as described in this scope of work. Please read each section carefully for information regarding the proposal and submittal instructions.

SECTION 1: Background and General Information

About CMAP

The Chicago Metropolitan Agency for Planning (CMAP) is the Chicago region’s official comprehensive planning organization. The agency and its partners developed ON TO 2050 to help the seven counties and 284 communities of northeastern Illinois implement strategies that advance inclusive growth, resilience, and prioritized investment goals across the region. See www.cmap.illinois.gov for more information.

General Information

As a result of responses to this RFP, CMAP plans to review submissions and conduct interviews with selected consultants it determines can best meet the requirements outlined below. Negotiations will be held on both the scope and the cost to select the consultant that CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided. Subject to “Reservation of Rights” below, it is anticipated that a contract will be awarded for the work described. The contract awarded will be for a period ending 24 months from final contract signing.

SECTION 2: Scope of Project and Procurement Details

Project Background

The COVID-19 pandemic has caused enormous challenges for the transportation system in the Chicago region. The funding streams that support capital investments and operations took significant hits as gas and retail buying declined. For example, sales tax revenues supporting the RTA fell by more than a quarter in April 2020 vs. April 2019. The transit system lost more than 80 percent of its riders at the peak of the crisis. While auto travel also declined substantially, it has rebounded more quickly than other modes. This, as well as the possibility of more sustained changes to resident and business preferences, has led to concerns that the COVID-19 pandemic could increase the region’s reliance on auto travel, especially single-occupant trips.

In response to these challenges and others, the City of Chicago convened a COVID-19 Recovery Task Force. The Task Force recommended continuation of recovery efforts in three areas, including “reimagining Chicago’s regional transit system.” The Task Force and others, including the Board Chairs of the counties in the region, have recognized that these transportation system-level challenges must be addressed at the regional scale.
Many of the problems highlighted by COVID-19 are longstanding ones, such as disparities in access to transit, bike, and pedestrian facilities between different parts of the region. Recovering from this crisis will require policy solutions that address current challenges while also reexamining existing mobility structures to promote a more resilient and equitable system into the future. This work should include an examination not only of transit and auto travel but also other modes, such as walking and bicycling, that make up the transportation system in northeastern Illinois.

Other plans and studies
Significant work has already been undertaken by CMAP and its partners to understand and address the transportation system needs of northeastern Illinois. Responses should be informed by this body of work and specifically incorporate ON TO 2050 (CMAP) and Invest in Transit (RTA).

Project Description
This scope of services is for a consultant or team of consultants to work with CMAP and regional partners to develop a visionary mobility strategy to support an equitable recovery from the COVID-19 crisis in northeastern Illinois, mitigate a likely rebound in congestion, sustain the transit system, and increase the overall resilience of the region’s multimodal transportation system. It should also be consistent with the goals and initiatives outlined in ON TO 2050 and consider other opportunities to improve the system more broadly across modes and trip types. For example, it should reconsider how the region accommodates peak hour commutes and account for new telecommuting trends. The strategy should also reflect that many low income communities and communities of color in the region disproportionately rely on transit for everyday mobility needs and focus on opportunities to support greater equity in travel options and mobility. Transit funding, service types, access to transit, and the goals of the transit system itself may be reexamined to better meet the region’s needs. Opportunities to expand use of micromobility and non-motorized options in the region could also be considered. This is not an exhaustive list and will be refined during final negotiations with the selection of a consultant(s).

The cost of this project is anticipated to be between $500,000 and $750,000. Firms should produce a general project scope that involves a level of effort consistent with this cost range. The selected consultant will work under the direction of CMAP but is expected to interact frequently with other regional stakeholders through the CMAP Board, the MPO Policy Committee, and established working committees as well as the Steering Committee to be formed for this project. The contract for this project is expected to be approximately 24 months in length and will overlap with the period during which CMAP staff are developing an update to ON TO 2050. The selected consultants will be expected to coordinate with CMAP staff and potentially additional CMAP consultants as needed to accommodate the plan update process.

The ON TO 2050 update is being scoped now but is anticipated to include public engagement activities in summer 2021, a draft of plan update released for public comment in summer 2022, and a final plan update for adoption in October 2022. Like ON TO 2050, the plan update is expected to be online-only.

Scope of Services
The primary objective of this project is to develop an implementable mobility strategy and associated action plan. The respondent is expected to lead an innovation-driven process with established transportation leaders that culminates in the development of an action plan. This action plan should lay out steps needed to implement the mobility strategy, including policy and programmatic changes for implementers at the local, regional, state, and federal levels.
Expected project activities and deliverables

Consultants are encouraged to produce deliverables that best fit the project itself. Consultants should clearly identify and fully describe their proposed deliverables in their submittals and should clearly tie these deliverables to the project activities described below.

To develop a successful mobility strategy and action plan, the following tasks are expected:

- **Task 1. Provide transformational policy direction.** Respondents are expected to provide background information on national and international mobility system solutions that are potentially applicable to the Chicago context. This effort could also include consideration of novel, innovative mobility concepts and/or an assessment of approaches that have been tried in the past that it may be beneficial to reinspect in light of current conditions. In combination with the tasks below, these policy insights should provide the basis for the proposed mobility strategy and action plan.

- **Task 2. Ensure the financial sustainability of mobility solutions.** The COVID-19 crisis has once again demonstrated that transportation operating funding is not very resilient to economic shocks. Operating and capital formulas are not clearly matched to present or future service needs. Responders will develop recommendations on a more sustainable funding structure for the region’s mobility system. Any recommendations should consider the prior work done on this topic by CMAP and other entities locally and nationally, as well as a scan of alternative funding arrangements in other regions.

- **Task 3. Characterize COVID-19-related changes in employment, real estate markets, and travel preferences.** COVID-19 has impacted many sectors of society, resulting in some temporary and some likely permanent job loss. It may also affect real estate investment locations and product types. Responding firms should characterize these impacts to date, as well as identify whether and to what degree these short-term impacts could lead to longer-term changes in household travel.

  Because CMAP will be updating its official socioeconomic forecast during the period of this project, the consultant will be expected to develop probable, concept-level recommendations from its research to inform the parameters behind CMAP’s localized distribution of forecasted jobs and households in the region (“local area allocation”), a process expected to utilize the land use model UrbanSim.

- **Task 4. Support CMAP staff’s identification of the impacts of COVID-19 on forecasted travel demand.** Based on a continued recovery with various changes in employment, travel preferences, etc., the consultant will work with CMAP staff and the Steering Committee to produce a set of potential travel demand scenarios and output performance measures for congestion, reliability, environmental impact, etc. CMAP staff will actually conduct the travel model runs, but the consultant will help guide specification of the scenarios and output measures. Output measures should correspond as nearly as possible to the relevant indicators in ON TO 2050 (such as those in the Mobility chapter) but can propose adjustments or additions if appropriate. Special attention should be given to transit utilization and non-SOV mode share measures.

- **Task 5. Characterize the primary markets for transit and other non-SOV modes, as well as the potential applicability of various travel demand management strategies in a post-COVID-19 world.** As the region recovers from the COVID-19 crisis, it will be crucial that the resumption in regional travel is aligned with the goals and indicators laid out in ON TO 2050. For example, CMAP and its partners have worked to reduce the share of residents commuting to work in a single-occupancy vehicle and to increase the number of trips made on transit. However, demand for transit could lessen if workplaces continue to embrace telecommuting, health risks from face-to-face
interaction remain a concern, and job growth remains slow. These effects on transit could be particularly pronounced at peak hours and in its largest market, commute trips to the CBD. Other non-SOV modes could also be significantly disrupted, although some, like bicycling and walking, may see their relative attractiveness increase due to concerns over shared indoor spaces. Past transportation demand management (TDM) strategies may need to be recalibrated to reflect new travel behavior. Respondents should be sensitive to the equity implications of large-scale disruptions to the existing mobility system and any identified TDM strategies. For example, transit provides a critical service to many dependent riders for non-CBD work trips as well as non-work trips. This analysis should be supported by extensive input through interviews with stakeholders, particularly in business and real estate development, as well as agency personnel.

- **Task 6. Develop recommendations to support TDM, transit, and other non-SOV modes in their most suitable markets.** Based on the markets identified previously, this task will evaluate transit and other non-automotive solutions, as well as TDM strategies, to serve them. Consideration should be given to the prospects and risks of on-demand services supplementing or substituting for fixed-route service. Because of the large number of possible options, the planning process will likely need to be designed to group options together in themes for deliberation and potentially eliminate some as unviable. An initial step will be defining/redefining measures of success, followed by quantitative evaluation of the scenarios via travel model and other techniques. Work on this task should also incorporate the transit scenario analysis that RTA is currently preparing, although additional scenarios may be required to accommodate non-SOV modes apart from transit.

- **Task 7. Support the operations of the Steering Committee.** CMAP staff will take primary responsibility for recruiting members, staffing meetings, and otherwise supporting the day-to-day administration of the Steering Committee’s operations. Responders will be expected to develop agendas and meeting materials in conjunction with CMAP staff and present to the Steering Committee on their work. Responders may also be required to conduct clarifying follow-up work based on requests from the Steering Committee, as appropriate.

*Expected Deliverables and Timeline*

Consultants should propose a complete schedule of deliverables as part of their response, but should meet these minimum requirements:

- **2021**
  - Initial findings and high-level messages for use in ON TO 2050 public engagement (summer)
  - Memo on recommendations for ON TO 2050 local area allocation of forecasted jobs and households (summer)
• 2022
  o Mobility recovery recommendations (summer)
  o Final report preceding ON TO 2050 update (prior to October 2022)

Selection Process and Schedule:
September 3, 2020: RFP posted
September 10, 2020: Non-mandatory Pre-bid information webinar hosted by CMAP
September 30, 2020: Proposals due
October 12-13, 2020: Finalists interviewed

Evaluation Criteria
All responses to this request for proposals will be analyzed for completeness and cost effectiveness. The following criteria will be used in evaluating submissions:

1. The demonstrated record of experience of the consultant as well as identified staff in providing the professional services identified in this scope of work, including addressing the topical issues identified in the Project Background and Project Description sections.

2. The consultant’s concept for creating a mobility strategy that addresses the priorities identified in the Project Background and Project Description sections. This includes evaluation of the strength and innovativeness of the overall approach to developing policy change recommendations.

3. Demonstrated functional capabilities and subject-matter expertise, including but not limited to:
   a. Multimodal federal and state transportation policy expertise
   b. Market-leading transportation planning track record (including transit and transportation demand management)
   c. Experience with scenario analysis (note that respondents should expect to work collaboratively with CMAP travel demand modeling staff)
   d. Financial modeling expertise
   e. Real estate market analysis expertise

4. The quality and relevance of the examples of similar work.

5. The consultant’s integration of the principles of ON TO 2050 into the proposal.

6. Prior performance of previous CMAP contracts. Note: consultants who are or have been seriously deficient in current or recent contract performance in the absence of evidence to the contrary or circumstances properly beyond the control of the Consultant shall be presumed to be unable to meet these requirements. Past unsatisfactory performance will ordinarily be sufficient to justify a finding of non-responsibility.

7. Cost to CMAP, including consideration of all project costs and per-hour costs.

All timely responses received to this scope of work will be reviewed, and interviews may be conducted with selected submitters CMAP determines can best meet the above requirements. Cost will be evaluated against other factors based upon the professional judgment of those involved in the evaluation. An internal CMAP committee will make the consultant selection decision.
As applicable, hourly rates for personnel the submitter proposes to use will be requested and negotiations will be held on both the scope and the cost to select the consultant CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided.

CHANGE REQUESTS MADE TO PERSONNEL, TITLES, PERSONNEL HOURS, HOURLY RATES OR SUBCONTRACTORS, INCLUDING SUBCONTRACTOR PERSONNEL, PERSONNEL HOURS OR HOURLY RATES MUST RECEIVE PRIOR WRITTEN APPROVAL FROM THE CMAP PROCUREMENT OFFICER. CHANGES MADE WITHOUT PRIOR WRITTEN APPROVAL WILL NOT BE REIMBURSED.

SECTION 3: Submittal Requirements

Submissions should be submitted in the order presented:

1. Identify the Consultant team that will be involved in this project. Include a narrative describing the team’s combined qualifications and strengths. Clearly identify the project manager, specify the role of subcontractors and describe the team’s structure for leadership, support and accountability. Each individual with time on the project should be identified, their qualifications outlined and their role defined whether they work for the lead firm or a subcontractor.

2. Provide a narrative proposal of the approach and techniques the applicant will use to complete the entire scope of services. The proposal must include a clear and concise work plan for achieving the identified tasks and preparing the required deliverables. Refer to the discussion of individual tasks in Section 2 of this RFP to identify specific components of each task that CMAP expects to be delineated in the proposal. The discussion of each task must also be accompanied by an estimate of the cost and Consultant staffing requirements and timeline for completion for that specific task.

3. Provide at least three examples of similar work that the Consultant has completed. Specify the client, the date completed and the approximate cost of each example. Provide references for each project including the individual contact name and phone number of project managers who are willing and able to comment on the proposed project manager’s ability to produce a quality professional product on time and within budget.

4. Submit the “Price Proposal Form,” Attachment 1 (printed and Excel file), with all proposed pricing for this project. Specify number of hours, hourly rates for relevant staff with the individuals identified, and any other expenses in the estimation of cost.

5. Sign and submit the “Certificate Regarding Workers’ Compensation Insurance,” Attachment 2, the “Information to be provided by Bidder,” Attachment 3, and “FTA Certification Regarding Lobbying” Attachment 4.

Submission of Proposals

Proposals must be submitted to CMAP no later than 3:00 p.m. on September 30, 2020 via email to pdubernat@cmap.illinois.gov.
SECTION 4: Contractual Agreement and Rights

Contractual Agreement

The contract CMAP anticipates awarding as a result of this RFP and subsequent rate submissions and negotiations, if any, will indicate the service requirements, time periods involved and applicable hourly rates. In addition, it will include the General Provisions, Section 5 hereto, and Special Provisions, Section 6 hereto, which will apply to the contract.

Reservation of Rights

CMAP reserves the following rights if using them will be more advantageous to CMAP:

1) Withdraw this RFP at any time without prior notice
2) Accept or reject any and all submissions, or any item or part thereof
3) Postpone qualifications due date
4) Not award a contract to any submitter responding to this RFP
5) Award a contract without negotiations or discussions

SECTION 5: General Provisions

The following provisions apply to the solicitation to which this section is attached and to any contract that results from the solicitation. Signatories of this Agreement certify that these conditions and procedures and terms and the conditions and procedures specific to this project will be adhered to unless amended in writing.

1) Complete Agreement.
   a) This Agreement (which also may be herein referred to as "Contract"), including all exhibits and other documents incorporated or referenced in the agreement, constitutes the complete and exclusive statement of the terms and conditions of the agreement between CMAP and Contractor and it supersedes all prior representations, understandings and communications. The invalidity in whole or in part of any term or condition of this Agreement shall not affect the validity of other terms or conditions.
   b) Order of Precedence: Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the executed contract, including its exhibits; (2) the provisions of the RFP on which the contract is based including any and all Addendums; (3) the proposal submitted to CMAP by the Contractor in response to said RFP; and (4) any other documents cited or incorporated herein by reference.
   c) CMAP's failure to insist in any one or more instances upon the performance of any terms or conditions of this Agreement shall not be construed as a waiver or relinquishment of CMAP's right to such performance by the Contractor or to future performance of such terms or conditions and Contractor's obligation in respect thereto shall continue in full force and effect. Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work.
or the cost thereof. Any failure by the Contractor to do so will not relieve it from responsibility for successfully performing the work without additional expense to CMAP.

d) CMAP assumes no responsibility for any understanding or representations made by any of its officers, employees or agents prior to the execution of this Agreement, unless such understanding or representations by CMAP are expressly stated in this Agreement.

e) Changes: CMAP may from time to time order work suspension or make any change in the general scope of this Agreement including, but not limited to changes, as applicable, in the drawings, specifications, delivery schedules or any other particulars of the description, statement of work or provisions of this Agreement. If any such change causes an increase or decrease in the cost or time required for performance of any part of the work under this Agreement, the Contractor shall promptly notify CMAP thereof and assert its claim for adjustment within thirty (30) days after the change is ordered. A written amendment will be prepared for agreement between CMAP and the Contractor for changes in scope, time and/or costs. No amendments are effective until there is a written agreement that has been signed by both parties. No claim by the Contractor for equitable adjustment hereunder shall be allowed if asserted after final payment under this Agreement.

f) Changes to any portion of this Agreement shall not be binding upon CMAP except when specifically confirmed in writing by an authorized representative of CMAP.

g) Only the Executive Director of CMAP, or designee, shall have the authority to act for and exercise any of the rights of CMAP as set forth in this Agreement, subsequent to and in accordance with the authority granted by CMAP's Board of Directors.

h) For its convenience, CMAP reserves the right to extend the Term of this agreement. Any changes to the Term of this Agreement shall not be binding until specifically confirmed in writing by authorized representatives of both parties.

2) Independent Contractor. Contractor's relationship to CMAP in the performance of this Agreement is that of an independent contractor. Contractor's personnel performing work under this Agreement shall at all times be under Contractor's exclusive direction and control and shall be employees of Contractor and not employees of CMAP. Contractor shall pay all wages, salaries and other amounts due its employees in connection with this Agreement and shall be responsible for all reports and obligations respecting them, including, but not limited to, social security, income tax withholding, and unemployment compensation, workers' compensation insurance and similar matters.

3) Assignment.

a. This agreement shall be binding upon, and inure to the benefit of, the respective successors, assigns, heirs, and personal representatives of CMAP and Contractor. Any successor to the Contractor's rights under this Agreement must be approved by CMAP unless the transaction is specifically authorized under federal law. Any successor will be required to acquiesce to all the terms, conditions and requirements of the Agreement as a condition precedent to such succession.

b. The Contractor shall not assign any interest in this Agreement and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of CMAP hereto, provided, however, that claims for money due or to become due to the Contractor from CMAP under this Agreement may be assigned to a bank, trust company or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished to CMAP.
4) **Availability of Appropriation (30 ILCS 500/20-60).** This Agreement is contingent upon and subject to the availability of funds. CMAP, at its sole option, may terminate or suspend this Agreement, in whole or in part, without penalty or further payment being required, if the Illinois General Assembly, the state funding source, or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason. The contractor will be notified in writing of the failure of appropriation or of a reduction or decrease.

5) **Allowable Charges.** No expenditures or charges shall be included in the cost of the Project and no part of the money paid to the Contractor shall be used by the Contractor for expenditures or charges that are: (i) contrary to provisions of this Agreement or the latest budget approved by a duly-authorized official of CMAP; (ii) not directly for carrying out the Project; (iii) of a regular and continuing nature, except that of salaries and wages of appointed principal executives of the Contractor who have not been appointed specifically for the purposes of directing the Project, who devote official time directly to the Project under specific assignments, and respecting whom adequate records of the time devoted to and services performed for the Project are maintained by the Contractor may be considered as proper costs of the Project to the extent of the time thus devoted and recorded if they are otherwise in accordance with the provisions hereof; or (iv) incurred without the consent of CMAP after written notice of the suspension or termination of any or all of CMAP's obligations under this Agreement.

6) **Method of Payment.**

Project expenditures are paid directly from federal and/or state funds. Because CMAP is responsible for obtaining federal reimbursement for project expenditures, it is necessary that CMAP monitor all procedures and documents which will be used to claim and support project-related expenditures. The following procedures should be observed to secure payment:

b) Based on services performed, CONTRACTOR may submit invoices as frequently as once a month, but is required to submit invoices no later than fifteen (15) days after the end of each quarter. Failure to submit such payment request timely will render the amounts billed an unallowable cost for which the CONTRACTOR cannot be reimbursed. CMAP is committed to reducing paper use and has established an electronic invoicing system. All invoices are to be submitted through email to:

   accounting@cmap.illinois.gov

   All invoices shall be signed by an authorized representative of the CONTRACTOR

c) Subject to the conditions of this Agreement, CMAP will honor invoices in amounts deemed by it to be proper to insure the carrying out of the approved scope of services and shall be obligated to pay the Contractor such amounts as may be approved by CMAP. Invoices shall detail expenses and amount of time spent on CMAP assignments. If an invoice is not acceptable, CMAP shall promptly provide the Contractor a written statement regarding its ineligibility or deficiencies to be eliminated prior to its acceptance and processing. All invoices for services performed and expenses incurred by CONTRACTOR for the services of this Agreement must be presented to CMAP no later than fifteen (15) days after the end of this Agreement. Notwithstanding any other provision of this Agreement, CMAP shall not be obligated to make payment to CONTRACTOR on invoices presented after said date. No payments will be made for services performed prior to the effective date of this Agreement. All payments will be transferred electronically to Contractor's business bank account. The successful Contractor will be requested to provide transfer numbers for the business bank account when the contract is finalized, in addition to a copy of its IRS W-9 (Request for Taxpayer Identification Number and Certification).
d) Each invoice and report submitted must contain: the contract number, a unique vendor invoice number, a description of the services performed, the hourly rates and number of hours worked for each contractor, an itemization of travel and other costs which are chargeable to the contract and the following certification by an official authorized to legally bind the CONTRACTOR:

By signing this payment request, I certify that to the best of my knowledge and belief that the payment request is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of this contract. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).

e) The Contractor is required to pay all subcontractors within thirty days of receiving payment for that portion of the work from CMAP. Failure to pay subcontractors within thirty days may jeopardize future CMAP contract awards.

7) Conflict of Interest. In order to avoid any potential conflict of interest, the Contractor agrees during the term of this Agreement not to undertake any activities which could conflict directly or indirectly with the interest of CMAP. Contractor shall immediately advise CMAP of any such conflict of interest. CMAP shall make the ultimate determination as to whether a conflict of interest exists.

8) Audits. The records and supportive documentation for all completed projects are subject to an on-site audit by CMAP. CMAP reserves the right to inspect and review, during normal working hours, the work papers of the CONTRACTOR in support of their invoices.

a. The Contractor and its Subcontractor, under this Agreement shall preserve and produce upon request of the authorized representatives of CMAP all data, records, reports, correspondence and memoranda of every description of the CONTRACTOR and its Subcontractors, if any, under this Agreement relating to carrying out this Agreement for the purposes of an audit, inspection or work review for a period of three (3) years after completion of the project, except that:

i. If any litigation, claim or audit is started before the expiration of three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.

ii. Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.

The CONTRACTOR shall include a provision in all of its subcontracts, if any, such provisions.

10) Subcontracts.

a. Any subcontractors or outside associates or contractors required by the Contractor in connection with the services covered by this Agreement will be limited to such individuals or firms as were specifically identified and agreed to during negotiations. Any substitutions in or additions to such subcontractors, associates or contractors will be subject to the prior approval of CMAP.

b. All subcontracts for work under this Agreement shall contain those applicable provisions which are required in this Agreement.
c. The Contractor may not subcontract services agreed to under this Agreement without prior written approval of CMAP.

11) **Equipment Inventory.** An inventory of non-expendable personal property having a useful life of more than two years and an acquisition cost of $500 or more is subject to periodic inspection by CMAP.

12) **Suspension.** If the CONTRACTOR fails to comply with the special conditions and/or the general terms and conditions of this Agreement, CMAP may, after written notice to the CONTRACTOR, suspend the Agreement and withhold further payments or prohibit the CONTRACTOR from incurring additional obligations of funds pending corrective action by the CONTRACTOR. If corrective action has not been completed within sixty (60) calendar days after service of written notice of suspension, CMAP shall notify the CONTRACTOR in writing that the Agreement has been terminated by reason of default in accordance with paragraph 14 hereof. CMAP may determine to allow such necessary and proper costs which the CONTRACTOR could not reasonably avoid during the period of suspension provided such costs meet the provisions of the U.S. Office Management and Budget 2 CFR 200 in effect on the date first above written.

13) **Termination.**

a. This Agreement may be terminated in whole or in part in writing by either party in the event of substantial failure (hereinafter termed “Termination by Default”) by the other party to fulfill its obligations under this Agreement through no fault of the terminating party, provided that no such termination may be affected unless the other party is given (i) not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to Termination by Default, and (ii) an opportunity for consultation with the terminating party prior to Termination by Default.

b. This Agreement may be terminated in whole or in part in writing by CMAP for its convenience (hereinafter termed “Termination for Convenience”), provided that the CONTRACTOR is given not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate.

c. If Termination by Default is effected by CMAP, an equitable adjustment in the price provided for in this Agreement shall be made, but (i) no amount shall be allowed for anticipated profit on unperformed services or other work, and (ii) any payment due to the CONTRACTOR at the time of termination may be adjusted to the extent of any additional costs occasioned to CMAP by reason of the CONTRACTOR’S default. If Termination by Default is effected by the CONTRACTOR, or if Termination for Convenience is effected by CMAP, the equitable adjustment shall include a reasonable profit for services or other work performed. The equitable adjustment for any termination shall provide payment to the CONTRACTOR for services rendered and expenses incurred prior to termination, in addition CMAP may include cost reasonably incurred by the CONTRACTOR relating to commitments which had become firm prior to termination.

d. Upon notice of termination action pursuant to paragraphs (a) or (b) of this clause, the CONTRACTOR shall (i) promptly discontinue all services affected (unless the notice directs otherwise) and (ii) deliver or otherwise make available to CMAP all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by the CONTRACTOR in performing this Agreement, whether completed or in process.
e. Upon termination pursuant to paragraphs (a) or (b) of this clause, CMAP may take over the work and prosecute the same to completion by agreement with another party otherwise.

f. In the event the CONTRACTOR must terminate this Agreement due to circumstances beyond its control, the termination shall be deemed to have been effected for the convenience of CMAP. In such event, adjustment of the price provided for in this Agreement shall be made as provided in paragraph c of this clause.

14) **Patents and Copyright Responsibility.**

a. The Contractor agrees that any material or design specified by the Contractor or supplied by the Contractor pursuant to this Agreement shall not infringe any patent or copyright and the Contractor shall be solely responsible for securing any necessary licenses required for patented or copyrighted material used by the Contractor.

b.
