REQUEST FOR PROPOSALS (RFP) NO. 246 PUBLIC OPINION POLL

The Chicago Metropolitan Agency for Planning (CMAP) invites consultants to submit proposals for RFP 246 Public Opinion Poll, as described in this scope of work. Please read each section carefully for information regarding the qualifications and submittal instructions.

SECTION 1: Background and General Information

About CMAP

The Chicago Metropolitan Agency for Planning (CMAP) is our region's official comprehensive planning organization. The agency and its partners have developed ON TO 2050, a comprehensive plan that builds upon its predecessor, GO TO 2040, to help the seven counties and 284 communities of northeastern Illinois implement strategies that address community, prosperity, the environment, governance and mobility. See www.cmap.illinois.gov for more information.

General Information

As a result of responses to this RFP, CMAP plans to review submissions and conduct interviews with selected consultants it determines can best meet the requirements outlined below. Negotiations will be held on both the scope and the cost to select the consultant that CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided. Subject to "Reservation of Rights" below, it is anticipated that a contract with CMAP will be awarded for the work described. The contract awarded will be for a period of one year, with two one-year options for renewal.

SECTION 2: Scope of Services and Procurement Details

Project background

In 2015, CMAP began to develop ON TO 2050 with its many partners and stakeholders. The three-year process featured extensive research, analysis, and public engagement. The resulting plan is guided by three principles: inclusive growth, resilience, and prioritized investment. The plan was adopted in 2018 and builds on the agency's first comprehensive regional plan, GO TO 2040.

Because CMAP is the designated metropolitan planning organization for northeastern Illinois, the region's long-range transportation plan is part of ON TO 2050. The data-driven plan also includes the region's official socioeconomic forecast for population, employment, and other factors. This information helps CMAP evaluate regionally significant projects, complete air-quality conformity modeling, understand future needs of communities in the region, and provide needed technical assistance.

Project description

CMAP seeks to have a public opinion survey conducted among residents of its seven-county region to

gauge support for critical recommendations from the ON TO 2050 plan. Survey findings will be used to prioritize policy recommendations, refine brand positioning and messaging to stakeholders, and garner media coverage and a broader awareness about ON TO 2050.

The successful firm will conduct the survey to ensure a statistically valid representative sample of the region. Survey questions will be developed with input from across the agency, with particular involvement from relevant subject matter experts, the government affairs staff, and three working groups focused on transportation, climate change, and the regional economy.

CMAP will develop a comprehensive communication plan to leverage the results to garner local and regional publicity of the agency as well as ON TO 2050 and its recommendations. CMAP may release parts of the survey at different times to coincide with reports, seasonal news, and other relevant events. CMAP will release some of the survey results at the State of the Region event in fall 2021. The public opinion poll could become an annual survey to gauge and track support over time.

CMAP anticipates that the ideal project team may consist of a team of firms, organizations, and/or individuals, with complementary expertise to ensure all qualifications are met. CMAP intends to enter into a contract with a designated lead firm, which is ultimately responsible for the timely delivery of quality products and all other contractual obligations.

Expected project activities and deliverables

CMAP is seeking proposals from qualified firms with experience in conducting public opinion polls, engaging with the public, and developing strategic recommendations for communications, messaging, and brand positioning.

Scope of Services

This RFP seeks assistance for polling and public opinion research services including:

- Development of the survey instrument proposed for a public opinion poll and the methodology to be employed for a statistically valid sampling of the region. The survey must be made available in English and Spanish.
- Data collection for the survey.
- The process for conducting and interpreting the public opinion poll, including the sample size based on demographics for northeastern Illinois. Include methods used to mitigate language barriers.
- Coordination with CMAP to assess the results of the public opinion poll; discuss implications and related issues.
- A draft and final written report and presentation of results. The final report will include at a minimum the framework and methodology used; the tabulation of all calls and/or contacts made as part of the survey; the tabulation of survey results, key findings, and detailed findings (i.e., top-lines, and cross tabs); and conclusions and recommendations.
- If CMAP moves forward with a State of the Region event in October 2021, the scope of work will also include assistance in developing a presentation, key messaging, and other communication materials.

Submitted proposals must recommend a sample size and estimate of completed surveys that will yield a representative sample of the region's residents. This estimate will be the basis for all cost estimates included in the proposal.

The successful firm will deliver a draft report within 15 business days of completing interviews. After receiving feedback from CMAP staff, the firm will have 10 business days to revise and then issue a final report. In addition, CMAP may request a presentation for Communications staff and/or executive leadership, the board, or other agency representatives. Six (6) copies of the final report will be required along with an electronic copy.

All proposals should address the full scope of services. CMAP expects the proposal to clearly delineate roles, responsibilities, the schedule, and accountability for quality assurance of both technical and written deliverables. Specific team members must be accountable for producing quality written documentation.

Task 1: Develop survey work program and management plan

The successful firm conduct a kickoff meeting to discuss key elements of the work approach, identify major issues involved in data collection, and discuss methods for reporting work plan progress to CMAP. The firm will hold bi-weekly progress report meetings with CMAP. The proposals submitted in response to this RFP will identify tasks, milestones, deliverables, due dates, and personnel commitments in sufficient detail to develop a draft schedule, which will be finalized once the project commences.

Deliverables

- Conducted kickoff meeting
- Finalized work plan and schedule

Task 2: Design survey instruments and data collection procedures

The firm will design a survey instrument to obtain detailed information on the socioeconomic and demographic characteristics of residents living within the CMAP planning area and to gauge support for recommendations in ON TO 2050. Survey data will be collected for residents in the Illinois counties of Cook, DuPage, Kane, Kendall, Lake, McHenry and Will. The data to be collected includes race and ethnicity, as well as gender, income, age, employment status, and geography, etc. The socioeconomic and demographic data should be based on the 2014-2018 American Community Survey data.

The firm will also develop the multi-method data collection strategy used in conducting the survey and prepare all materials required to implement this strategy. This strategy should enable resident recruitment and survey participation by a variety of means. Regardless of the specific data collection method used by a respondent, overall consistency and quality must be maintained. Data collected through web-based interfaces must be stored on computer servers located in the United States. CMAP will not host any data collection website.

The firm should address the following items in the proposal:

- Describe the multi-method data collection strategy to be employed. This should include techniques to encourage reluctant residents to participate, approaches for communicating with residents who are difficult to contact, and techniques to improve response rates among hard-to-reach residents.
- Describe the data quality monitoring process. This should address the firm's methods for monitoring the quality of the data being collected, identify how missing data items will be handled, and identify when data imputation will be employed.
- Provide a schedule of contacts and reminders for the data collection process. This should detail each point in the recruitment and data collection process when a potential respondent will be contacted and by what means.

- Describe the outreach program to promote public awareness of the survey.
- Describe the media (i.e., toll-free telephone, website, etc.) that will be available to respondents so that they may verify the survey's legitimacy, obtain more information about it, or ask questions.

In coordination with CMAP staff, the firm will develop the final set of questions. CMAP will rely on the firm's subject matter expertise in public opinion survey design to identify and propose revisions to the questionnaire or recommend additional attributes that should be collected.

At a minimum, the firm will prepare all survey materials and media in English and Spanish and conduct interviews in the preferred language expressed by individual residents participating in this survey. The proposal should specifically address other languages the firm intends to use to conduct the survey. The firm will be responsible for all preparation, printing, and mailing of survey materials, and these expenses should be included in cost estimates.

The successful firm will also develop an outreach program promoting public awareness of the survey effort using various media venues as well as innovative methods to reach traditional low-response population groups. The content and branding for the outreach materials will be finalized in collaboration with CMAP.

Deliverables

- Finalized survey materials including questionnaires, scripts, and survey contact materials
- Technical memorandum describing the multi-method data collection strategy and process for the survey
- Technical memorandum describing the outreach program to promote public awareness of the survey

Task 3: Develop survey sampling plan

The firm will prepare a survey sampling plan for review and discussion with CMAP. In addition, the sampling plan should consider the need for augmented samples (i.e., residents who are recruited specifically for certain characteristics that are relatively rare in the local general population). These could include:

- Non-English speaking residents
- Residents who represent other special population groups

The proposal should include:

- The definition of the sampling frame for the survey. The firm should demonstrate an understanding of the sampling strategies to produce a representative sample for the region, the confidence level expected of the survey, and the geographically and demographically distinguishable features within the region that would influence opinions.
- The number of residents to be sampled and the expected number of completed surveys for each cell of the main survey sampling frame.

Deliverables

- Technical memorandum describing the survey sampling plan

Task 4: Implement resident survey

The survey interviews will be conducted over a period not to exceed three months. During this task, the firm will:

- Select and determine the sample of residents for the survey
- Interview the residents selected using the survey methods, materials, and procedures

Proposals should estimate the number of completed responses necessary to provide a statistically valid representation of the region's residents and base their cost estimates on that number.

The firm will provide CMAP with a progress report on survey activities and interim deliveries of edited, survey data files, in Excel or a CSV format, on a weekly basis. The files will include the respondent's socioeconomic and demographic data, their answers to the survey questions, and basic geographic information: municipality, zip code, and county. CMAP will use the interim data deliveries to perform ongoing review and acceptance of completed responses. This continuing review provides both CMAP and the firm the opportunity to make mid-course corrections and manage expectations.

Deliverables

- Data collection
- Interim survey data files provided on a weekly basis

Task 5: Develop survey data weights

The firm will develop and apply a weighting procedure that will compensate for response bias in the data and will expand the sample to be representative of the region at a specified level of geography. The region will be divided into eight areas: the City of Chicago, suburban Cook County, DuPage County, Kane County, Kendall County, Lake County, McHenry County, and Will County. The weighting scheme for the survey is related to how the survey design and the sampling plan are devised. For descriptive statistics, the desired design is one that will entail sophisticated and complex post-stratification weights using sound statistical methods. Sampling weights will be based on geographic and other stratification variables. Population proportions used to generate weighting and expansion factors will be based on the best available census data.

Deliverable

- Technical memorandum describing the final data weighting procedures and the proper use of weighting factors

Task 6: Prepare final survey report and data files

Within 15 business days of completing interviews, the firm will provide CMAP with a draft report documenting:

- The survey methods, questionnaire, and documents; interviewing outcomes; response rates; and notable events or factors affecting the survey.
- A discussion of basic survey results
- A user's guide to survey data files

CMAP will review and comment on the firm's draft final report. Upon receipt of CMAP's comments, the firm will have 10 business days to respond and make any necessary changes to the final report. In addition, the firm will provide the CMAP Board with a presentation summarizing the results of the final survey report.

The firm will also deliver with the draft final report: (1) the final, edited survey data files; and (2) all associated technical and supporting documentation for these data files.

Deliverables

- Draft and final survey reports
- Final survey datasets with corrective and expansion weighting factors and associated documentation
- Presentation to the CMAP Board summarizing the results of the final survey report

Work Plan and Schedule

- Provide demonstrated understanding of CMAP's needs and project scope; and describe past efforts to establish baseline perceptions and opinions regarding a variety of topics.
- Describe the recommended approach, suggested sample size, margin of error, research methodology, timeline, and work plan to include major and subtasks.
- Provide a management plan with a description of qualifications of the key personnel selected to lead the scope of services.
- Identify tasks the firm will perform versus tasks CMAP staff will perform or coordinate.
- Identify any suggested modification to the scope of services listed above.

Cost Proposal/Schedule of Fees

Provide an all-inclusive cost proposal for all proposed services, including incidental expenses.

- Include rates for all team members, the expected range of billable hours, and a "not to exceed" budget.
- Break out project costs and include all expenses that will be charged to CMAP.
- Identify how potential options regarding methodology, sample size, number of survey questions, and a survey conducted in English and Spanish could affect the cost
- Provide proposed incremental costs for any optional services, or other variability in services, particularly the cost for additional presentations beyond a minimum of three.

Actual scope, budget, and timeline for any activity will be developed using the hourly rates submitted in response to this RFP.

Signatories of this Agreement certify that these conditions and procedures and terms and the conditions and procedures specific to this project will be adhered to unless amended in writing.

1. Complete Agreement.
 - a. This Agreement (which also may be herein referred to as "Contract"), including all exhibits and other documents incorporated or referenced in the agreement, constitutes the complete and exclusive statement of the terms and conditions of the agreement between CMAP and Contractor and it supersedes all prior representations, understandings and communications. The invalidity in whole or in part of any term or condition of this Agreement shall not affect the validity of other terms or conditions.
 - b. Order of Precedence: Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the executed contract, including its exhibits; (2) the provisions of the RFP on which the contract is based including any and all Addendums; (3) the proposal submitted to CMAP by the Contractor in response to said RFP; and (4) any other documents cited or incorporated herein by reference. CMAP's failure to insist in any one or more instances upon the performance of any terms or conditions of this Agreement shall not be construed as a waiver or relinquishment of CMAP's right to such performance by the Contractor or to future performance of such terms or conditions and Contractor's obligation in respect thereto

shall continue in full force and effect. Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work or the cost thereof. Any failure by the Contractor to do so will not relieve it from responsibility for successfully performing the work without additional expense to CMAP.

- c. CMAP assumes no responsibility for any understanding or representations made by any of its officers, employees or agents prior to the execution of this Agreement, unless such understanding or representations by CMAP are expressly stated in this Agreement.
 - d. Changes: CMAP may from time to time order work suspension or make any change in the general scope of this Agreement including, but not limited to changes, as applicable, in the drawings, specifications, delivery schedules or any other particulars of the description, statement of work or provisions of this Agreement. If any such change causes an increase or decrease in the cost or time required for performance of any part of the work under this Agreement, the Contractor shall promptly notify CMAP thereof and assert its claim for adjustment within thirty (30) days after the change is ordered. A written amendment will be prepared for agreement between CMAP and the Contractor for changes in scope, time and/or costs. No amendments are effective until there is a written agreement that has been signed by both parties. No claim by the Contractor for equitable adjustment hereunder shall be allowed if asserted after final payment under this Agreement.
 - e. Changes to any portion of this Agreement shall not be binding upon CMAP except when specifically confirmed in writing by an authorized representative of CMAP.
 - f. Only the Executive Director of CMAP, or designee, shall have the authority to act for and exercise any of the rights of CMAP as set forth in this Agreement, subsequent to and in accordance with the authority granted by CMAP's Board of Directors
 - g. For its convenience, CMAP reserves the right to extend the Term of this agreement. Any changes to the Term of this Agreement shall not be binding until specifically confirmed in writing by authorized representatives of both parties.

Contractor shall pay all wages, salaries and other amounts due its employees in connection with this Agreement and shall be responsible for all reports and obligations respecting them, including, but not limited to, social security, income tax withholding, and unemployment compensation, workers ' compensation insurance and similar matters.
3. Assignment.
- a. This agreement shall be binding upon, and inure to the benefit of, the respective successors, assigns, heirs, and personal representatives of CMAP and Contractor. Any successor to the Contractor's rights under this Agreement must be approved by CMAP unless the transaction is specifically authorized under federal law. Any successor will be required to accede to all the terms, conditions and requirements of the Agreement as a condition precedent to such succession.
 - b. The Contractor shall not assign any interest in this Agreement and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of CMAP hereto, provided, however, that claims for money due or to become

due to the Contractor from CMAP under this Agreement may be assigned to a bank, trust company or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished to CMAP.

4. Availability of Appropriation (30 ILCS 500/20-60). This Agreement is contingent upon and subject to the availability of funds. CMAP, at its sole option, may terminate or suspend this Agreement, in whole or in part, without penalty or further payment being required, if the Illinois General Assembly, the state funding source, or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason. The contractor will be notified in writing of the failure of appropriation or of a reduction or decrease.
5. Allowable Charges. No expenditures or charges shall be included in the cost of the Project and no part of the money paid to the Contractor shall be used by the Contractor for expenditures or charges that are: (i) contrary to provisions of this Agreement or the latest budget approved by a duly-authorized official of CMAP; (ii) not directly for carrying out the Project; (iii) of a regular and continuing nature, except that of salaries and wages of appointed principal executives of the Contractor who have not been appointed specifically for the purposes of directing the Project, who devote official time directly to the Project under specific assignments, and respecting whom adequate records of the time devoted to and services performed for the Project are maintained by the Contractor may be considered as proper costs of the Project to the extent of the time thus devoted and recorded if they are otherwise in accordance with the provisions hereof; or (iv) incurred without the consent of CMAP after written notice of the suspension or termination of any or all of CMAP's obligations under this Agreement.
6. Method of Payment. Project expenditures are paid directly from federal and/or state funds. Because CMAP is responsible for obtaining federal reimbursement for project expenditures, it is necessary that CMAP monitor all procedures and documents which will be used to claim and support project-related expenditures. The following procedures should be observed to secure payment:
 - a. Based on services performed, CONTRACTOR may submit invoices as frequently as once a month, but is required to submit invoices no later than fifteen (15) days after the end of each quarter. Failure to submit such payment request timely will render the amounts billed an unallowable cost for which the CONTRACTOR cannot be reimbursed. CMAP is committed to reducing paper use and has established an electronic invoicing system. All invoices are to be submitted through email to:
 1. accounting@cmap.illinois.gov
 - b. All invoices shall be signed by an authorized representative of the CONTRACTOR
 - c. Subject to the conditions of this Agreement, CMAP will honor invoices in amounts deemed by it to be proper to insure the carrying out of the approved scope of services and shall be obligated to pay the Contractor such amounts as may be approved by CMAP. Invoices shall detail expenses and amount of time spent on CMAP assignments. If an invoice is not acceptable, CMAP shall promptly provide the Contractor a written statement regarding its ineligibility or deficiencies to be eliminated prior to its acceptance and processing. All invoices for services performed and expenses incurred by CONTRACTOR for the services of this Agreement must be presented to CMAP no later than fifteen (15) days after the end of this Agreement. Notwithstanding any other provision of this Agreement, CMAP shall not be obligated to make payment to CONTRACTOR on invoices presented after said date. No payments will be made for services performed prior to the effective date of this Agreement. All payments will be transferred electronically to Contractor's business bank account. The successful

Contractor will be requested to provide transfer numbers for the business bank account when the contract is finalized, in addition to a copy of its IRS W-9 (Request for Taxpayer Identification Number and Certification).

- d. Each invoice and report submitted must contain: the contract number, a unique vendor invoice number, a description of the services performed, the hourly rates and number of hours worked for each contractor, an itemization of travel and other costs which are chargeable to the contract and the following certification by an official authorized to legally bind the CONTRACTOR:
 - i. By signing this payment request, I certify that to the best of my knowledge and belief that the payment request is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of this contract. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).
 - e. The Contractor is required to pay all subcontractors within thirty days of receiving payment for that portion of the work from CMAP. Failure to pay subcontractors within thirty days may jeopardize future CMAP contract awards.
7. Conflict of Interest. In order to avoid any potential conflict of interest, the Contractor agrees during the term of this Agreement not to undertake any activities which could conflict directly or indirectly with the interest of CMAP. Contractor shall immediately advise CMAP of any such conflict of interest. CMAP shall make the ultimate determination as to whether a conflict of interest exists.
8. Audits. The records and supportive documentation for all completed projects are subject to an on-site audit by CMAP. CMAP reserves the right to inspect and review, during normal working hours, the work papers of the CONTRACTOR in support of their invoices.
9. Access to Records.
- a. The Contractor and its Subcontractor, under this Agreement shall preserve and produce upon request of the authorized representatives of CMAP all data, records, reports, correspondence and memoranda of every description of the CONTRACTOR and its Subcontractors, if any, under this Agreement relating to carrying out this Agreement for the purposes of an audit, inspection or work review for a period of three (3) years after completion of the project, except that:
 - i. If any litigation, claim or audit is started before the expiration of three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
 - ii. Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.
 - b. The CONTRACTOR shall include a provision in all of its subcontracts, if any, such provisions.
10. Subcontracts.
- a. Any subcontractors or outside associates or contractors required by the Contractor in connection with the services covered by this Agreement will be limited to such individuals or firms as were specifically identified and agreed to during negotiations. Any substitutions in or additions to such subcontractors, associates or contractors will be subject to the prior approval of CMAP.

- b. All subcontracts for work under this Agreement shall contain those applicable provisions which are required in this Agreement.
 - c. The Contractor may not subcontract services agreed to under this Agreement without prior written approval of CMAP.
- 11. Equipment Inventory. An inventory of non-expendable personal property having a useful life of more than two years and an acquisition cost of \$500 or more is subject to periodic inspection by CMAP.
- 12. Suspension. If the CONTRACTOR fails to comply with the special conditions and/or the general terms and conditions of this Agreement, CMAP may, after written notice to the CONTRACTOR, suspend the Agreement and withhold further payments or prohibit the CONTRACTOR from incurring additional obligations of funds pending corrective action by the CONTRACTOR. If corrective action has not been completed within sixty (60) calendar days after service of written notice of suspension, CMAP shall notify the CONTRACTOR in writing that the Agreement has been terminated by reason of default in accordance with paragraph 14 hereof. CMAP may determine to allow such necessary and proper costs which the CONTRACTOR could not reasonably avoid during the period of suspension provided such costs meet the provisions of the U.S. Office Management and Budget 2 CFR 200 in effect on the date first above written.
- 13. Termination.
 - a. This Agreement may be terminated in whole or in part in writing by either party in the event of substantial failure (hereinafter termed "Termination by Default") by the other party to fulfill its obligations under this Agreement through no fault of the terminating party, provided that no such termination may be affected unless the other party is given (i) not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to Termination by Default, and (ii) an opportunity for consultation with the terminating party prior to Termination by Default.
 - b. This Agreement may be terminated in whole or in part in writing by CMAP for its convenience (hereinafter termed "Termination for Convenience"), provided that the CONTRACTOR is given not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate.
 - c.
