

README: ON TO 2050 Local Strategy Map Layers

Description: This file contains eleven Local Strategy Map layers developed by CMAP for ON TO 2050. Each layer is its own .zip file in this archive. Within each .zip file you will find an ESRI shapefile, an ESRI layer package (.lpx) file, and .pdf documentation.

Not included in this collection is the Flood Susceptibility Index data; due to size limitations it is archived separately.
