

README: NIPC Historical Inventory of Solid Waste Disposal Sites in Northeastern Illinois

Description: The Northeastern Illinois Planning Commission (NIPC) developed a historical inventory of solid waste sites comprised of three parts: Lists of sites, Maps of locations of solid waste disposal sites, and a report, “Solid Waste Management in Northeastern Illinois, A Regional Update.”

The lists and maps contained in this archive were developed by NIPC; source materials used to create these materials are not in CMAP’s possession. For information about solid waste in northeastern Illinois we recommend that you contact the Illinois Environmental Protection Agency, Bureau of Land:
