3.7 Westmont – 2008 Village-wide Sidewalk Project (TIP ID 08-00-0012)
The Committee approved the scope change to the subject project removing the sidewalk segment on 60th Street from the approved scope.

4.0 Program Management

4.1 Consideration of FY 2007 and 2008 projects that have not met progress deadlines
Two projects were discussed that had not met their deadlines for obligation or JNR processing. They were the Chicago Department of Environment’s Diesel Fleet Retrofit Project Implementation (TIP ID 01-06-0074) and Lake Zurich’s -S Old Rand Rd and Surryse Rd Sidewalks (TIP ID 10-08-0001). The Committee asked staff to inform representatives for both projects that they may address the Committee at the February meeting and that their projects would be considered for funding withdrawal at that time.

4.2 CMAQ program management staff recommendations
Ross Patronsky led the Committee in a discussion on the December 29th update of the program management memorandum distributed at the November 14th meeting. Once approved by the MPO Policy Committee, the revised policies would impose clearer expectation of sponsors regarding timely implementation of their projects, stricter deadlines and would authorize the removal of delinquent projects from the program (i.e. withdrawal of project funding).

5.0 Public Comment
