

Two-Day ArcGIS Basic Workshop

Call for dates: 312-386-8686

Very small class size • Affordable price • Data source ideas for your own GIS projects

This two-day basic class in ArcGIS for Desktop Basic 10.1 will familiarize you with the ArcGIS interface, including key functions of ArcMap, ArcCatalog, and ArcToolbox.

Using local northern Illinois data, you will build projects to do GIS analysis while learning many ArcGIS functions including:

- ▶ selection by location & by attribute ▶ symbolizing features ▶ labeling ▶ joining tables
- ▶ spatial join ▶ definition query ▶ geocoding ▶ buffer ▶ clip ▶ intersect ▶ union
- ▶ digitizing a new feature ▶ using aerial photos ▶ creating a map layout ready to print

Sessions are held at the CMAP offices at:
233 South Wacker Drive
Suite 800, Willis Tower
Chicago, IL 60606

For more information and to register for the workshop, contact Jan Drennan at 312-386-8686, email at jdrennan@cmap.illinois.gov. **Cost is \$350 for the two-day workshop.**
