CMAP intends to enter into a partnership with the Chicago Community Trust on the Regional Comprehensive Plan, particularly in the areas of public engagement, development of indicators, and the treatment of issues such as public health and education in the plan. The Board of the Trust approved a Memorandum of Understanding and a financial commitment to CMAP at their board meeting on January 29. Staff will describe this proposed partnership in more detail. 9.0 **Regional Comprehensive Plan**  
For the past month, CMAP staff members have been working with our PR consultants, Amdur Spitz and Associates, to come up with a name and a brand for the regional comprehensive plan that CMAP is developing. We view this as a campaign that will continue far beyond developing the plan, the implementation of which will begin immediately after it is finalized in 2010. The name, brand and the rationale for its selection will be presented.

11.0 **CREATE**  
The CREATE partnership currently needs assistance in educating both users of freight and passenger rail about the current and forecasted future demand that will be placed on all modes of
transportation. CREATE will be seeking foundation support to finance this education effort. However, besides funding, significant support can be provided by agencies and boards such as CMAP to foster a better understanding of the need and benefits of the CREATE program. Staff will brief the Board on this effort. ACTION REQUESTED: Support for the CREATE educational program
