Selected Capital Additions

Strategic Regional Arterial System

See Inset for information on the various Strategic Regional Arterial System (SRA) corridors. The capital additions listed below are associated with System 2040, 2045, and 2050 planning years. The list includes projects that are currently under design, under construction, or have been completed. The purpose of this tool is to provide a clear and concise overview of the capital additions and their locations within the strategic regional arterial network.

Projects include a range of improvements such as new or expanded arterial streets, bridges, and other transportation enhancements. The information is designed to assist stakeholders in understanding the scope and impact of these projects on the regional transportation system.

For more detailed information, including project descriptions and timelines, please refer to the individual project documents and contact information provided. (Contact IDOT at 847-705-4090 or CMAP at 312-386-8649)
