

2021 Call for Planning Assistance – CMAP Award Recommendations – by Program

NEXT Program

CMAP will provide technical assistance to local governments to take the “next” steps in implementing existing Local Technical Assistance (LTA) plans by dedicating a CMAP staff member to facilitate prioritization, develop an action plan, and assist the community with execution. Five projects will be awarded.

1. Chicago Heights (cohort 4)
2. Lake County Land Bank Authority / Round Lake Cluster (cohorts 3 and 4)
3. Matteson (cohort 1)
4. Robbins (cohort 4)
5. Summit (cohort 4)

Resource, Opportunity, Impact (ROI) Program

CMAP will provide technical assistance to local governments to prepare for grant opportunities by establishing consensus on priority transportation projects, identifying next steps for implementation, and providing resources for municipalities to seek out and manage grant funding. Six projects will be awarded.

1. Dolton (cohort 4)
2. Harvey (cohort 4)
3. Lansing (cohort 3)
4. Marengo (cohort 3)
5. University Park (cohort 4)
6. Waukegan (cohort 4)

Capital Improvement Programming

CMAP will provide technical assistance to local governments to evaluate existing capital planning processes and provide recommendations to facilitate the development of a transparent, strategic, impactful, and successful Capital Improvement Program (CIP). Seven projects will be awarded.

1. Berwyn (cohort 4)
2. Burlington (cohort 3)
3. Calumet Park (cohort 4)
4. Harvard (cohort 4)
5. Lynwood (cohort 4)
6. Steger (cohort 4)
7. Thornton (cohort 3)

Safety Planning

CMAP will provide technical assistance to local governments to develop design studies and action plans to address vehicular, pedestrian, and bicycle safety challenges in their communities. Topics, where applicable, can include the impacts of at-grade rail crossings, intersection flooding, and Americans with Disabilities Act (ADA) compliance. Five projects will be awarded.

1. Bellwood (cohort 4)
2. Calumet City (cohort 4)
- 3, 4, and 5. Riverdale (cohort 4)

Consortium on Public Space Innovation

CMAP will provide technical assistance to local governments to address the shared challenges in their communities through peer relationships, information sharing, and collaboration on solutions. To do this, a dedicated CMAP staff member will facilitate discussions and supply subject matter and administrative support around the creative use of public space in response to COVID-19. Four communities will be included in this consortium two with low capacity and two with high capacity to share best practices. Results from the consortium will be shared with communities region wide.

1. Berkeley (cohort 3)
2. Harvey (cohort 4)
3. Lemont (cohort 1)
4. Morton Grove (cohort 1)

2021 Call for Planning Assistance – CMAP Award Recommendations by Community

1. Bellwood (cohort 4) Safety Planning
2. Berkeley (cohort 3) Consortium on Public Space Innovation
