CMAP Board
MPO Policy Committee

From: Dolores Dowdle
Deputy Executive Director, Finance and Administration

Date: June 3, 2015

Re: FY 2016 Unified Work Program (UWP)

The Unified Work Program (UWP) lists the planning projects the Chicago Metropolitan Agency for Planning (CMAP) and other agencies undertake each year to enhance transportation in northeastern Illinois and to fulfill federal planning regulations. The UWP time frame is consistent with the State of Illinois fiscal year, which starts July 1. The final UWP document includes the transportation planning activities to be carried out in the region, detailing each project's description, products, costs and source of funding.

On March 5, the UWP Committee approved a proposed FY 2016 Unified Work Program, totaling \$21,155,358. This includes \$16,757,725 in FHWA and FTA regional planning funds and \$4,397,633 in local match funds. Attached is the summary of the allocation of funding and awarded projects.

ACTION REQUESTED: Recommend approval of the FY 2016 Unified Work Program

Executive Summary

Unified Work Program Executive Summary

The Fiscal Year 2016 (FY 2016) Unified Work Program (UWP) for transportation planning for northeastern Illinois programs a total expenditure of \$21,155,358 in metropolitan planning funds from the Federal Transit Administration (FTA), the Federal Highway Administration (FHWA), state and local sources. The program is fiscally constrained, as the new budget totals are within the IDOT estimated funding marks. The FY 2016 UWP programs \$16,757,725 in FHWA/FTA funds and \$4,397,633 in state or local sources to provide for the necessary matching funds.

The UWP was developed through the UWP Committee of the Chicago Metropolitan Agency for Planning (CMAP). The eight voting members of the UWP committee are the City of Chicago, CTA, Metra, Pace, CMAP, RTA, the Council of Mayors and the counties. IDOT chairs the committee and votes in instances of a tie. Non-voting members include IEPA, FHWA and FTA. Member agencies of the UWP Committee traditionally receive UWP funding, but any other MPO Policy Committee member agency can submit proposals or sponsor submissions from other entities.

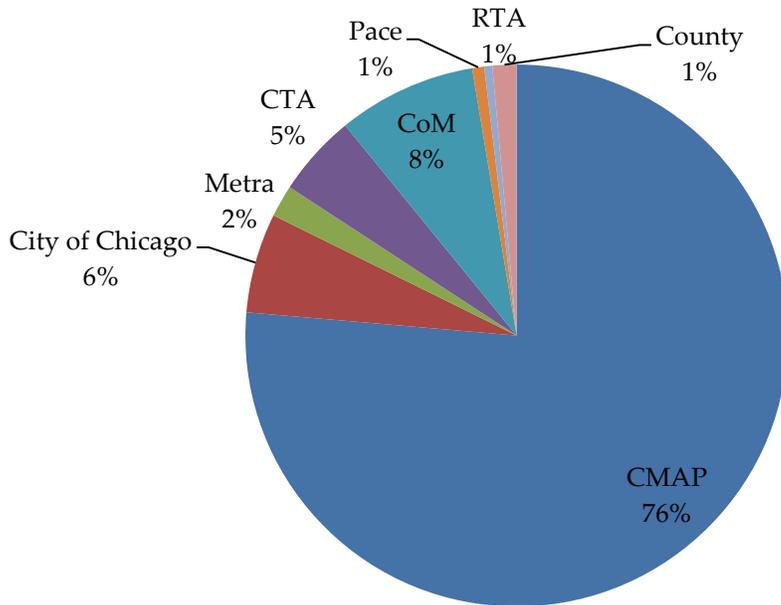

The FY 2016 UWP is a one-year program covering the State of Illinois fiscal year from July 1, 2015 through June 30, 2016. The UWP Committee developed the FY 2016 program based on the UWP funding mark for the metropolitan planning area. A final figure for the FY 2016 program will not be available until Congress has passed the reauthorization bill this spring. Project selection was guided using a two-tiered process. The initial tier funded core elements, which largely address the MPO requirements for meeting federal certification of the metropolitan transportation planning process. The second tier, a competitive selection process, programmed the remaining funds based upon a set of FY 2016 regional planning priorities developed by the UWP Committee in concert with the Transportation Committee, MPO Policy Committee and CMAP Board. The UWP Committee also utilizes a quantitative scoring process to evaluate project submissions in the competitive round.

The UWP is submitted to CMAP's Transportation Committee, which recommends approval of the UWP to the Regional Coordinating Committee and the MPO Policy Committee. The Regional Coordinating Committee recommends approval of the UWP to the CMAP Board. Approval by the MPO Policy Committee signifies official MPO endorsement of the UWP. FY 2016 UWP funds will be programmed to CMAP, CTA, the City of Chicago, Regional Council of Mayors, Metra, Pace, RTA and Kane County. The program continues to be focused on the implementation of three major pieces of legislation: the Clean Air Act Amendments of 1990; the Americans with Disabilities Act; and the Moving Ahead for Progress in the 21st Century Act (MAP-21).

Funding by Agency

Figure 1 shows the share of FY 2016 UWP funds programmed to each agency.

FIGURE 1: Share of FY 2016 UWP Funds by Agency

CMAP is receiving 76% of the FHWA PL and FTA section 5303 funds to implement the region's long range plan GO TO 2040, support local planning efforts, collect, analyze, and disseminate transportation data, support required MPO activities such as the TIP and Congestion Management Process, perform a range of transportation studies, provide technical assistance, and engage in coordinated regional outreach. CMAP, in coordination with RTA, will be administering the Community Planning Program and will allocate part of the funds to RTA depending on the project purpose.

The CTA, Metra, and Pace are receiving 5%, 2%, and 1% of the funds, respectively, for program development, participation in the regional planning process, and to perform studies and analytical work related to their systems. In the competitive round, CTA received funding for a study to Expand Brown Line Core Capacity.

The City of Chicago is receiving 6% of the funds for transportation planning and programming and assessing the south Lakefront and Museum Campus Access Alternatives and Feasibility.

The Regional Councils of Mayors are receiving 8% of the funds. The Council of Mayors Planning Liaison (PL) program is responsible for serving as a general liaison between CMAP and local elected officials. PLs also facilitate the local Surface Transportation Program (STP) process and monitor other transportation projects from various funding sources.

Kane County is funded for their County Long Range Transportation Planning program.

The Regional Transit Authority (RTA) is receiving 1% of the funds for the community planning program staff.

Brief Synopses of FY 2016 Recommended UWP Projects

MPO Activities

Purpose: CMAP is responsible for the implementation of the region's long range plan GO TO 2040; supporting local planning efforts; collecting, analyzing and disseminating transportation data; supporting required MPO activities such as the TIP and Congestion Management Process; performing a range of transportation studies; providing technical assistance; and engaging in coordinated regional outreach. Some of the major areas to be addressed in this program include transportation financing and tax policy, the connections between transportation and economic development (with a focus on the freight industry), housing/job access, and legislative and policy analysis efforts. CMAP provides regional forecasts and planning evaluations for transportation, land use and environmental planning.

\$15,396,819

Community Planning Program

Purpose: CMAP will provide planning assistance to local governments to undertake planning activities that integrate transportation – particularly transit – with land use and housing. Projects will be selected through a competitive application process administered jointly by CMAP and the Regional Transportation Authority (RTA). CMAP will sub allocate to RTA for projects with a heavy transit focus.

\$600,000

Chicago Metropolitan Agency for Planning (CMAP)

**Agency Total:
\$15,996,819**

Program Development

Purpose: The program facilitates CTA's efforts to coordinate the provision of capital projects for customers in its service area to projects identified within the Chicago area regional five-year Transportation Improvement Program. Major tasks include: Develop CTA's capital programs for inclusion in the five-year regional TIP; Identify and analyze potential capital projects for funding eligibility; Prioritize capital projects for inclusion in the CTA's capital program and the constrained TIP; Monitor capital program of projects progress and adjust as needed for amending or for inclusion into the TIP.

\$500,000

Expand Brown Line Core Capacity

Purpose: The purpose of this project is to provide support for conceptual planning for a Brown Line Core Capacity project, including expansion of Kimball Yard, signal upgrades, and infrastructure realignments to improve travel time.

\$525,000

Chicago Transit Authority (CTA)

**Agency Total:
\$1,025,000**

Transportation and Programming

Purpose: The purpose of this project is to support regional objectives by providing for the strategic participation of the City of Chicago in the region's transportation planning process including the development of the RTP and the

\$825,000

TIP, by identifying and developing potential transportation projects and policies and to provide technical analysis and other requested information to agencies, elected officials and the general public. Such policy, funding and planning assistance facilitates the full and effective participation of the City of Chicago in the regional planning process.

South Lakefront and Museum Campus Access Alternatives and Feasibility

Assessment: City of Chicago will assess alternatives and feasibility for adding new access points and stations to the existing McCormick Place Busway, transforming it into the South Lakefront Busway. **\$420,000**

City of Chicago	Agency Total: \$1,245,000
------------------------	--

Sub regional Transportation Planning, Programming and Management **\$1,938,539**

Purpose: The purpose is to provide for strategic participation by local officials in the region’s transportation process as required by MAP-21, the Regional Planning Act and future legislation and to support the Council of Mayors by providing STP, CMAQ, SRTS, BRR, HPP, ITEP and other program development and monitoring, general liaison services, technical assistance and communication assistance.

Council of Mayors	Agency Total: \$1,938,539
--------------------------	--

Program Development **\$400,000**

Purpose: This program helps facilitate Metra’s efforts in capital transit planning and administration. Metra is responsible for developing the capital and operating programs necessary to maintain, enhance, and expand commuter rail service in northeastern Illinois. Metra participates in the MPO process accordingly. Core element activities done by Metra include: regional transportation planning efforts; transit planning; private providers coordination; planning with protected populations; safety and security planning; facilitation of communication between local and regional governmental entities.

Metra	Agency Total: \$400,000
--------------	--

Rideshare Services Program **\$75,000**

Purpose: The Pace Rideshare program supports individuals and employers in the Northeastern Illinois region in forming carpools and vanpools to reduce single occupancy vehicle trips, thereby reducing traffic congestion and air pollution, as well as providing transportation to improve job accessibility. A critical component of the program involves strategic marketing that achieves critical mass to improve the matching potential of the participants.

TIP Development and Modeling **\$75,000**

Purpose: Pace will develop a fiscally constrained Pace bus Capital Improvement Program for the Northeastern Illinois region which is consistent with and supportive of the five-year regional TIP.

Pace	Agency Total: \$150,000
Regional Transit Planning Staff Support	\$100,000
Purpose: This project includes staff time for regional transit planning and programming efforts conducted by RTA staff.	
RTA	Agency Total: \$100,000
County of Kane, Long Range Transportation Plan	\$300,000
Purpose: The purpose is to update the socio-economic projections and modeling efforts for the Kane County's long range comprehensive planning efforts. The project will also include an extensive outreach effort.	
County Projects (Kane)	Agency Total: \$300,000
