HCD Committee Mission

To create a safe, healthy, vibrant, diverse and inclusive region where all residents contribute to the region's growth and have equal access to the region's assets...

HCD Committee Vision

- The benefits and burdens caused by the **region's investments and policies will be fairly distributed** to all parts of the region and among all residents...
- Decisions affecting community residents will be made with a **high degree of collaborative leadership and public participation**, with special emphasis on disenfranchised populations.

HCD Committee Charge

- To provide advisory input to CMAP staff and the CMAP Board to ensure that the **implementation of GO TO 2040 facilitates the achievement of the committee vision and encourages public participation**, especially from vulnerable populations, including people with disabilities, low income communities, people of color, and older residents.

Near-Term Initiatives of the Committee:

- Provide **input on Local Technical Assistance (LTA) program** project identification.
- Provide input to assist in scoping specific LTA projects.
- **Improve and coordinate, where possible, regional human and community development activities.**
