8.0 State Legislative Update
Highlights from the update included in the Board materials, as reported by Executive Director Randy Blankenhorn, were HB 14 that would allow ComEd to create a smart grid and allow rate increases to fund it resulted in a lengthy discussion by the board. A motion by Mayor Roger Claar was seconded by Mayor Marilyn Michelini to draft a letter to
ComEd and appropriate leadership of the General Assembly in support the infrastructure elements contained in HB 14.

Raising the issue of the Local Government Distributive Fund (LGDF) effort also evoked a strong discussion that resulted in a motion by Mayor Elliott Hartstein and seconded by Alan Bennett again to draft a letter to leadership taking a strong stand against any reduction or elimination of revenues being made to local governments. All in favor the motion carried.

Staff was asked to follow up regarding CMAP’s reported position of neutral versus support of HB 1606 that would create a Brownfields Redevelopment Intermodal Promotion Act.

9.0 Other Business

Board Member Dan Shea reported on a series of meetings that had been held in McHenry County recently that seemed to reflect a disconnect with CMAP and MPC and the counties outside the core regarding groundwater. Shea also suggested that three bills related to the consolidation of districts do not seem to take into account the various special districts that exist in the region. A motion by President Rick Reinbold was seconded by Mayor Marilyn Michelini to draft a letter to the General Assembly addressing the matter. All in favor the motion carried.

There was no other business before the CMAP Board.
