

U.S. Department
of Transportation

**Federal Highway
Administration**

Memorandum

Subject: **INFORMATION**: National Highway
System Modifications—Multiple Counties,
Illinois

Date: August 29, 2018

From: Shari Schafflein *FOR*
Director
Office of Human Environment

In Reply Refer To: HEPH-20

To: Catherine Batey
Division Administrator (HDA-IL)
Springfield, IL

We have reviewed the Illinois Department of Transportation's submittal requesting National Highway System (NHS) route modifications in Cook, DuPage, Kane, Kendall, Lake, and Will Counties, Illinois. The proposed changes include adding segments to improve NHS connectivity, removing segments no longer classified as principal arterials, and making technical corrections to the NHS map record. As the requests comply with 23 CFR 470, I hereby approve the following changes to Illinois' NHS identified in the enclosed table.

The listed technical correction segment lengths are not tabulated in the "total miles added or deleted" summations; however, the FHWA will make the identified technical corrections adjustments to the FHWA NHS GIS record. We commend the State for working with their planning partners in submitting these requests. We will make corresponding updates to official NHS map record,

http://www.fhwa.dot.gov/planning/national_highway_system/nhs_maps/illinois/index.cfm. If you have any questions or comments, please contact Mike Neathery at (202) 366-1257.

cc: Betsy Tracy, IL Division
