**REQUEST FOR PROPOSALS (RFP) NO. 147 FROM CONSULTING FIRMS FOR A
COMPREHENSIVE PLAN FOR THE VILLAGE OF BROOKFIELD, ILLINOIS**

The Chicago Metropolitan Agency for Planning (CMAP) invites consultants to submit proposals to prepare a new Comprehensive Plan for the Village of Brookfield, as described in this scope of work. Please read each section carefully for information regarding the proposal and submittal instructions.

SECTION 1: Background and General Information

About CMAP

The Chicago Metropolitan Agency for Planning (CMAP) is the official regional planning organization for the northeastern Illinois counties of Cook, DuPage, Kane, Kendall, Lake, McHenry, and Will. CMAP developed and now leads the implementation of GO TO 2040, metropolitan Chicago's first comprehensive regional plan in more than 100 years. To address anticipated population growth of more than 2 million new residents, GO TO 2040 establishes coordinated strategies that help the region's 284 communities address transportation, housing, economic development, open space, the environment, and other quality-of-life issues. See www.cmap.illinois.gov for more information.

Project Background

CMAP is administering this project through its [Local Technical Assistance \(LTA\) program](#), which is designed to implement GO TO 2040 through assistance to local governments. Since the initiation of this program in 2011, CMAP has completed over 100 local planning projects, with 50 more currently underway. The purpose of the LTA program, , is to provide assistance to communities across the Chicago metropolitan region to undertake planning projects that advance the principles of GO TO 2040.

In addition to the core tasks related to creating the comprehensive plan as detailed in the RFP, the consultant may submit a maximum of two additional option(s) or enhanced elements to the core tasks. These options or enhancements are at the discretion of the consultants. These options may or may not be exercised based on the quality of the options and budgetary constraints.

General Information

As a result of responses to this RFP, CMAP plans to review submissions and conduct interviews with selected consultants it determines can best meet the requirements outlined below. Negotiations will be held on both the scope and the cost to select the consultant that CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided. Subject to "Reservation of Rights" below, it is anticipated that a contract will be awarded for the work described. The contract awarded will be for a period ending approximately twelve to fifteen months from contract initiation.

SECTION 2: Scope of Project and Procurement Details

Project Background

The Village of Brookfield, a community located in western Cook County, desires to develop a new Comprehensive Plan that provides long range planning guidance for the municipality. The last comprehensive plan was completed in 2004 and was primarily focused on the redevelopment of the community's commercial corridors and nodes, including transit-oriented development near the Village's three Metra stations on the BNSF line. Brookfield is looking for an updated comprehensive plan that not only provides commercial redevelopment strategies, but also addresses transportation, flood mitigation, public health, and neighborhood character issues and opportunities.

Brookfield is a predominantly residential suburb, with the vast majority of its tax base and assessed valuation of property being residential (88%). While this result in a tax base that is relatively stable, it does not grown much due to the built-out nature of the community. Moreover, given the small amount of non-residential property in Brookfield, the Village's revenue from state shared sales tax is small as well. Brookfield's total retail sales are around \$3,200 per capita versus \$10,500 per capita for the region as a whole and \$9,500 per capita for all of Cook County. In addition, Brookfield is not a home-rule municipality

(its population is around 19,000), so it has limited ability to increase tax revenues or impose other types of revenues/taxes.

Brookfield is home to the Brookfield Zoo, which draws an estimated 2.1 million visitors annually. Salt Creek flows through the community, largely within the Brookfield Zoo and Forest Preserves of Cook County, before it reaches the Des Plaines River just to the east of Brookfield's municipal boundary. However, significant amounts of developed lands are within the floodplain of the creek, inspiring the community's interest in stormwater management and flood prevention. The Metropolitan Water Reclamation District (MWRD) has a [Detailed Watershed Plan for the Lower Des Plaines River watershed](#) which makes several recommendations within Brookfield to reduce regional flooding. The Village has launched a [downspout disconnection program](#), partnered with MWRD to distribute rain barrels to residents, and updated their stormwater ordinance. The Village also has a bioswale on Monroe Avenue just west of Park Avenue. Given this work, the Comprehensive Plan will not require further investigation in this area, but should reflect the Village's ongoing implementation of stormwater management strategies.

In developing this plan, the Village is placing emphasis on building a plan that comprehensively addresses the issues and opportunities in the community. In addition, the Village envisions outreach activities that involve Brookfield's residents and stakeholders as an important component to obtain meaningful feedback about the future of the Village. Brookfield has successfully utilized [online engagement](#) in the development of the community's Open Space Plan.

To assist consultants in understanding Brookfield's current conditions, CMAP has assembled summary data tables consisting of demographic, economic, housing, and transportation information that is presented for Brookfield, Cook County, and the seven-county CMAP region ([CMAP Community Data Snapshot](#)).

Current Plans

Since the development of the Village's [2020 Master Plan](#), the Village has undertaken several other studies, which may provide a useful starting point for understanding the current realities of the Village. These include:

- [Brookfield TOD Zoning Update](#), (Initiated in May 2015)
 - RTA is assisting the Village with updating the zoning regulations in the three Metra station areas. The update will reflect land use policies, goals and objectives found in the adopted 2020 Master Plan. The revised zoning code will use the latest form-based methods and theories of development regulation to assist the Village in continuing to transform the environment surrounding the downtown Metra station into a model transit-oriented development. The consultant is currently working on a first draft of recommended regulations.
- [Brookfield Open Space Plan](#), (December 2014)
 - Funded through the [ComEd Green Region Grant Program](#), this plan assessed and identified park and open space needs, developed strategic, measurable, and obtainable recommendations, and developed a five-year action plan for implementation and funding.
- Connecting communities to the Des Plaines River (Expected completion Fall 2015).
 - Brookfield participated in the Chicago Wilderness project to identify existing green infrastructure as well as opportunity areas within the Des Plaines River watershed.

The comprehensive plan for Brookfield will build upon these previous efforts completed by the Village, and will look to other sources or more detailed information relevant to the Village.

Project Description

The Village of Brookfield is seeking to develop a new Comprehensive Plan that addresses the broad range of issues facing the Village. The new Comprehensive Plan will replace the current 2020 Master Plan and should incorporate the recommendations of other more recent studies listed above as well. The Village's 2020 Master Plan is considered obsolete due to the dramatic change in economy since its

creation and its focus on commercial corridors and nodes. The new Plan should address future growth and redevelopment in Brookfield while promoting the livability principles of CMAP's GO TO 2040 plan.

In addition to the essential components, the new Comprehensive Plan should also include coverage of the following key topic areas:

- **Economic Development.** The Village has a particular interest in increasing its commercial footprint by attracting new and diverse businesses that serve different areas of the community. Specifically, the comprehensive plan should take a closer look at two key commercial subareas – Ogden Avenue and Eight Corners, including Grand Boulevard. While economic development strategies in connection with the Brookfield Zoo are frequently mentioned, the Comprehensive Plan should investigate if and how that could be realistically operationalized. Other strategies include the community's proximity to the extensive natural resources present in the Cook County Forest Preserves as well as the Plank Road Meadow Boat Launch.
- **Bicycle and Pedestrian Circulation.** Increasing connectivity between major destinations, such as the three Metra stations, Brookfield Zoo, commercial nodes and corridors, schools and parks, and regional trails is a major consideration of the future comprehensive plan. In addition, the community is interested in building better connections to the regional trails along the Salt Creek and the Des Plaines River, as well as to neighboring municipalities. The Village would like a community-wide bike network and recommendations that would serve as the foundation for an in-depth study in the future.
- **Housing.** Brookfield's housing stock is a major asset of the community. As new housing development occurs, the comprehensive plan should outline policies and strategies to ensure that teardowns or new development on vacant land respond to both the neighborhood character as well as housing trends. In addition, the Village is seeking to identify opportunities for higher density residential development near the Village's three Metra stations.
- **Implementation.** The plan should include an implementation section which identifies feasible actions needed to implement the plan and a timeline with short and long term goals.

The contract for this project is expected to be approximately twelve to fifteen months in length, beginning in January 2016 and concluding in spring 2017.

Scope of Services

This scope of work seeks to prepare a Comprehensive Plan for the Village of Brookfield. The selected consultant will work under the direction of CMAP, but is expected to interact frequently with representatives of Brookfield through a steering committee. Consultants should expect the steering committee to meet at least 5 times over the duration of the project.

Expected project stages and activities are described below. Flexibility is provided to consultants in the specific format and contents of the deliverables that are produced (such as a single existing conditions report versus a series of topic-specific memos). Consultants are encouraged to produce deliverables that best fit the particular needs of Brookfield. Consultants should clearly identify their proposed deliverables in the proposal and should clearly tie these to the project activities described below.

Drafts of all deliverables should be provided to CMAP and the Village of Brookfield to allow sufficient time for review, consistent with CMAP's standards for deliverable review. Deliverables (drafts or final products) should be provided to CMAP and the Village at least two weeks before their release to a steering committee or the public.

Community and Stakeholder Engagement. The consultant should include a plan for public engagement in their proposal, understanding that Village staff will play a leading role in handling meeting logistics. Among the potential public engagement activities that should be considered (though not all are required to be included in the proposal) are key person interviews, an interactive website, updates to the Planning and Zoning Commission or at Village Board meetings, open houses, and public meetings; consultants are encouraged to propose other innovative public engagement methods as well.

Existing Conditions. The consultant should propose an approach to analyze key current conditions in the community. The format of the examination of existing conditions is left up to the consultant, but the materials should address demographics, land use and zoning, housing, transportation, economic conditions, environmental issues, and community services and infrastructure. Ultimately, it should include sufficient background to justify and explain the recommendations that are eventually made.

Vision and Goals. The consultant should propose an approach to developing a vision, goal, and/or objective statements for this project. These should not contain specific recommendations for action, but should provide general principles to be accomplished through the project. Consultants may propose to develop vision, goal, and/or objective statements as a stand-alone activity or as part of another project activity. Likewise, the vision, goal, and/or objective statements may be a separate deliverable, or included as part of another deliverable.

Key Recommendations. At approximately the midpoint of the project, before the preparation of the draft plan begins in earnest, consultants should be prepared to discuss the plan's expected recommendations. The purpose of this deliverable is to provide Brookfield and CMAP with a summary of key recommendations before much time is spent writing them up in detail; if there are significant problems with any elements of the plan, they should surface at this point. This can be done through preparing a brief memorandum, presentation, or similar document. The deliverable should be provided to relevant Brookfield and CMAP staff for review and comment; it may be appropriate to schedule a steering committee meeting to discuss these recommendations as well.

Draft Plan. The consultant should work with staff from the Village of Brookfield, CMAP, and the steering committee to analyze information and data from the existing conditions research, the community engagement process, and the response to the presentation of key recommendations; these elements should be used to develop the draft plan. The draft plan should address implementation, including actions which should be taken in the near future to advance its recommendations. Consultants have flexibility in the format and length of the draft plan, but should specify this clearly in the proposal. A meeting with CMAP's senior management will also be scheduled around the time of the development of the draft plan to discuss the directions and expected recommendations of the plan.

Final Plan. The consultant should prepare a final plan based on comments made regarding the draft plan by CMAP, Brookfield, stakeholders, and others. The Brookfield Planning and Zoning Commission will review the final plan, and ultimately, the Village Board will formally adopt the plan. Consultants should assume that a series of meetings would be necessary, including an initial presentation to the project steering committee, an informational open house, a formal public hearing, and presentations to the Planning and Zoning Commission and the Village Board. Some of these meetings may be able to occur concurrently; it is likely that the public hearing can occur at the Plan Commission meeting. The Village of Brookfield will require twenty-five (25) hard copies of the Final Plan and one (1) digital version. A copy of the Final Plan will be posted on the Village's website.

Implementation. Following project completion, CMAP may, at its discretion, enter into a two-year contract with the selected consultant to assist with implementation. This will be small-scale assistance, totaling no more than \$20,000 over the two-year period. Consultants should **not** include costs for implementation activities in their total project costs, either as part of the base proposal or the options.

Optional Scope Tasks

In addition to the core Comprehensive Plan tasks above, CMAP would like to consider additional or perhaps enhanced option(s) that the consultant would like to offer to enhance specific elements of this plan. Consultants may provide a maximum of two options. Each option may include as many or as few tasks and deliverables as the consultant would like, but the consultant should clearly specify the deliverables and cost associated with each option. These options are at the discretion of the consultants to include and could for example include (but are not limited to):

- Additional outreach meetings, enhanced project websites, or other public engagement activities.
- Renderings of future developments at key locations in the Village of Brookfield.
- Design guidelines for commercial areas along Ogden Avenue or Downtown (including guidelines for building design, location, streetscaping, business signage, parking areas, and pedestrian amenities).
- Wayfinding plan connecting the Hollywood Metra Station area, Brookfield Zoo, and Eight Corners.
- Design guidelines for integrating green infrastructure into the Brookfield context.
- Detailed market analysis and subarea plans for Ogden Avenue or Downtown.
- Other elements at the discretion of the contractor.

These options may or may not be exercised based on the quality of the options and budgetary constraints.

In addition, it will include the General Provisions, Section 5 hereto, and Special Provisions, Section 6 hereto, which will apply to the contract.

Reservation of Rights

CMAP reserves the following rights if using them will be more advantageous to CMAP:

- a. Withdraw this RFP at any time without prior notice.
- b. Accept or reject any and all submissions, or any item or part thereof
- c. Postpone qualifications due date.
- d. Not award a contract to any submitter responding to this RFP.
- e. Award a contract without negotiations or discussions.

Contractors who are or have been seriously deficient in current or recent contract performance in the absence of evidence to the contrary or circumstances properly beyond the control of the Contractor shall be presumed to be unable to meet these requirements. Past unsatisfactory performance will ordinarily be sufficient to justify a finding of non-responsibility.

SECTION 5: General Provisions

The following provisions apply to the solicitation to which this section is attached and to any contract that results from the solicitation:

1. Complete Agreement.

- a. This Agreement (which also may be herein referred to as "Contract"), including all exhibits and other documents incorporated or referenced in the agreement, constitutes the complete and exclusive statement of the terms and conditions of the agreement between CMAP and Contractor and it supersedes all prior representations, understandings and communications. The invalidity in whole or in part of any term or condition of this Agreement shall not affect the validity of other terms or conditions.
- b. Order of Precedence: Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the executed contract, including its exhibits; (2) the provisions of the RFP on which the contract is based including any and all Addendums; (3) the proposal submitted to CMAP by the Contractor in response to said RFP; and (4) any other documents cited or incorporated herein by reference.
- c. CMAP's failure to insist in any one or more instances upon the performance of any terms or conditions of this Agreement shall not be construed as a waiver or relinquishment of CMAP's right to such performance by Contractor or to future performance of such terms or conditions and Contractor's obligation in respect thereto shall continue in full force and effect. Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work or the cost thereof. Any failure by Contractor to do so will not relieve it from responsibility for successfully performing the work without additional expense to CMAP.
- d. CMAP assumes no responsibility for any understanding or representations made by any of its officers, employees or agents prior to the execution of this Agreement, unless such understanding or representations by CMAP are expressly stated in this Agreement.

- e. Changes: CMAP may from time to time order work suspension or make any change in the general scope of this Agreement including, but not limited to changes, as applicable, in the drawings, specifications, delivery schedules or any other particular of the description, statement of work or provisions of this Agreement. If any such change causes an increase or decrease in the cost or time required for performance of any part of the work under this Agreement, the Contractor shall promptly notify CMAP thereof and assert its claim for adjustment within thirty (30) days after the change is ordered. A written amendment will be prepared for agreement between CMAP and the Contractor for changes in scope, time and/or costs. No amendments are effective until there is a written agreement that has been signed by both parties. No claim by the Contractor for equitable adjustment hereunder shall be allowed if asserted after final payment under this Agreement.
 - f. Changes to any portion of this Agreement shall not be binding upon CMAP except when specifically confirmed in writing by an authorized representative of CMAP.
2. Chicago Metropolitan Agency for Planning Designee. Only the Executive Director of CMAP, or designee, shall have the authority to act for and exercise any of the rights of CMAP as set forth in this Agreement, subsequent to and in accordance with the authority granted by CMAP's Board of Directors.
3. Allowable Charges. No expenditures or charges shall be included in the cost of the Project and no part of the money paid to the Contractor shall be used by the Contractor for expenditures or charges that are: (i) contrary to provisions of this Agreement or the latest budget approved by a duly-authorized official of CMAP; (ii) not directly for carrying out the Project; (iii) of a regular and continuing nature, except that of salaries and wages of appointed principal executives of the Contractor who have not been appointed specifically for the purposes of directing the Project, who devote official time directly to the Project under specific assignments, and respecting whom adequate records of the time devoted to and services performed for the Project are maintained by the Contractor may be considered as proper costs of the Project to the extent of the time thus devoted and recorded if they are otherwise in accordance with the provisions hereof; or (iv) incurred without the consent of CMAP after written notice of the suspension or termination of any or all of CMAP's obligations under this Agreement.
4. Reports and Methods of Payment.
- a. Based on services performed, Contractor may submit invoices as frequently as once a month. CMAP is committed to reducing paper use and has established an electronic invoicing system. All invoices are to be submitted through email to:

accounting@cmap.illinois.gov
 - b. Subject to the conditions of this Agreement, CMAP will honor invoices in amounts deemed by it to be proper to insure the carrying out of the approved scope of services and shall be obligated to pay the Contractor such amounts as may be approved by CMAP. Invoices shall detail expenses and amount of time spent on CMAP assignments. If an invoice is not acceptable, CMAP shall promptly provide the Contractor a written statement regarding its ineligibility or deficiencies to be eliminated prior to its acceptance and processing.
 - c. All payments will be transferred electronically to Contractor's business bank account. The successful Contractor will be requested to provide transfer numbers for the business bank account when the contract is finalized.

5. Audit and Access to Records.

- a. The Contractor and its subcontracts under this Agreement shall preserve and produce upon request of the authorized representatives of CMAP all data, records, reports, correspondence and memoranda of every description of the Contractor and its subcontractors, if any, under this Agreement relating to carrying out this Agreement for the purposes of an audit, inspection or work review for a period of three (3) years after completion of the project, except that:
 - (1) If any litigation, claim or audit is started before the expiration of three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
 - (2) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.
- b. The Contractor shall include in all subcontracts, if any, under this Agreement a provision that CMAP will have full access to and the right to examine any pertinent books, documents, papers, and records of any such subcontractor involving transactions related to the subcontract for three (3) years from the final payment under that subcontract except that:
 - (1) If any litigation, claim or audit is started before the expiration of the three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
 - (2) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.

The term "subcontract" as used in this clause excludes purchase orders not exceeding \$2,500.

6. Suspension. If the Contractor fails to comply with the special conditions and/or the general terms and conditions of this Agreement, CMAP may, after written notice to the Contractor, suspend the Agreement and withhold further payments or prohibit the Contractor from incurring additional obligations of funds pending corrective action by the Contractor. If corrective action has not been completed within sixty (60) calendar days after service of written notice of suspension, CMAP shall notify the Contractor in writing that the Agreement has been terminated by reason of default in accordance with paragraph 11 hereof. CMAP may determine to allow such necessary and proper costs which the Contractor could not reasonably avoid during the period of suspension provided such costs meet the provisions of the U.S. Office Management and Budget Circular A-87 in effect on the date first above written.

7. Termination.

- a. This Agreement may be terminated in whole or in part in writing by either party in the event of substantial failure (hereinafter termed "Termination by Default") by the other party to fulfill its obligations under this Agreement through no fault of the terminating party, provided that no such termination may be affected unless the other party is given (i) not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to Termination by Default, and (ii) an opportunity for consultation with the terminating party prior to Termination by Default.
- b. This Agreement may be terminated in whole or in part in writing by CMAP for its convenience (hereinafter termed "Termination for Convenience"), provided that the Contractor is given not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate.
- c. If Termination by Default is effected by CMAP, an equitable adjustment in the price provided for in this Agreement shall be made, but (i) no amount shall be allowed for anticipated profit on

unperformed services or other work, and (ii) any payment due to the Contractor at the time of termination may be adjusted to the extent of any additional costs occasioned to CMAP by reason of the Contractor's default. If Termination by Default is effected by the Contractor, or if Termination for Convenience is effected by CMAP, the equitable adjustment shall include a reasonable profit for services or other work performed. The equitable adjustment for any termination shall provide payment to the Contractor for services rendered and expenses incurred prior to termination, in addition CMAP may include cost reasonably incurred by the Contractor relating to commitments which had become firm prior to termination.

- d. Upon notice of termination action pursuant to paragraphs (a) or (b) of this clause, the Contractor shall (i) promptly discontinue all services affected (unless the notice directs otherwise) and (ii) deliver or otherwise make available to CMAP all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by the Contractor in performing this Agreement, whether completed or in process.
 - e. Upon termination pursuant to paragraphs (a) or (b) of this clause, CMAP may take over the work and prosecute the same to completion by agreement with another party otherwise.
 - f. In the event the Contractor must terminate this Agreement due to circumstances beyond its control, the termination shall be deemed to have been effected for the convenience of CMAP. In such event, adjustment of the price provided for in this Agreement shall be made as provided in paragraph c of this clause.
8. Remedies. Except as may be otherwise provided in this Agreement, all claims, counterclaims, disputes and other matters in question between CMAP and the Contractor arising out of or relating to this Agreement or the breach thereof will be decided by arbitration. If the parties hereto mutually agree, a request for remedy may be sought from a court of competent jurisdiction within the State of Illinois, County of Cook.
9. Equal Employment Opportunity. The Contractor will comply with Executive Order 11246 entitled "Equal Employment Opportunity," as amended by U.S. Department of Labor regulations (41 CFR Part 60). In connection with the execution of this Agreement, the Contractor shall not discriminate against any employee or an applicant for employment because of race, religion, color, sex, national origin, ancestry, or physical or mental handicap unrelated to ability. The Contractor shall take affirmative actions to insure that applicants are employed and that employees are treated during their employment without regard to their race, religion, color, sex, national origin, ancestry, or physical or mental handicap unrelated to ability. Such actions shall include, but not be limited to, employment, promotion, demotion, transfer, recruitment, recruitment advertising, layoff, termination, rates of pay, other forms of compensation, and selection for training or apprenticeship. The Contractor shall cause the provisions of this paragraph to be inserted into all subcontractors work covered by this Agreement so that such provisions will be binding upon each subcontractor, provided that such provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.
10. Small and Minority Business Enterprise. In connection with the performance of this Agreement the Contractor will cooperate with CMAP in meeting its commitments and goals with respect to the maximum utilization of small business and minority business enterprises, and will use its best efforts to insure that small business and minority business enterprises shall have the maximum practicable opportunity to compete for subcontract work under this Agreement.
11. Political Activity. No portion of funds for this subcontract shall be used for any partisan political activity or to further the election or defeat of any candidate for public office.
12. Prohibited Interest.
- a. No officer or employee of CMAP and no member of its governing body and no other public official of any locality in which the Project objectives will be carried out who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of such objectives

shall (i) participate in any decision relating to any subcontract negotiated under this Agreement which affects his personal interest or the interest of any corporation, partnership or association in which he is, directly or indirectly, interested; or (ii) have any financial interest, direct or indirect, in such subcontract or in the work to be performed under such contract.

- b. No member of or delegate of the Illinois General Assembly or the Congress of the United States of America, and no federal Resident Commissioner, shall be admitted to any share hereof or to any benefit arising herefrom.

The inability of the CONTRACTOR to certify to the certification in this section will not necessarily result in denial of participation in this Agreement. The CONTRACTOR shall submit an explanation of why it cannot provide the certification in this section. This certification is a material representation of fact upon which reliance was placed when the DEPARTMENT determined whether to enter into this transaction. If it is later determined that the CONTRACTOR knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the DEPARTMENT may terminate this Agreement for cause. If the CONTRACTOR knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation, in addition to other remedies available to the federal government, the DEPARTMENT may terminate this Agreement for cause or default.

A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.

(d) *Exemption when Federal awards expended are less than \$750,000.* A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in §200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO).

(e) Except for the provisions for biennial audits provided in paragraphs (a) and (b), audits required by this part must be performed annually. Any biennial audit must cover both years within the biennial period.

(a) A state, local government, or Indian tribe that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits pursuant to this part biennially.
