MEMORANDUM

To: CMAP Board
From: CMAP Staff
Date: May 6, 2015
Re: State Legislative Update

On March 27, 2015, the State of Illinois enacted Public Act 99-0001 and Public Act 99-0002 to close gaps in the state budget for Fiscal Year 2015. Under Public Act 99-0001, appropriations for FY15 are reduced by 2.25 percent across line items funded by General Funds (i.e., the General Revenue Fund, Common School Fund, and Education Assistance Fund). Public Act 99-0002 transfers to the General Revenue Fund $1.3 billion from 106 special funds. Among the special fund sweeps are several accounts important to transportation programs that benefit northeastern Illinois, including $250 million from the Road Fund, $50 million from the State Construction Account Fund, $50 million from the Motor Fuel Tax Fund, and $10 million from the Grade Crossing Protection Fund. Staff analysis examined the provisions of the bill, fiscal impact, and potential implications of future infrastructure investments.

Following the introduction of over 6,000 bills, numerous initiatives have failed to meet legislative deadlines, including several bills previously reported to the Board. The deadline for substantive Senate bills to be out of committee in the House is Friday, May 8; House bills must be out of Senate committees by Friday, May 15. The third reading deadline for both chambers is Friday, May 22.

CMAP staff continues to monitor the progress and analyze bills with particular relevance to the agency. Bills included in the following pages of this memorandum either impact CMAP’s 2015 State Legislative Principles and Agenda or are of interest to CMAP and its partners.

Staff recommends the Board continue to support four bills that assist in the implementation of GO TO 2040 by providing consensus-driven processes to pursue local government consolidation, enabling the state to collect additional user fees for transportation, and supporting public transit.

ACTION REQUESTED: Approval
## May 2015 Legislative Summary

| County-led consolidation | HB229 | **Rep. Jack Franks** (D-Woodstock)  
**Sen. Pam Althoff** (R-McHenry)  
Provides McHenry and Lake counties with the power to dissolve a local government under certain conditions. Currently, only DuPage County has these powers, established by **PA 98-0126** signed into law in 2013. Also, requires the transfer of all former employees of the dissolved unit of government to the receiving unit and preserves those employees’ existing collective bargaining agreements.  
GO TO 2040 recommends analyzing the effects of consolidating local governments and sharing services. The bill would provide an avenue for additional counties to implement local government consolidation. | 4/28/2015  
**Senate**  
Referred to Assignments | Support |
| Coterminous township consolidation | SB40 | **Sen. Pamela Althoff** (R-McHenry)  
Provides a process by which a single township that is within a coterminous municipality could dissolve. Currently, only Evanston may use the process outlined in statute, **PA 98-127**. If a township were dissolved under this process, the coterminous municipality would have to take on its duties. If the municipality is coterminous with the township, there will likely be no township roads that need to be maintained. The municipality would have to provide general assistance programs and assessor services, which are only provided at the township level.  
GO TO 2040 recommends the consolidation of government, where appropriate. This legislation provides a process for combining a coterminous township and municipality, and promotes locally driven efforts to find potential efficiencies. | 2/19/2015  
**Senate**  
To Subcommittee on Governmental Operations  
(Note: Rule 2-10 establishes the 3rd Reading Deadline as May 15, 2015 for this bill.) | Support |

<tr>
<td>MFT on other fuels</td>
<td>SB1907</td>
<td>Sen. Don Harmon (D-Oak Park) Rep. Elaine Nekritz (D-Buffalo Grove) Amends the Motor Fuel Tax statute to include compressed natural gas, liquefied natural gas, and propane to the motor fuel tax base when used as motor fuel. Under the bill, compressed natural gas utilized as motor fuel would be taxed at a rate of 19 cents per gallon, like regular motor fuel, and liquefied natural gas or propane used as motor fuel would be taxed at a rate of 21.5 cents per gallon, just like diesel fuel. GO TO 2040 supports the implementation of user fees for transportation. This legislation would enhance the MFT’s ability to act as a use fee for road usage through broadening the base to include other types of motor fuel usage.</td>
