

An aerial night view of a city with glowing roads and a large body of water. The city lights are concentrated in the lower half of the image, while the upper half shows a dark, calm body of water. The overall color palette is dark blue and black, with bright white and yellow highlights from the city lights.

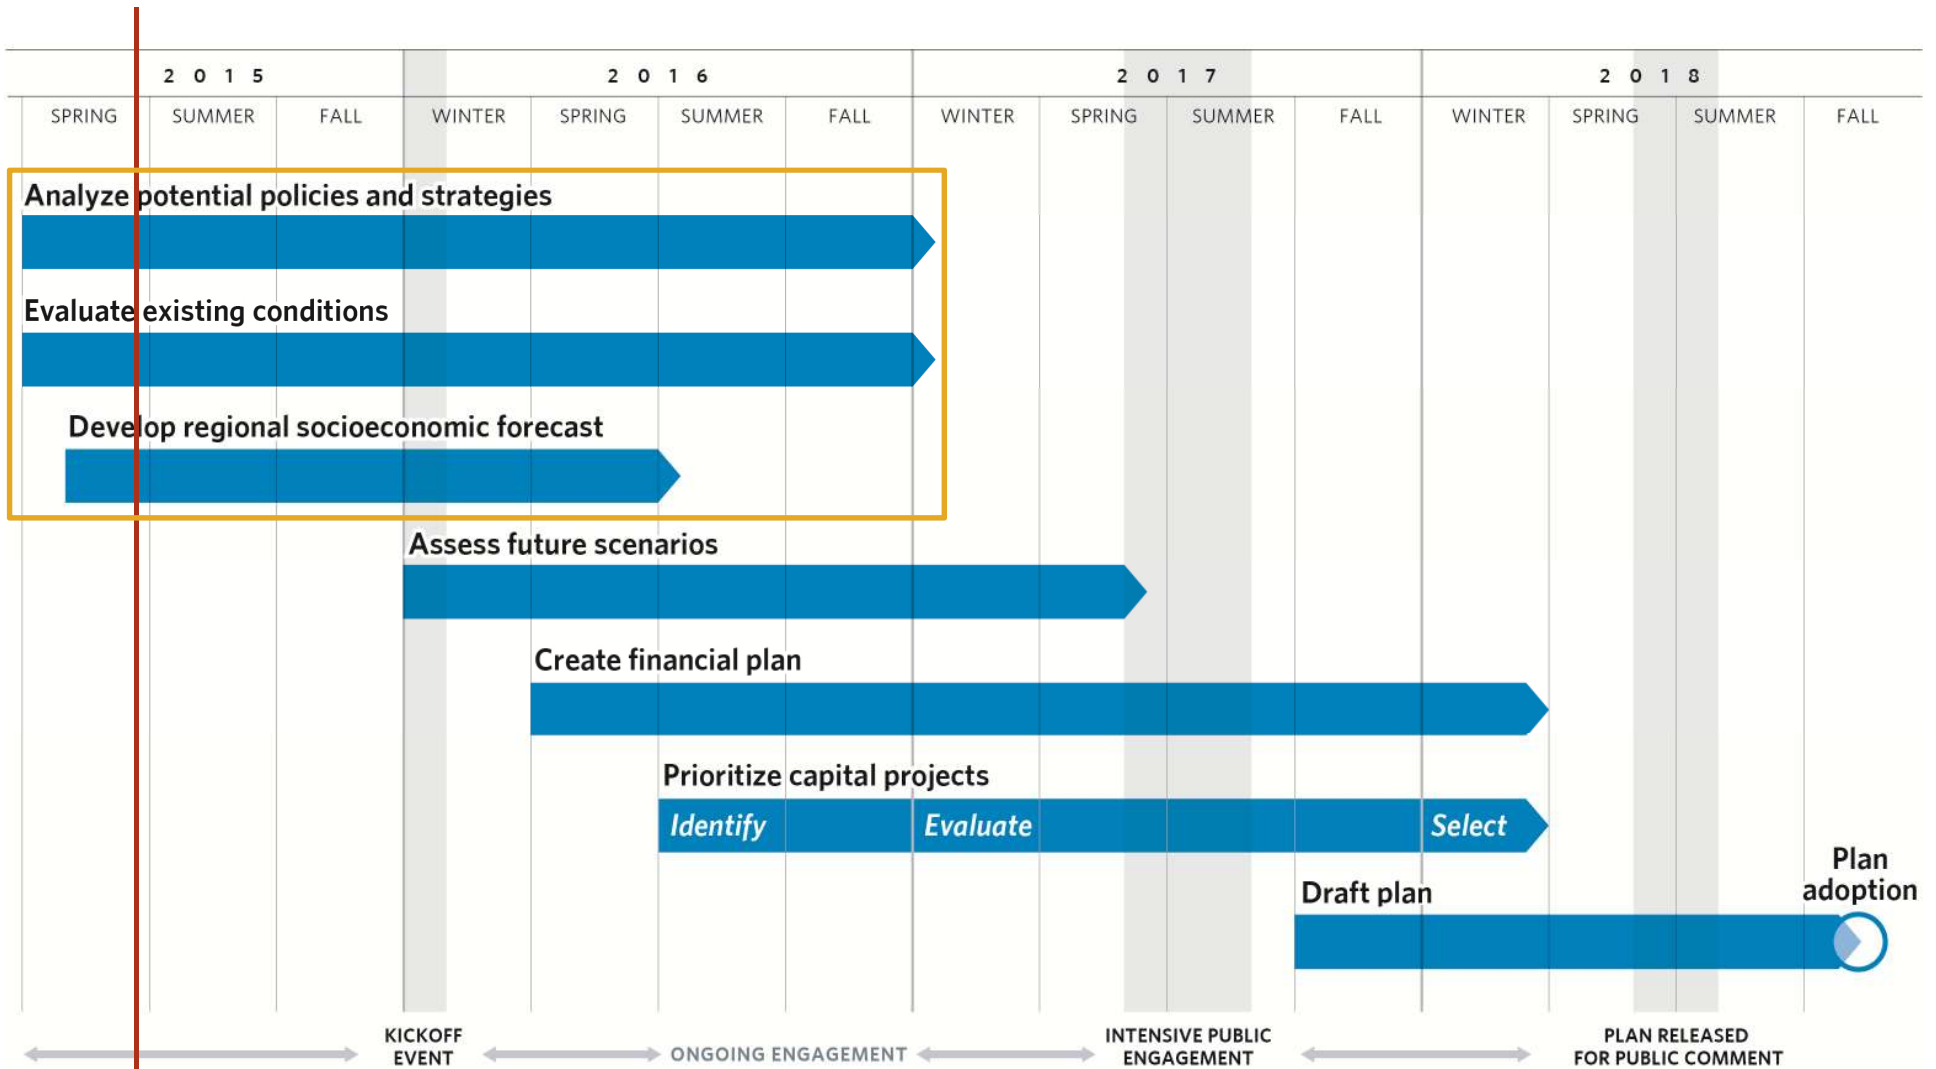

Next Comprehensive Regional Plan

Summary of planned activities in FY 16
Economic Development Committee
June 22, 2015

Overarching Goals

- Per CMAP Board's direction, build upon the strong foundation that GO TO 2040 provides
- Explore limited new policy areas supportive of CMAP's land use and transportation responsibilities
- Strive for greater specificity in the plan's policies:
 - Through refinement of existing policies
 - Through development of geographically oriented approaches that provide more guidance for implementers

Plan Development Timeline

We are here

Stakeholder Engagement

CMAP Committees

- Review and advise on projects within subject area at key points
- Provide additional guidance on projects with Resource Groups

Resource Groups*

- Denoted with an asterisk (*)
- Temporary group created for cross-committee topics and for subject areas new to CMAP
- Include current CMAP committee members as well as key stakeholders and topic area experts
- Inform specific strategy papers

Ongoing interviews, data requests, and communication with key stakeholders as needed

Upcoming Year's Activities: Snapshot Reports

Snapshot Reports

Data-driven existing conditions and trends analysis summarized in a brief (10-20 pp.) graphical report. Planned topics for FY16 include:

- Regional economic clusters and trends
- Infill and TOD trends
- Demographic trends
- Transportation network and trends
- Freight system trends

Upcoming Year's Activities: Strategy Papers

Strategy Papers

Exploration of refinements to GO TO 2040 policies or new policy areas in a medium-length (20-30 pp.) narrative format. Planned topics for FY16 include:

- Geographically based regional planning strategies*
- Comparative assessment of tax policies and land use trends*
- Reinvestment and infill strategies*
- Climate resilience*
- Inclusive growth*
- Undeveloped, agricultural, and natural areas*
- Regional approaches to housing supply and affordability
- Green infrastructure co-benefits
- Public health indicators and assessments*
- Transportation system funding concepts
- Emphasis areas for transportation: asset condition*, highway operations, transit modernization*

Near-Term Committee Touch Points

July – September 2015

- Purpose statements for Resource Groups
- Initial analysis & discussion
 - Regional economic clusters, Infill and TOD snapshots
 - Comparative assessment of tax policies and land use trends*
 - Reinvestment and infill strategies*
 - Climate resilience*
 - Undeveloped, agricultural, and natural areas*
 - Inclusive Growth
- Proposed framework for Geographically based regional planning strategies

An aerial night view of a city with a glowing network of lines overlaid on the map. The lines are white and blue, representing a network of roads or data connections. The city is illuminated with lights, and the surrounding area is dark. The word "Questions?" is written in white text on the left side of the image.

Questions?
