| 4.0 | <b>ON TO 2050: Draft regional priorities report</b> – Kristin Ihnchak, CMAP<br>CMAP has been gathering public feedback on regional challenges and opportunities as well as priority topics that should be addressed by the ON TO 2050 plan. To summarize that feedback and give insight on preliminary plan directions, CMAP staff have created a <a href="#">Regional Priorities Report draft</a> . Staff will share the initial priorities identified by the report and solicit committee feedback.<br>ACTION REQUESTED: <i>Information and discussion</i>                                                                                            |                  |
| 5.0 | <b>ON TO 2050: Introduction to alternative futures scenario planning</b> – Elizabeth Oo, CMAP<br>Scenario planning is a tool to help stakeholders determine preferred planning approaches, understand trends for the region, and assess different land use, economic, and transportation policies. CMAP staff will summarize the vision-driven scenario planning approach conducted for GO TO 2040, present the proposed alternative futures approach for ON TO 2050, and outline a schedule for scenario planning work in the next fiscal year (please see related memo <a href="#">here</a> ).<br>ACTION REQUESTED: <i>Information and discussion</i> |                  |
| 6.0 | <b>ON TO 2050: Infill and TOD snapshot update</b> – Evelyn Zwiebach, CMAP<br>As part of next plan development, CMAP is preparing an Infill and TOD Snapshot, which will provide an overview of existing conditions and trends since 2000 in infill and transit-oriented development in the region. CMAP staff will present findings, including an evaluation of progress towards                                                                                                                                                                                                                                                                        |                  |

development targets established in the 2014 update of GO TO 2040, and an examination of additional indicators of infill (such as changes in population, households, density, and housing units) throughout the region, as well as in transit-served areas.

**8.0 ON TO 2050: Climate resilience draft strategy paper** – Kristin Ihnchak, CMAP

The region is experiencing more frequent flooding and periods of extreme heat and drought from climate change. Through a resource group, CMAP has been exploring strategies to build regional resilience to anticipated climate change impacts. At the April Land Use Committee meeting, CMAP staff presented draft strategies for climate resilience. Staff will provide an update on the [draft strategy paper](#) and [figures](#), and request the committee's feedback.
