

## Tier 2 Consultation Meeting

November 4, 2004

10:00 AM

CATS Southeastern (Sun) Conference Room

### Agenda

1. Approval of the second draft May 4, 2004 and third draft June 30, 2004 meeting summaries

Consultation team approval will be sought.

2. 2030 RTP Update

Progress on the update to the long range transportation plan will be discussed.

3. 8-hour Conformity Schedule and required two-year TIP update

The consultation team will review the schedule and process for demonstrating conformity to the 8-hour ozone standard and updating the FY 2004-2009 TIP. The deadline for conformity to the 8-hour standard is June 15, 2005. Current federal planning rules require the FY 04-09 TIP to be updated by October 2005. The TIP update will be done concurrently with the demonstration of conformity to the 8-hour standard.

4. PM 2.5 Standard

Timing and processes to establish conformity to the PM 2.5 standard will be reviewed.

5. 2000 Census

Discussion on the status of the action items related to the Metropolitan Planning Area boundary and other 2000 Census issues will be held.

6. Projects of Air Quality Benefit

A brief discussion of this program to continue to monitor and report on projects that have air quality benefits will be held.

7. Other Business

8. Next Meeting
