

Tier 2 Consultation Meeting

Tuesday, April 22, 2003

1:00 PM

CATS Southeastern (Sun) Conference Room

Agenda

1. Approval of November 15 and December 19 meeting summaries
Consultation team approval will be sought.
2. Status of MOBILE6 Budgets
The consultation teams will be briefed on comments received at IEPA's hearing, the disposition of those comments and the final submittal of the budgets.
3. Status of Eight-hour standard
The status of the eight-hour standard will be discussed.
4. Analysis years for the conformity analysis of the 2030 RTP & the FY04-09 TIP
The consultation team established the analysis years prior to the 2002 1-hour ozone exceedances. The analysis years will be re-established.
5. Concurrent review of the Plan, TIP and Conformity Analysis documentation
Tier 2 consultation participants agreed in May of last year that concurrent review would occur, as has been the case in previous cycles. Availability of draft documentation and comments received to date will be discussed.
6. Fiscal constraint of the RTP
The consultation team will be briefed on the proposed approach to demonstrating fiscal constraint of the 2030 RTP. Agreement that the approach is appropriate under federal regulation will be sought.
7. Meeting with LADCO staff
IEPA, CATS and NIRPC staff met on April 11 with staff from the Lake Michigan Air Directors Consortium to discuss MOBILE6 issues. The consultation team will be briefed on the meeting.
8. Other business
9. Next Meeting
