

Municipal Plans, Programs, and Operations Survey: 2016 Results

Joint Economic Development
and Land Use Meeting
November 16, 2016

Background

- Biennial since 2010
- Conducted for two purposes:
 - To track progress toward reaching the goals of the region's **GO TO 2040** long-range comprehensive plan and in development of the next plan, **ON TO 2050**
 - To help develop appropriate support services for municipalities through, for example, the Local Technical Assistance (LTA) program
- Made available electronically & via U.S. Mail

Participating Municipalities

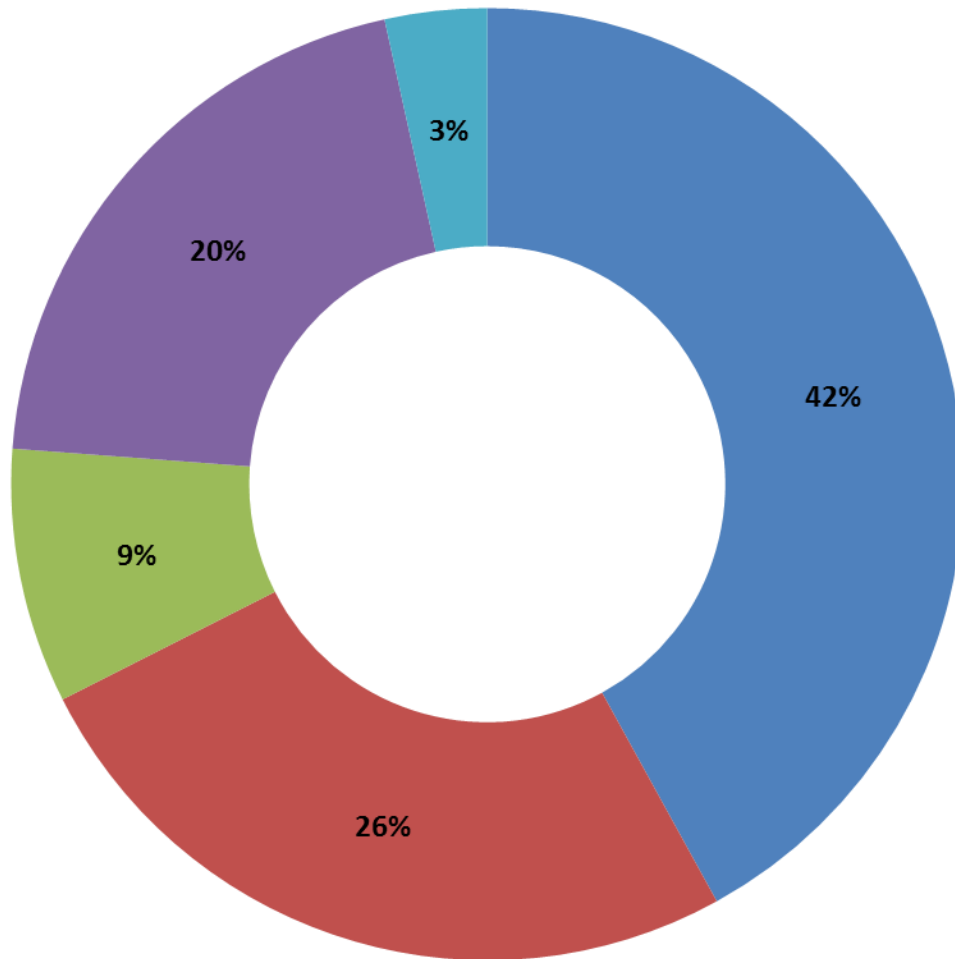

Response	2012	2014	2016
Number of Municipalities	184	177	231
Percent of all Municipalities in Region	64.7%	62.3%	81.3%

Survey Outreach

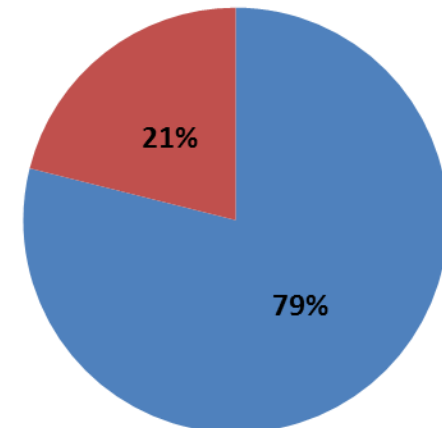

- Elected Officials and Municipal Staff were very responsive
- CMAP staff partnered with PLs to perform survey outreach to municipalities
- Every subregional council achieved a response rate of greater than **65%**

Over the next two years, would you say that **producing a plan** is a priority for your government?

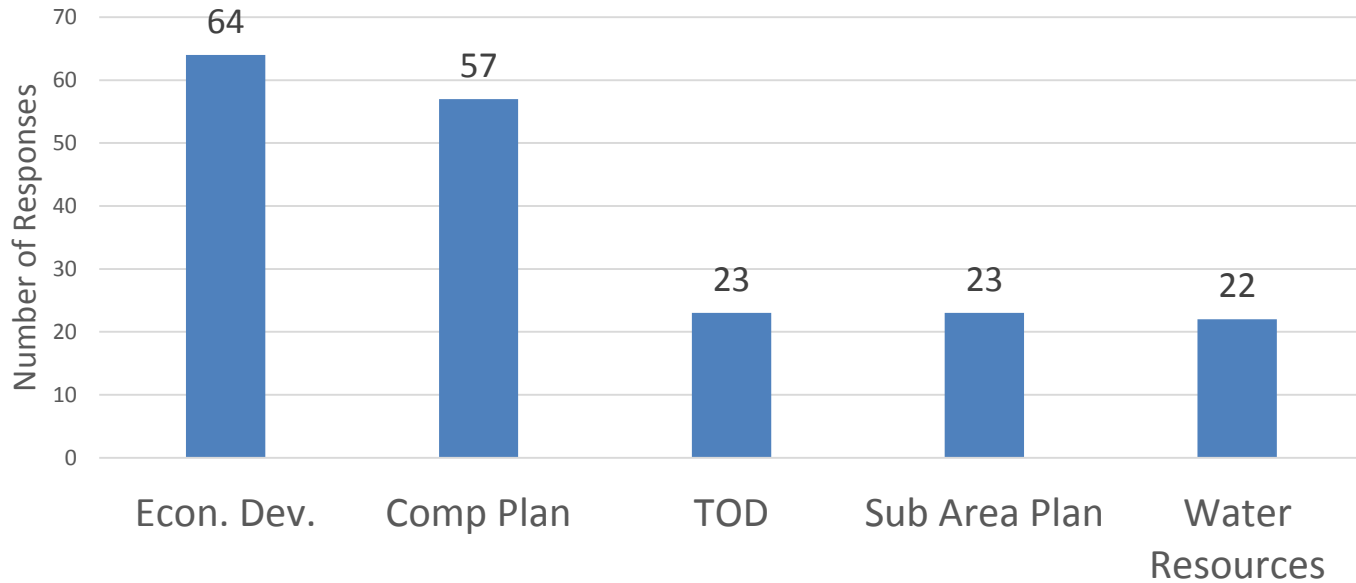

- Yes, High Priority (97)
- Yes, Middle Priority (59)
- Yes, Low Priority (20)
- No (47)
- No Response (8)

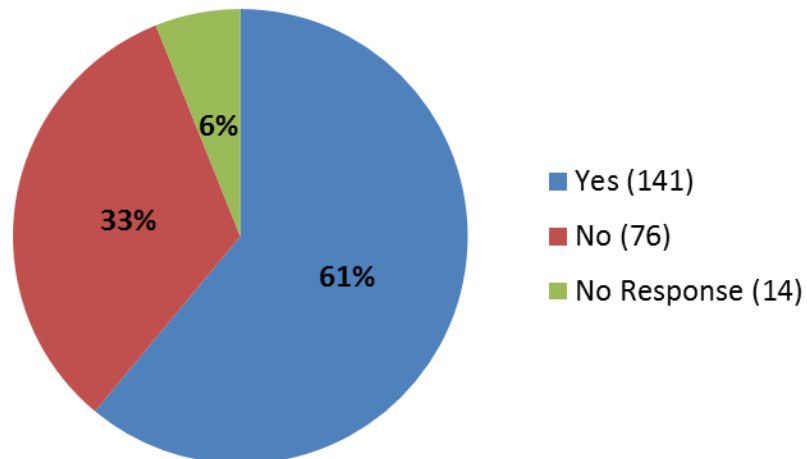

- "Yes" Responses (176)
- All Other Responses (47)

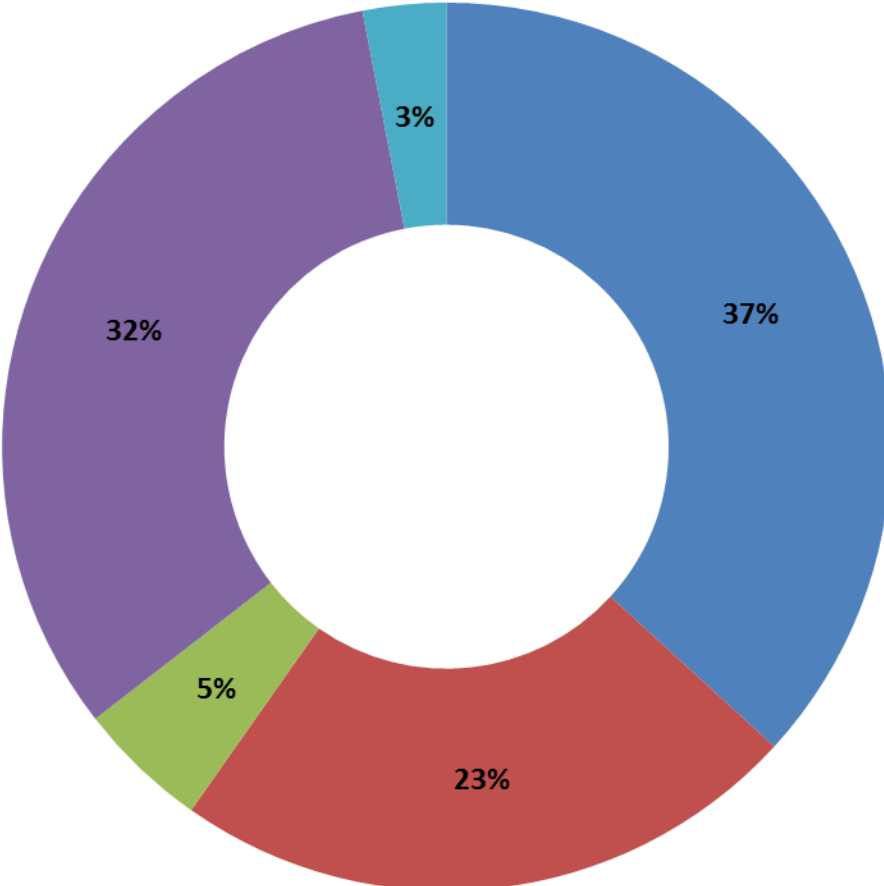

What type of plan(s)?

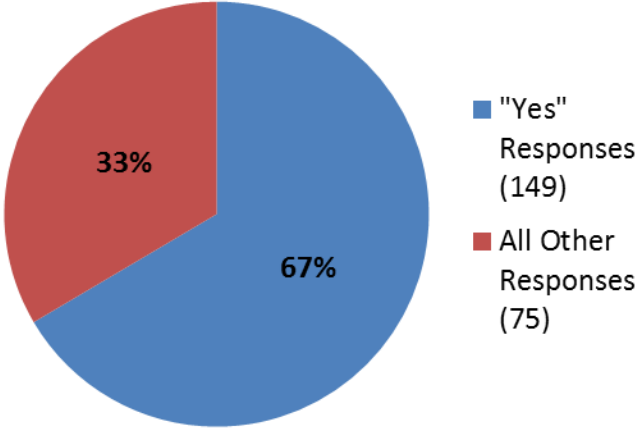

Would you be interested in receiving technical assistance from CMAP to support this effort?

Over the next two years, is **developing a new or revising an existing Code or ordinance pertaining to land use, development, or transportation** a priority for your government?

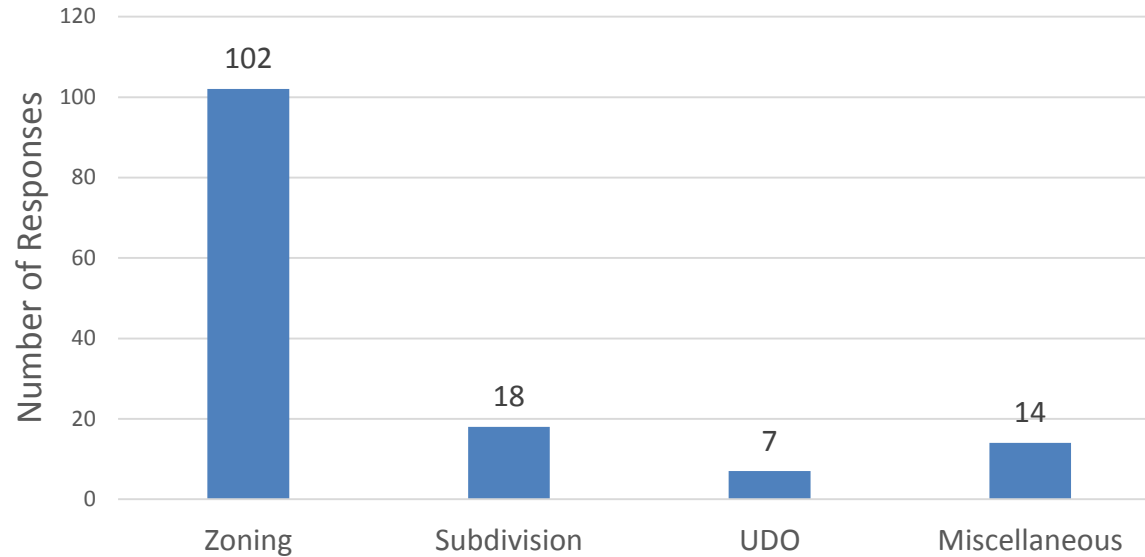

- Yes, High Priority (85)
- Yes, Middle Priority (53)
- Yes, Low Priority (11)
- No (75)
- No Response (7)

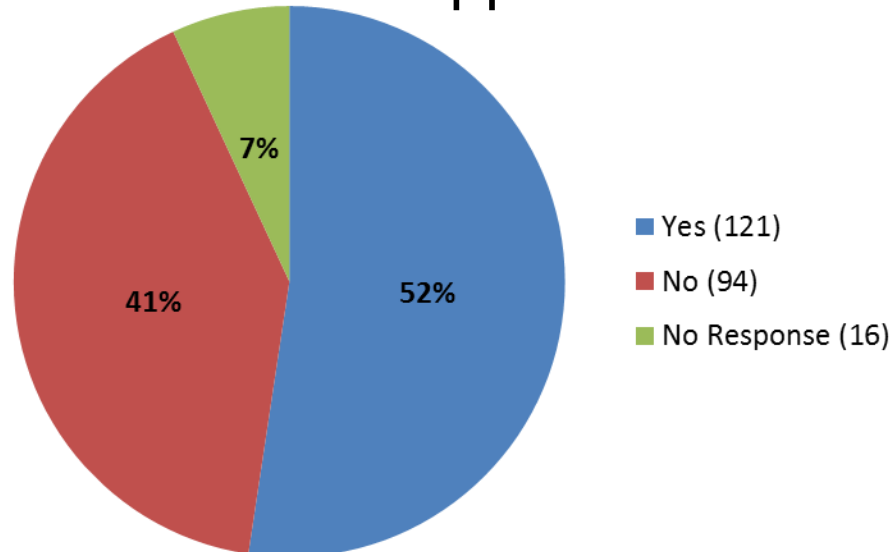

- "Yes" Responses (149)
- All Other Responses (75)

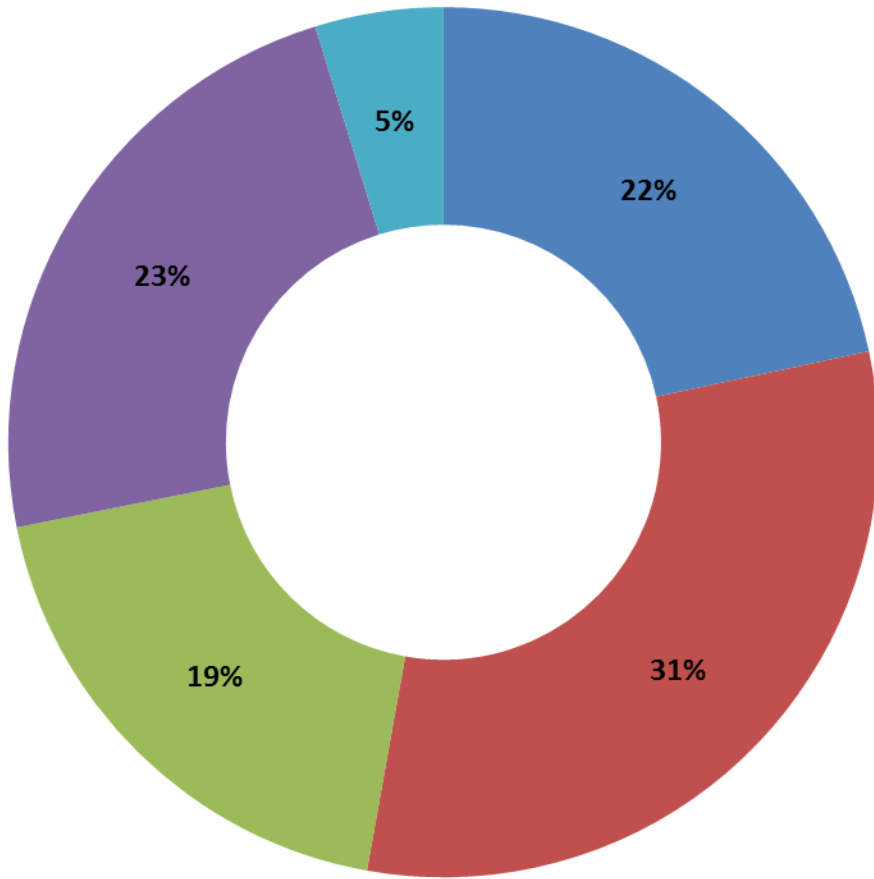

What type of code or ordinance?

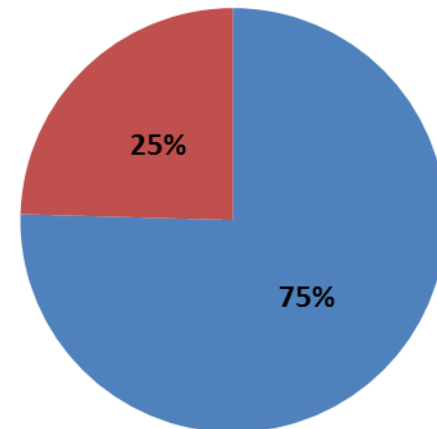

Would you be interested in receiving technical assistance from CMAP to support this effort?

- Yes, High Priority (75)
- Yes, Middle Priority (71)
- Yes, Low Priority (27)
- No (49)
- No Response (9)

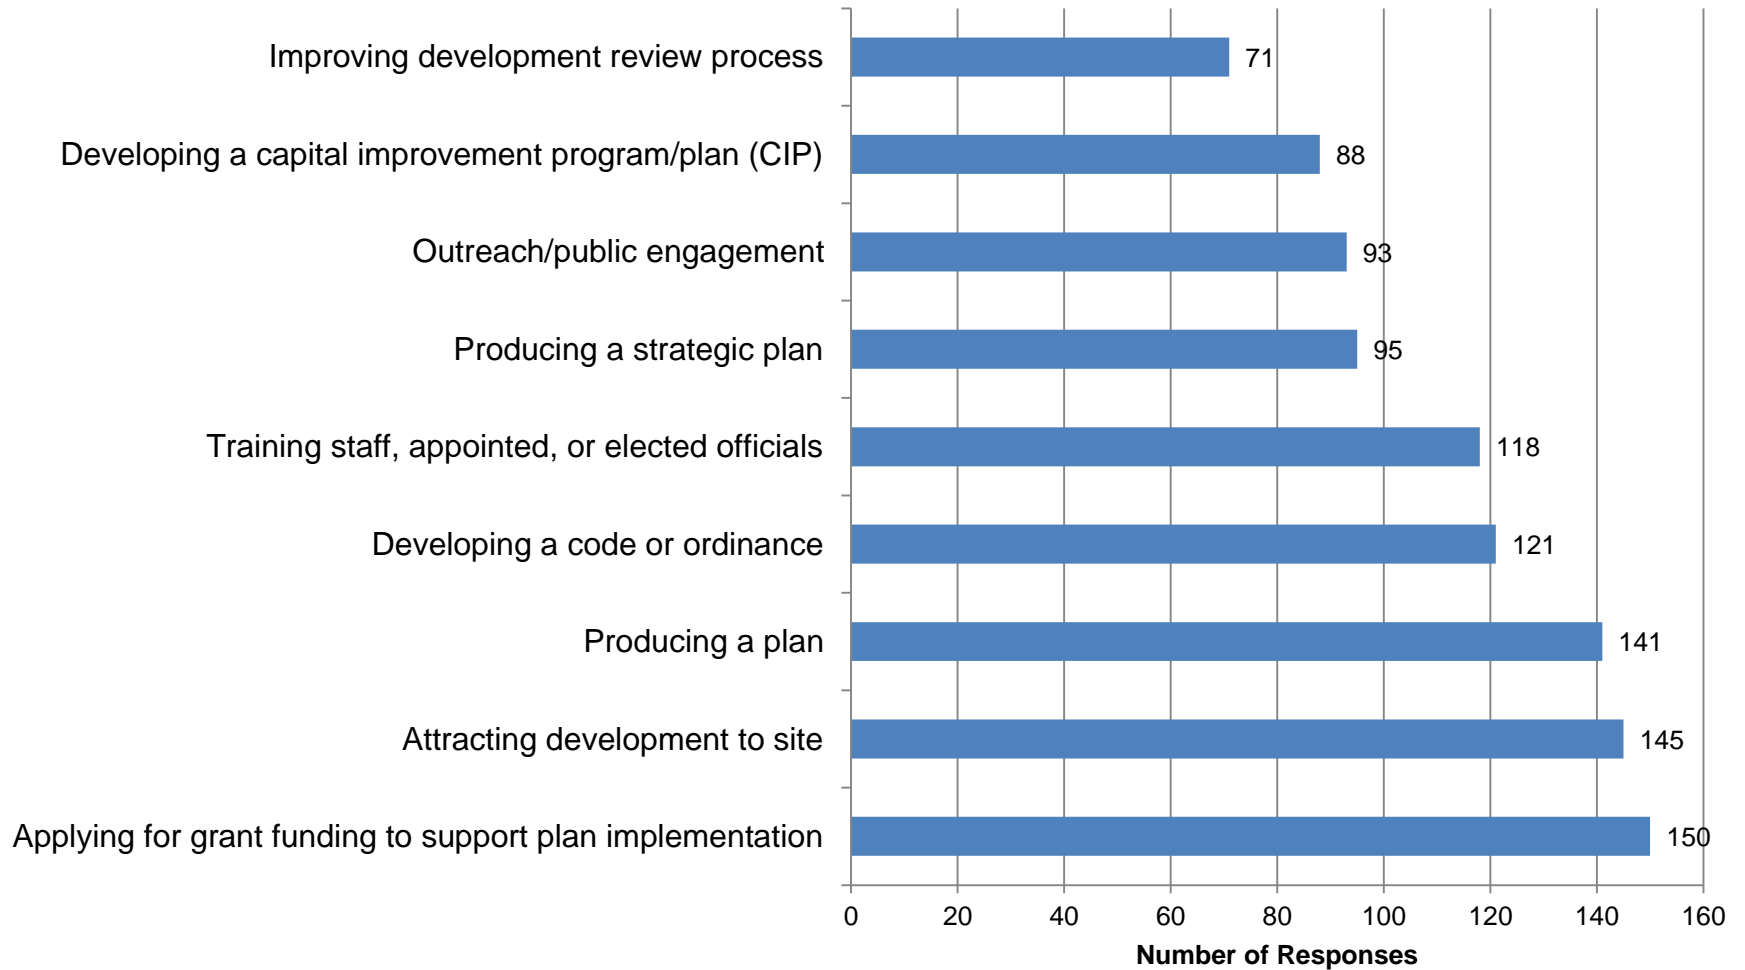

- "Yes" Responses (173)
- All Other Responses (49)

Would you be interested in receiving technical assistance from CMAP to support this effort?

Which types of assistance are most highly desired by municipalities?

Discussion

- The types of projects currently undertaken by CMAP staff through the LTA program continue to be in high demand.
- Significant demand exists for products that would support local governments in plan implementation.
- What are the best methods to meet the demands identified by the municipal survey?
 - Direct technical assistance
 - Trainings and workshops
 - Other methods?
