

Disproportionately impacted communities in CMAP Alternative Futures

Human and Community Development

January 9, 2017

Alternative futures	Who is disproportionately impacted, and how?	Strategies
<p>Intensified climate impacts</p> <ul style="list-style-type: none"> - More intense storms and droughts - Warmer average temperatures 	<ul style="list-style-type: none"> - Lower income residents - Elderly - Populations of color - Residents and businesses in areas... <ul style="list-style-type: none"> ▪ Dependent on groundwater ▪ With few transportation options 	<ul style="list-style-type: none"> - Strengthen ability of lower capacity communities through increased reinvestment and Interjurisdictional coordination - Increase financial security and adaptive capacity of households through new economic opportunities - Develop relationships and partnerships with local community partners representing hard to reach populations - Widely implement best outreach practices such as the use of translators or provision of child care and transportation services - Provide multiple mobility options - Plan and develop to decrease location-based risk
<p>Economic restructuring</p> <ul style="list-style-type: none"> - More service oriented economy - More advanced freight and logistics 	<ul style="list-style-type: none"> - Lower income residents in higher priced areas - Lower skilled workers 	

Alternative futures	Who is disproportionately impacted, and how?	Strategies
<p>Diminished public resources</p> <ul style="list-style-type: none"> - Less federal and state public funding 	<ul style="list-style-type: none"> - Distressed communities 	
<p>More people chose walkable, mixed use neighborhoods</p> <ul style="list-style-type: none"> - Greater preference for dense-mixed use areas 	<ul style="list-style-type: none"> - Lower income households in urban areas 	
<p>Technology enables greater mobility</p> <ul style="list-style-type: none"> - More accurate, real time information - More on-demand products and services - High-tech intermodalism - Driverless vehicles 	<ul style="list-style-type: none"> - People without access to technology
