## **MEMORANDUM**

To: **CMAP Board and Committees** From: CMAP Staff Date: January 4, 2016 Re:

The CMAP Board and committees receive regular detailed updates on the various components of ON TO 2050 plan development that are most relevant to them. Since the volume of work associated with plan development is too large for every committee to learn about every component individually, this bi-monthly memo provides a brief status update on all major ongoing elements of plan development, including links to recent presentations and interim or final products when available. Projects that appear in this document for the first time, or that were recently completed, are noted and highlighted in italics.

**ACTION REQUESTED: Discussion** 

ON TO 2050 Update

# **Regional Snapshot Analyses**

Project	CMAP lead	Timeline	Status and links
Regional economic clusters	Simone	Jul. 2015 –	<i>Project complete. The snapshot was <i>published</i>. Copies continue to be</i>
(see <u>website</u> )	Weil	May 2016	disseminated at relevant meetings and shared via the website and social media.
Travel behavior trends (see	Elizabeth	Jul. 2015 –	<i>Project complete. <u>The snapshot</u>'s release coincided with a transportation-</i>
<u>website</u> )	Irvin	Sep. 2016	<i>related ON TO 2050 <u>Big Ideas forum</u>. Media <u>coverage</u> and promotion of the <i>report continue.</i></i>
Demographic trends	Jacki	Aug. 2015 –	Design and layout is complete. Upon final approval by executive staff,
(see <u>website</u> )	Murdock	Nov. 2016	this report will release in January.
Freight system trends	Alex Beata	Jul. 2015 –	Design and layout have begun. Publication is expected in February.
(see <u>website</u> )		Dec. 2016	
Infill and TOD trends	Evy	Aug. 2015 –	Completed draft anticipated in January. Design and layout will begin
(see <u>website</u> )	Zwiebach	Dec. 2016	in February. Updated findings will be presented to the RTA TOD
			Working Group in January.
Highway system trends	Jesse Elam	Jul. 2015 –	No update.
		Jan. 2017	
Transit network trends	Martin	June 2016 –	Analysis is underway. Findings will be presented to the
	Menninger	Feb. 2017	Transportation Committee in March.
Local food	Brian Daly	Jun. 2016 –	Staff is drafting the snapshot narrative. Interim findings will be
		Mar. 2017	presented to the ENR Committee in February.
Tax policy	Simone	TBD	This project is on hold due to staffing changes.
	Weil		
Non-motorized	Lindsay	Oct. 2016 –	Analysis is underway. Introduction and initial findings will be
transportation	Bayley	May 2017	presented to the Transportation Committee in Janurary.

Staff will present a draft paper to the (see website) Murdock, Apr. 2017 Resource Group and relevant CMAP working committees in February Elizabeth Scott and March. Iun. 2016 – The consultant conducted interviews with experts in transportation Transportation technology Elizabeth

## **Assessment of New Policy Directions**

Irvin

Feb. 2017

technology and presented initial findings to CMAP committees in

			November and December. A draft document is due at the end of December. Publication is expected by February.
Lands in transition (see <u>website</u> )	Nora Beck	Jan. 2016 – Jan. 2017	The policy framework will be presented to the Land Use and Economic Development Committees in November. Staff are drafting the strategy paper and will ask for Resource Group review in December.
Asset management (see <u>website</u> )	Tom Murtha	Feb. 2016 – Apr. 2017	Interim findings were presented to Transportation Committee in November. Staff will develop a draft strategy paper for presentation in March.
Water	Jason Navota	Sep. 2016 – May 2017	Preliminary findings including issues and challenges were presented to the ENR Committee in early November. Staff is currently conducting Research and Analysis (data gathering, mapping) in three areas: water quality, water supply, and waterways and waterbodies. Next ENR committee presentation anticipated in March 2017.
Energy	Dan Olson	Jun. 2016 – May 2017	The consultant (Foresight Design Initiative) held several Steering Committee meetings in October and November to develop the scope of five resource groups that will subsequently be meeting throughout the winter and spring. The main focus areas will be Building Energy Efficiency, Grid Innovation and Resilience, Transportation Energy, Generation Sources, and Workforce/Economic Development.
Community capacity	Patrick Day	Jun. 2016 – Jun. 2017	Staff and consultants convened a resource group focusing on shared services and technical assistance needs. The consultants held a focus group of mayors and elected officials. Staff are developing analyses of shared services, consolidation, and similar efforts at peer MPOs and in other states. This and other work will be presented at a January Resource Group. The consultant will also convene a focus group of municipal staff working on infrastructure.
Stormwater	Nora Beck	Nov. 2016 – Jun. 2017	Project scope was presented to the ENR committee in November. CMAP staff are currently reviewing the causes of flooding and exploring the impacts of flooding on structures, transportation, open space, and water; findings to be presented to the ENR committee in February.
Economic resilience	Simone Weil	Nov. 2016 – Oct. 2017	Staff finalized the project scope and established a timeline. Staff are working to identify resource group members and conduct literature review.

Public Health	Ricardo	Jan. 2017 –	Resource group membership is being finalized, and the group is expected to be
	Lopez	Jan. 2018	convened in January.

# **Other Plan Development Tasks**

Project	CMAP lead	Timeline	Status and links
Communications strategy	Tina Fassett Smith	Ongoing	To date, three strategy papers and two snapshot reports have been released. In early 2017, a Demographics snapshot will be released. In addition, new CMAP interactive infographics in support of snapshots and other plan content will be deployed starting in January. Staff are using individual projects' engagement strategy documents to develop high-level messaging for use by CMAP leadership to convey the plan's emerging priorities. Five separate iPad applications are in development for use across the regions in kiosks to involve the public April through August 2017 during the alternative futures engagement phase.
Data and tool development	Zach Vernon	Ongoing	Staff continued to develop data products to inform topical research. Outputs for the lands in transition strategy paper included completed developments by year and an updated conservation easement summary, while outputs for the infill/TOD snapshot included block group household size, access to transit, and remaining unprotected land area.
Financial plan	Lindsay Hollander	Ongoing	Outreach with experts to flesh out expenditure forecasting assumptions continues. Initial expenditure forecasting and modeling is also underway. Draft revenue forecasts are undergoing internal review and will be presented to committees in January. Options for reasonably expected revenues are being researched and forecasted.
Layers	Kristin Ihnchak	Ongoing	A scan of local plans for reinvestment priorities was completed and the layers team is working with the local area allocation team to incorporate the findings, along with identified infill opportunity areas, into the forecast tool. The conservation layer team completed a review of other organizations' schemes for identifying high quality natural areas and is in the process of applying thresholds to conservation data to obtain preliminary conservation maps.

Outreach activities	Jane	Ongoing	The ON TO 2050 Big Ideas Forum Series completed its fifth event on
	Grover		December 5: Will We Continue to Suburbanize? Chuck Marohn
			from Strong Towns and Carolyn Schofield of the McHenry County
			Board, Colette English Dixon from Libra Investments, and Curt
			Paddock from the Will County Land Use department served on the
			panel at the Two Brothers Roundhouse in Aurora.
			Planning has begun for CMAP's the next forum on housing, to be
			completed in February or March. Staff will maintain continuing
			contact with the over 250 regional organizations engaged in the first
			phase of public outreach, as well as expand the agency's network to
			build new partners and allies. Finally, staff has begun to craft outreach
			strategies for public engagement for the scenario development phase
			of ON TO 2050 plan development in 2017.
Regionally significant	Jesse Elam	Ongoing	The public call for projects ended on October 31. Staff brief TC on
projects			project ideas and comments received at its November meeting. Staff is
			currently analyzing the proposed projects. An update will be provided
			in the spring.
Scenario development	Liz Oo	Ongoing	In November and December, staff presented the five alternative
			futures at the CMAP all staff meeting, the Board meeting, and Quad
			State Directors meeting. Staff is drafting a memo on a future with
			intensified climate change; the final version is anticipated in January.
			Staff has also worked with a consultant to create a pilot interactive app
			for the climate change future. Initial discussions have also begun for
			apps about mixed-use environments and diminished public resources.
Socioeconomic	David	Ongoing	Staff received final 2050 regional forecast from consultant. Ongoing
forecast/Local area	Clark		design/refinement of local allocation tool with consultant; workshop
allocation			held for stakeholders in mid-November to collect feedback on
			proposed factors that will affect the tool. Staff are finalizing data and
			planning for a February workshop on the initial results of the tool.
