ACTION REQUESTED: Information & Discussion
- 5.0 Regional Traffic Management Center (Mike Tuman & Jon Nelson)**
Traffic management centers (TMCs) are the cornerstone of arterial traffic management, and CMAP's ON TO 2050 Highway Operations strategy paper identified that expanding their geographic coverage and hours of operation should be a regional priority. One way to achieve TMC coverage expansion is to take a regional approach to traffic management activities. Mr. Tuman (DuPage DOT) and Mr. Nelson (Lake DOT) will provide an update on the concept to develop a regional TMC.
ACTION REQUESTED: Information & Discussion
- 6.0 Regional Expressway Vision (Thomas Murtha)**
Staff will introduce a project to develop a multi-jurisdictional vision to guide future capital investments, coordinate transportation operations, and recommend policy and management strategies for the existing expressway system in northeastern Illinois. Transit, freight, community impacts, and revenue will all be key aspects of the vision. Staff will review draft [vision goal statements](#) and seek committee feedback.
ACTION REQUESTED: Information & Discussion

7.0 CMAQ Program Development (Doug Ferguson)

Staff will provide initial project scoring for the traffic flow improvement projects submitted for consideration in the FFY 2018-2022 CMAQ program, available at <http://www.cmap.illinois.gov/mobility/strategic-investment/cmaq/program-development>. The RTOC is tasked with reviewing and providing input on the proposed traffic flow improvement projects.

ACTION REQUESTED: Information & Discussion

8.0 Highway Safety Strategy Paper (Parry Frank)

Staff will provide an update on the development of the highway safety strategy paper. Strategy papers are intended to guide the development of ON TO 2050 by reviewing current policies, emerging issues, and potential future directions – on various issues. Staff will review and seek committee feedback on regional crash trend analysis and draft safety recommendations, potential MPO role in regional safety planning, and safety goals to include in ON TO 2050.
