8.0 **Capital Program Principles**
In recent months, transportation and business leaders across Illinois have begun the conversation about a potential new capital program. Given the lack of stable funding, the continuation of the arbitrary “55/45 split” that directs only 45 percent of State highway funds to the Chicago region, and the lack of transparent project selection, CMAP believes that any new State capital program must be coupled with reform. Proposed principles for a State capital program will be presented for Board consideration and approval.
