REQUEST FOR PROPOSALS (RFP) NO. 152

MULTI-MODAL TRANSPORTATION PLAN FOR RIVERDALE COMMUNITY AREA

The Chicago Metropolitan Agency for Planning (CMAP) invites contractors to submit proposals to assist with the development of a Multi-Modal Transportation Plan for the Riverdale Community Area in Chicago, as described in this scope of work. Please read each section carefully for information regarding the proposal and submittal instructions.

SECTION 1: Background and General Information

About CMAP

The Chicago Metropolitan Agency for Planning (CMAP) is our region's official comprehensive planning organization. The agency and its partners are developing ON TO 2050, a new comprehensive regional plan to help the seven counties and 284 communities of northeastern Illinois implement strategies that address transportation, housing, economic development, open space, the environment, and other quality-of-life issues. See www.cmap.illinois.gov for more information.

About the Local Technical Assistance (LTA) Program

CMAP is administering this project through its [Local Technical Assistance \(LTA\) program](#), which is designed to implement GO TO 2040 through assistance to local governments. Since the initiation of this program in 2011, CMAP has completed over 120 local planning projects, with 50 more currently underway. The purpose of the LTA program is to provide assistance to communities across the Chicago metropolitan region to undertake planning projects that advance the principles of GO TO 2040.

General Information

As a result of responses to this RFP, CMAP plans to review submissions and conduct interviews with selected contractors it determines can best meet the requirements outlined below. Negotiations will be held on both the scope and the cost to select the contractor that CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided. Subject to "Reservation of Rights" below, it is anticipated that a contract will be awarded for the work described. The contract awarded will be for a period ending fifteen months from contract initiation.

SECTION 2: Scope of Project and Procurement Details

Project Description

The Chicago Department of Transportation (CDOT) will lead an effort with support from CMAP to develop a multi-modal transportation plan for the Altgeld Gardens, Eden Green, Golden Gate, and Riverdale neighborhoods within the Riverdale Community Area of the City of Chicago. This plan will develop recommendations for improving non-motorized access to existing transit services, recreation, and job opportunities while also implementing the Pedestrian First modal hierarchy outlined within the City of Chicago's [Complete Streets Design Guidelines](#).

These four neighborhoods face a number of unique access and connectivity challenges. The Riverdale Community Area is surrounded by physical barriers that limit connectivity to surrounding city neighborhoods and suburbs. These include Metropolitan Water Reclamation Department's (MWRD) Calumet Water Reclamation Plant to the north, the Metra Electric District railroad tracks to the west, CSX/Indiana Harbor Belt Railroad tracks to the south, and both the NICTD/Indiana Harbor Belt Railroad tracks and Interstate 94 to the east. Additionally, the Little Calumet River bisects the community from east to west just south of 134th Street and the Union Pacific Railroad tracks bisect the community from north to south near Vernon Avenue.

In addition to physical barriers, the poor condition and incomplete network of sidewalks and bicycle paths make access to transit, jobs, and recreational destinations very difficult. A Truck Route study conducted by CDOT proposes designated truck routes at the following segments within the study area:

- 130th Street: from the Metra Electric tracks on the West to the Bishop Ford on the East
- Indiana Avenue: from 130th to 138th Street
- Leyden Avenue: from Indiana to 138th Street
- 138th Street: from Indiana Avenue to Cottage Grove

Truck traffic on designated truck routes create additional challenges for pedestrians and bicyclists. The lack of multi-modal transportation infrastructure is of particular concern in these neighborhoods. Approximately 50% of households do not have access to a car, 30% of residents commute to work via transit, and 10% commute via walking. An improved multi-modal transportation network will benefit commuters, reduce trip times, and reduce transportation costs for residents of the Riverdale Community Area as well as residents of the Village of Riverdale to the immediate south.

The study area boundaries are shown on the map below.

The plan will also build upon existing plans and initiatives, including:

- [Chicago Housing Authority's Philip Murray Homes Master Plan](#)
- [Chicago Park District's Park Family Wellness Initiative](#)
- 127th and 130th Street right-of-way design
- [119th Street Corridor Plan](#)

The contract for this project is expected to be approximately fifteen months in length, beginning in August 2016 and concluding in October 2017. Following project completion, CMAP will have the option of entering into a two-year contract with the selected contractor to provide implementation assistance. The components of the plan are described further in the Scope of Services section of this document.

Scope of Services

Expected project stages and activities are described below. Flexibility is provided to contractors in the specific format and contents of the deliverables that are produced. Contractors should clearly identify and fully describe their proposed deliverables in the proposal and should clearly tie these to the project activities described below.

Steering Committee. This project will include a steering committee comprised of representatives from community organizations in the Riverdale Community Area, the region's transportation agencies, local advocacy groups, officials from the Village of Riverdale, and representatives from relevant City of Chicago departments and Alderman's office. While CDOT and CMAP will be primarily responsible for creation of the committee, contractors should propose a committee structure that will involve all of these groups in a meaningful and manageable way. Local and interagency buy-in is important in this project and contractors should expect that the steering committee will meet a minimum of six times over the course of the project.

Focused Outreach. Contractors should include a plan for focused stakeholder engagement in their proposal. This should specify public engagement methods for neighborhood groups and community partners, the number of public events to be held during the project process, and methods of engagement. At a minimum there should be three public events scheduled during the process, including any public meetings or hearings during the adoption process. The proposal should feature a strong online presence, including a website with interactive elements, to give the public the ability to fully participate in the process without attending meetings in person. Contractors are encouraged to propose other innovative methods to reach the general public. CDOT and CMAP will suggest the appropriate neighborhood groups and organizations to engage.

Data Collection and Existing Conditions Analysis. Contractors should describe their approach to data collection and analysis of existing conditions in the study area, including any/all datasets needed to perform this analysis.

Identification of Potential Improvements. Contractors should describe their process to identify potential bicycle, pedestrian and transit improvements that are needed within the study area based on the analysis described above. Potential improvements could be connections or extensions of the existing sidewalk or trail system, transit service adjustments, road diets and/or other recommendations that will improve mobility within and outside the study area.

Prioritization of Potential Improvements. Contractors should provide a general description of their method to evaluate and prioritize the potential improvements. Sample criteria could include safety, access to jobs, access to public transit stations or routes, consistency with local plans, feasibility or ease of implementation, connectivity to the regional trail or transit system, cost-effectiveness, etc. Criteria may be qualitative, quantitative, or a combination of both. Contractors should discuss how they will involve the steering committee in the prioritization process and are

encouraged to use innovative and interactive methods to ensure active participation and ultimate buy-in to the recommendations.

Based on the prioritization process, a short list of near-term and mid-term improvements should be developed. The plan should specify the lead implementer for each improvement and confirm the interest of the identified agency/individual to fulfill that role. For each, contractors should provide rough cost estimates along with a potential funding sources and mechanisms. Contractors will be expected to identify which funding source is the best fit for each project and suggest the appropriate applicant if grant funds are sought. In their proposal, contractors should demonstrate familiarity with the different potential funding sources and discuss how they will match these to specific projects.

Final Study Preparation. Contractors should describe their process for preparing the final document, which will include a list of highest-priority improvements (with lead implementers, cost estimates, and funding sources), and a series of next steps meant to implement the project.

Deliverable Review Standards. Drafts of all deliverables should be provided to CDOT and CMAP with sufficient time for review. Formal deliverables (drafts of final products) should be provided to CDOT and CMAP at least two weeks before their release to the steering committee or the public and interim deliverables should be provided with at least one week for review. These review times should be built into the project schedule proposed by contractors.

Adoption. The final plan should be endorsed by the steering committee through a formal vote. The plan may also be formally presented to the Chicago Plan Commission for adoption. Contractors should consider the endorsement and adoption process when developing their project schedule and scope.

Implementation. Following project completion, CMAP may, at its discretion, enter into a two-year contract with the selected contractor to assist with implementation activities. This will be small-scale assistance, totaling no more than \$20,000 over the two-year period. Contractors should **not** include costs for implementation activities in their total project costs, either as part of the base proposal or the options.

Optional Scope Tasks

In addition to the core tasks above, CDOT and CMAP will consider additional or enhanced option(s) that the contractor would like to offer. Contractors may provide a maximum of two options. Each option may include as many or as few tasks and deliverables as the contractor would like, but the contractor should clearly specify the deliverables and cost associated with each option. These options are at the discretion of the contractors and could for example include (but are not limited to):

- Additional outreach meetings or presentation to interest groups, enhanced project websites or other public engagement activities.
- More detailed design treatments of key points in the study area or other areas that may present barriers.
- Other elements at the discretion of the contractor.

These options may or may not be exercised based on the quality of the options and budgetary constraints.

1. The demonstrated record of experience of the contractor and their key staff in providing the professional services identified in this scope of work.
2. The contractor's understanding of the goals identified in the Project Description section, and the effectiveness of the proposal at accomplishing these.
3. The contractor's approach to each element of the plan development process as described in the Scope of Services section, including stakeholder engagement, existing conditions analysis, identification and prioritization of improvements, development of policies and standards, and plan preparation and adoption.

Cost will be evaluated against other factors based upon the professional judgment of those involved in the evaluation. A committee including representatives from CMAP and the steering committee will make the selection decision.

As applicable, hourly rates, titles and names of personnel, the contractor proposes to use will be requested and negotiations will be held as necessary to select the contractor CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided.

SECTION 4: Contractual Agreement and Rights

Contractual Agreement

The contract CMAP anticipates awarding as a result of this RFP and subsequent rate submissions and negotiations, if any, will indicate the service requirements, time periods involved and applicable hourly rates. In addition, it will include the General Provisions, Section 5 hereto, and Special Provisions, Section 6 hereto, which will apply to the contract.

Reservation of Rights

CMAP reserves the following rights if using them will be more advantageous to CMAP:

- 1) Withdraw this RFP at any time without prior notice.
- 2) Accept or reject any and all submissions, or any item or part thereof
- 3) Postpone qualifications due date.
- 4) Not award a contract to any submitter responding to this RFP.
- 5) Award a contract without negotiations or discussions.

Contractors who are or have been seriously deficient in current or recent contract performance in the absence of evidence to the contrary or circumstances properly beyond the control of the Contractor shall be presumed to be unable to meet these requirements. Past unsatisfactory performance will ordinarily be sufficient to justify a finding of non-responsibility.

SECTION 5: General Provisions

The following provisions apply to the solicitation to which this section is attached and to any contract that results from the solicitation. Signatories of this Agreement certify that these conditions and procedures and terms and the conditions and procedures specific to this project will be adhered to unless amended in writing.

- 1) Complete Agreement.

- a) This Agreement (which also may be herein referred to as "Contract"), including all exhibits and other documents incorporated or referenced in the agreement, constitutes the complete and

exclusive statement of the terms and conditions of the agreement between CMAP and Contractor and it supersedes all prior representations, understandings and communications. The invalidity in whole or in part of any term or condition of this Agreement shall not affect the validity of other terms or conditions.

- b) Order of Precedence: Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the executed contract, including its exhibits; (2) the provisions of the RFP on which the contract is based including any and all Addendums; (3) the proposal submitted to CMAP by the Contractor in response to said RFP; and (4) any other documents cited or incorporated herein by reference.
 - c) CMAP's failure to insist in any one or more instances upon the performance of any terms or conditions of this Agreement shall not be construed as a waiver or relinquishment of CMAP's right to such performance by Contractor or to future performance of such terms or conditions and Contractor's obligation in respect thereto shall continue in full force and effect. Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work or the cost thereof. Any failure by Contractor to do so will not relieve it from responsibility for successfully performing the work without additional expense to CMAP.
 - d) CMAP assumes no responsibility for any understanding or representations made by any of its officers, employees or agents prior to the execution of this Agreement, unless such understanding or representations by CMAP are expressly stated in this Agreement.
 - e) Changes: CMAP may from time to time order work suspension or make any change in the general scope of this Agreement including, but not limited to changes, as applicable, in the drawings, specifications, delivery schedules or any other particular of the description, statement of work or provisions of this Agreement. If any such change causes an increase or decrease in the cost or time required for performance of any part of the work under this Agreement, the Contractor shall promptly notify CMAP thereof and assert its claim for adjustment within thirty (30) days after the change is ordered. A written amendment will be prepared for agreement between CMAP and the Contractor for changes in scope, time and/or costs. No amendments are effective until there is a written agreement that has been signed by both parties. No claim by the Contractor for equitable adjustment hereunder shall be allowed if asserted after final payment under this Agreement.
 - f) Changes to any portion of this Agreement shall not be binding upon CMAP except when specifically confirmed in writing by an authorized representative of CMAP.
 - g) For its convenience, CMAP reserves the right to extend the Term of this agreement. Any changes to the Term of this Agreement shall not be binding until specifically confirmed in writing by authorized representatives of both parties.
- 2) Chicago Metropolitan Agency for Planning Designee. Only the Executive Director of CMAP, or designee, shall have the authority to act for and exercise any of the rights of CMAP as set forth in this Agreement, subsequent to and in accordance with the authority granted by CMAP's Board of Directors.
 - 3) Compliance/Governing Law. The terms of this Agreement shall be construed in accordance with the laws of the State of Illinois. Any obligations and services performed under this Agreement shall be performed in compliance with all applicable state and federal laws.
 - 4) Availability of Appropriation (30 ILCS 500/20-60). This Agreement is contingent upon and subject to the availability of funds. CMAP, at its sole option, may terminate or suspend this Agreement, in whole or in part, without penalty or further payment being required, if the Illinois General Assembly, the state funding source, or the federal funding source fails to make an appropriation sufficient to pay such

obligation, or if funds needed are insufficient for any reason. CONTRACTOR will be notified in writing of the failure of appropriation or of a reduction or decrease.

5) Allowable Charges. No expenditures or charges shall be included in the cost of the Project and no part of the money paid to the Contractor shall be used by the Contractor for expenditures or charges that are: (i) contrary to provisions of this Agreement or the latest budget approved by a duly-authorized official of CMAP; (ii) not directly for carrying out the Project; (iii) of a regular and continuing nature, except that of salaries and wages of appointed principal executives of the Contractor who have not been appointed specifically for the purposes of directing the Project, who devote official time directly to the Project under specific assignments, and respecting whom adequate records of the time devoted to and services performed for the Project are maintained by the Contractor may be considered as proper costs of the Project to the extent of the time thus devoted and recorded if they are otherwise in accordance with the provisions hereof; or (iv) incurred without the consent of CMAP after written notice of the suspension or termination of any or all of CMAP's obligations under this Agreement.

6) Method of Payment.

Project expenditures are paid directly from federal and/or state funds. Because CMAP is responsible for obtaining federal reimbursement for project expenditures, it is necessary that CMAP monitor all procedures and documents which will be used to claim and support project-related expenditures. The following procedures should be observed to secure payment:

a) Based on services performed, Contractor may submit invoices as frequently as once a month. CMAP is committed to reducing paper use and has established an electronic invoicing system. All invoices are to be submitted through email to:

accounting@cmap.illinois.gov

All invoices shall be signed by an authorized representative of the CONTRACTOR

b) Subject to the conditions of this Agreement, CMAP will honor invoices in amounts deemed by it to be proper to insure the carrying out of the approved scope of services and shall be obligated to pay the Contractor such amounts as may be approved by CMAP. Invoices shall detail expenses and amount of time spent on CMAP assignments. If an invoice is not acceptable, CMAP shall promptly provide the Contractor a written statement regarding its ineligibility or deficiencies to be eliminated prior to its acceptance and processing. All invoices for services performed and expenses incurred by CONTRACTOR for the services of this Agreement must be presented to CMAP no later than fifteen (15) days after the end of this Agreement. Notwithstanding any other provision of this Agreement, CMAP shall not be obligated to make payment to CONTRACTOR on invoices presented after said date. No payments will be made for services performed prior to the effective date of this Agreement. All payments will be transferred electronically to Contractor's business bank account. The successful Contractor will be requested to provide transfer numbers for the business bank account when the contract is finalized.

7) Audits. The records and supportive documentation for all completed projects are subject to an on-site audit by CMAP. CMAP reserves the right to inspect and review, during normal working hours, the work papers of the independent auditor in support of their audit report.

8) Access to Records.

a) The Contractor and its subcontracts under this Agreement shall preserve and produce upon request of the authorized representatives of CMAP all data, records, reports, correspondence and memoranda of every description of the Contractor and its subcontractors, if any, under this Agreement relating to carrying out this Agreement for the purposes of an audit, inspection or work review for a period of three (3) years after completion of the project, except that:

- i) If any litigation, claim or audit is started before the expiration of three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
 - ii) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.
- b) The Contractor shall include in all subcontracts, if any, under this Agreement a provision that CMAP will have full access to and the right to examine any pertinent books, documents, papers, and records of any such subcontractor involving transactions related to the subcontract for three (3) years from the final payment under that subcontract except that:
- i) If any litigation, claim or audit is started before the expiration of the three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
 - ii) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.

The term "subcontract" as used in this clause excludes purchase orders not exceeding \$2,500.

9) Cost Category Transfer Request.

Notification to CMAP is required for transfers among appropriated cost categories which exceed 15% of the line item. No transfer of funds can exceed the total Agreement. The CONTRACTOR must submit a written report (form provided by CMAP) to CMAP detailing the amount of transfer, the cost categories from and to which the transfer is to be made, and rationale for the transfer.

10) Procurement Procedures. All procurement transactions for Contractual Services, Commodities and Equipment shall be conducted in a manner that provides maximum open and free competition. The CONTRACTOR shall also meet the following minimum procedural requirements.

- a. Subcontracting: Subcontracting, assignment or transfer of all or part of the interests of the CONTRACTOR concerning any of the obligations covered by this Agreement is prohibited without prior written consent of CMAP.
- b. Procurement of Goods or Services: For purchases of products or services with any Agreement funds that cost more than \$3,000 but less than the simplified acquisition threshold fixed at 41 U.S.C. 403 (11), (currently set at \$100,000), the CONTRACTOR shall obtain price or rate quotations from an adequate number (at least three) of qualified sources. Procurement of products or services with any Agreement funds that are in excess of \$100,000 will require the CONTRACTOR to use the Invitation for Bid process or the Request for Proposal process. In the absence of formal codified procedures of the CONTRACTOR, the procedures of CMAP will be used, provided that the procurement procedures conform to the provisions in (K) below. The CONTRACTOR may only procure products or services from one source with any Agreement funds if: (1) the products or services are available only from a single source; or (2) CMAP authorizes such a procedure; or (3) after solicitation of a number of sources, competition is determined inadequate.
- c. Records. The CONTRACTOR shall maintain records sufficient to detail the significant history of procurements. These records shall include, but are not necessarily limited to: information pertinent to rationale for the method of procurement, selection of contract type, contractor selection or rejection, and basis for the cost or price.

- d. No CONTRACTOR employee shall participate in the procurement of products or services if a conflict of interest, real or apparent, would be involved. No employee shall solicit or accept anything of monetary value from bidders or suppliers.
- 11) Equipment Inventory. An inventory of non-expendable personal property having a useful life of more than two years and an acquisition cost of \$500 or more is subject to periodic inspection by CMAP.
- 12) Suspension. If the Contractor fails to comply with the special conditions and/or the general terms and conditions of this Agreement, CMAP may, after written notice to the Contractor, suspend the Agreement and withhold further payments or prohibit the Contractor from incurring additional obligations of funds pending corrective action by the Contractor. If corrective action has not been completed within sixty (60) calendar days after service of written notice of suspension, CMAP shall notify the Contractor in writing that the Agreement has been terminated by reason of default in accordance with paragraph 11 hereof. CMAP may determine to allow such necessary and proper costs which the Contractor could not reasonably avoid during the period of suspension provided such costs meet the provisions of the U.S. Office Management and Budget 2 CFR 200 in effect on the date first above written.
- 13) Termination.
- a. This Agreement may be terminated in whole or in part in writing by either party in the event of substantial failure (hereinafter termed "Termination by Default") by the other party to fulfill its obligations under this Agreement through no fault of the terminating party, provided that no such termination may be affected unless the other party is given (i) not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to Termination by Default, and (ii) an opportunity for consultation with the terminating party prior to Termination by Default.
 - b. This Agreement may be terminated in whole or in part in writing by CMAP for its convenience (hereinafter termed "Termination for Convenience"), provided that the Contractor is given not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate.
 - c. If Termination by Default is effected by CMAP, an equitable adjustment in the price provided for in this Agreement shall be made, but (i) no amount shall be allowed for anticipated profit on unperformed services or other work, and (ii) any payment due to the Contractor at the time of termination may be adjusted to the extent of any additional costs occasioned to CMAP by reason of the Contractor's default. If Termination by Default is effected by the Contractor, or if Termination for Convenience is effected by CMAP, the equitable adjustment shall include a reasonable profit for services or other work performed. The equitable adjustment for any termination shall provide payment to the Contractor for services rendered and expenses incurred prior to termination, in addition CMAP may include cost reasonably incurred by the Contractor relating to commitments which had become firm prior to termination.
 - d. Upon notice of termination action pursuant to paragraphs (a) or (b) of this clause, the Contractor shall (i) promptly discontinue all services affected (unless the notice directs otherwise) and (ii) deliver or otherwise make available to CMAP all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by the Contractor in performing this Agreement, whether completed or in process.
 - e. Upon termination pursuant to paragraphs (a) or (b) of this clause, CMAP may take over the work and prosecute the same to completion by agreement with another party otherwise.
 - f. In the event the Contractor must terminate this Agreement due to circumstances beyond its control, the termination shall be deemed to have been effected for the convenience of CMAP. In such event, adjustment of the price provided for in this Agreement shall be made as provided in paragraph c of this clause.

- 14) Remedies. Except as may be otherwise provided in this Agreement, all claims, counterclaims, disputes and other matters in question between CMAP and the Contractor arising out of or relating to this Agreement or the breach thereof will be decided by arbitration. If the parties hereto mutually agree, a request for remedy may be sought from a court of competent jurisdiction within the State of Illinois, County of Cook.
- 15) Equal Employment Opportunity. The Contractor will comply with Executive Order 11246 entitled "Equal Employment Opportunity," as amended by U.S. Department of Labor regulations (41 CFR Part 60). In connection with the execution of this Agreement, the Contractor shall not discriminate against any employee or an applicant for employment because of race, religion, color, sex, national origin, ancestry, or physical or mental handicap unrelated to ability. The Contractor shall take affirmative actions to insure that applicants are employed and that employees are treated during their employment without regard to their race, religion, color, sex, national origin, ancestry, or physical or mental handicap unrelated to ability. Such actions shall include, but not be limited to, employment, promotion, demotion, transfer, recruitment, recruitment advertising, layoff, termination, rates of pay, other forms of compensation, and selection for training or apprenticeship. The Contractor shall cause the provisions of this paragraph to be inserted into all subcontractors work covered by this Agreement so that such provisions will be binding upon each subcontractor, provided that such provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.
- 16) Small and Minority Business Enterprise. In connection with the performance of this Agreement the Contractor will cooperate with CMAP in meeting its commitments and goals with respect to the maximum utilization of small business and minority business enterprises, and will use its best efforts to insure that small business and minority business enterprises shall have the maximum practicable opportunity to compete for subcontract work under this Agreement.
- 17) Political Activity. No portion of funds for this subcontract shall be used for any partisan political activity or to further the election or defeat of any candidate for public office.
- 18) Prohibited Interest.
 - a. No officer or employee of CMAP and no member of its governing body and no other public official of any locality in which the Project objectives will be carried out who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of such objectives shall (i) participate in any decision relating to any subcontract negotiated under this Agreement which affects his personal interest or the interest of any corporation, partnership or association in which he is, directly or indirectly, interested; or (ii) have any financial interest, direct or indirect, in such subcontract or in the work to be performed under such contract.
 - b. No member of or delegate of the Illinois General Assembly or the Congress of the United States of America, and no federal Resident Commissioner, shall be admitted to any share hereof or to any benefit arising herefrom.
 - c. The Contractor warrants and represents that no person or selling agency has been employed or retained to solicit or secure this Agreement, upon an agreement or understanding for a commission, percentage, bonus, brokerage or contingent fee, or gratuity, excepting its bona fide employees. For breach or violation of this warranty CMAP shall have the right to annul this Agreement without liability or, at its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage bonus, brokerage or contingent fee, or gratuity.
- 19) Patents and Copyright Responsibility.
 - a. Specifically, during the period in which federal assistance is extended to the project, or project property is used for a purpose for which the federal assistance is extended or for another purpose involving the provision of similar services or benefits, or as long as the Contractor retains ownership or possession of the project property, whichever is longer, the Contractor assures that:

three-year period preceding this Agreement had one or more public transactions (federal, state or local) terminated for cause or default.

The inability of the Contractor to certify to the certification in this section will not necessarily result in denial of participation in this Agreement. The Contractor shall submit an explanation of why it cannot provide the certification in this section. This certification is a material representation of fact upon which reliance was placed when CMAP determined whether to enter into this transaction. If it is later determined that the Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, CMAP may terminate this Agreement for cause. The Contractor shall provide immediate written notice to CMAP if at any time the Contractor learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this Part shall have the meaning set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.

The Contractor agrees that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by CMAP, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions. The Contractor may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless the Contractor knows the certification is erroneous. The Contractor may decide the method and frequency by which it determines the eligibility of its principals. The Contractor may, but is not required to, check the Non-procurement List. If the Contractor knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation, in addition to other remedies available to the federal government, CMAP may terminate this Agreement for cause or default.

Nothing contained in this section shall be construed to require establishment of a system of records in order to render in good faith the certification required by this section. The knowledge and information of the Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal

agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.

(d) *Exemption when Federal awards expended are less than \$750,000.* A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in §200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO).

(e) Except for the provisions for biennial audits provided in paragraphs (a) and (b), audits required by this part must be performed annually. Any biennial audit must cover both years within the biennial period.

(a) A state, local government, or Indian tribe that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits pursuant to this part biennially. This requirement must still be in effect for the biennial period.

(b) Any nonprofit organization that had biennial audits for all biennial periods ending between July 1, 1992, and January 1, 1995, is permitted to undergo its audits pursuant to this part biennially.

(f) The audit must be completed; the data collection form described in Appendix X to Part 200 and reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period.
