**REQUEST FOR PROPOSALS (RFP) No. 188**  
**Liferay Website Development, Administration, and Support**

*The Chicago Metropolitan Agency for Planning (CMAP) invites firms to submit proposals for Liferay website development, administration, and support as described in the enclosed Request for Proposals (RFP). Please read each section carefully for information regarding the proposal and submittal instructions.*

**SECTION 1: Background and General Information**

**About CMAP**

The Chicago Metropolitan Agency for Planning (CMAP) is our region's official comprehensive planning organization. The agency and its partners are developing ON TO 2050, a new comprehensive regional plan to help the seven counties and 284 communities of northeastern Illinois implement strategies that address transportation, housing, economic development, open space, the environment, and other quality-of-life issues. See [www.cmap.illinois.gov](http://www.cmap.illinois.gov) for more information.

**Project Background**

Based on the Liferay DXP platform, CMAP's website at [www.cmap.illinois.gov](http://www.cmap.illinois.gov) generates approximately 50,000 page views monthly. The site is evolving to accommodate a wide variety of content types needed for the ON TO 2050 plan, adoption of which is anticipated in October 2018. CMAP has an extensive network of partners and stakeholders who rely on the site for up-to-date information about agency activities, which are relevant in particular to officials at the local, regional, state, and federal levels of government in addition to other core audiences that include the general public. All these users need access to engaging content that relates to their everyday lives without requiring them to be professional planners. The site needs to meet high standards for usability, technical innovation, stability, and design and needs to be compliant with AA standards of accessibility.

CMAP's website consists of more than 20 gigabytes of content, including web pages, documents (primarily PDFs), and maps (also primarily PDFs). CMAP also has a Customer Relationship Management (CRM) system that was custom-built for the Liferay platform and is integrated with Constant Contact.

The site currently runs under Ubuntu Linux, MySQL, and Apache on a production server with 2 cores and 8 GB of RAM. An identical development server is also maintained. The environment is hosted under a separate contract, and hosting is beyond the scope of this RFP. The firm selected through this RFP will have all necessary access to and control over the production and development servers, while working in close coordination with the hosting company to ensure system stability, security, and backups as described below.

**Statement of Purpose**

CMAP is looking for a consulting firm with excellent project management capabilities to provide Liferay-based website development, administration and support. The consultant's team must have demonstrated experience in front-end and back-end development for creating and administering Liferay websites that meet high standards of usability, technical innovation, stability, and design. A subcontractor may be used as part of the consultant's team.

The selected Firm must have:

- Extensive experience with web Liferay DXP front-end and back-end development, certification preferred.
- Proficiency across the range of J2EE technologies, especially Servlet API-based programming, JDBC, LDAP, and more.
- Deep understanding of software architecture, patterns, and common frameworks
- Deep understanding of server administration: Linux (Ubuntu), SQL server, MySQL, etc.

- Solid understanding of the browser side: HTML, CSS, Javascript, AJAX
- Capability to produce good, clean, level AA standard-compliant HTML and CSS
- Deep understanding of responsive design for desktop and mobile platforms
- Understanding of web accessibility, Section 508 of the Rehabilitation Act of 1973
- Understanding of the browser landscape, with ability to debug and fix cross-browser issues
- Understanding of best practices for Search Engine Optimization (SEO).

### **General Information**

As a result of responses to this RFP, CMAP plans to review submissions and may, if necessary, conduct interviews with selected consultants it determines can best meet the requirements outlined below. As applicable, negotiations will be held as necessary to select the firm that CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided. Subject to “Reservation of Rights” below, it is anticipated that a contract will be awarded for two years in length with three one-year options for renewal

## **SECTION 2: Scope of Project and Procurement Details**

### **Scope of Services**

The selected firm will provide Liferay website development, administration, and support for the CMAP website. Subject to the availability of future funding and Agency needs and priorities any work CMAP needs under these categories will be issued on a task order basis. CMAP’s task order process is called a Purchase Authorization Order (PAO), based on hourly rates supplied by the contractor in their proposal response to this RFP. (See Attachment 4: PAO example.) For each project, CMAP will develop a PAO with the consultant with well-defined tasks and deadlines that must be met and costs that must not be exceeded.

### **Development**

The firm will respond to requests from designated CMAP staff for the expansion of existing features and the addition of new features on CMAP’s website. The consultant will also be involved with administering, debugging, and potentially enhancing the custom CRM, with access to support documentation. All development work by the consultant must be easily accessed and used by CMAP staff who have basic HTML skills. The consultant must provide concise, clearly written documentation upon completion of each development project, and when appropriate provide a central repository of source code hosted on CMAP’s GitHub account or comparable. All content and development must be kept secure from third parties, including hackers, DoS, and any other potential intrusions. With regard to warranty, back-end and front-end developments must be guaranteed from completion date up to six months in regard to functionality and debugging services.

Liferay is based on the Java platform and can be extended by adding new applications, customizing existing applications, modifying its behavior, or creating new themes. It requires skill in JVM-supported programming languages including Java, Scala, jRuby, Jython, Groovy, and others. Liferay is lightweight and can be deployed to a variety of Java EE containers and app servers.

While customizing Liferay to support development goals is desirable and often necessary, modifying its source code is not. Projects will generally require the consultant to develop and deploy a module with the features specified by CMAP. Examples may include:

1. Creating web applications using Liferay portlets.
2. Customizing an existing web application or feature.
3. Creating a new web service, e.g., for a mobile app.
4. Creating custom themes.

Development should generally emphasize the following:

- Responsive web design (RWD) in which content is crafted to provide for optimal viewing (e.g., easy reading and navigation with a minimum of resizing, panning, and scrolling) across a wide range of devices (from desktop computer monitors to tablets to mobile phones)
- Search engine optimization (SEO)
- Social media integration
- Effective use of "out of the box" Liferay functions, including:
  - Document library and image gallery
  - Role-based authorizations
  - Authenticated access for privileged users
  - Database integration
  - Advanced navigation tools
  - Integrated HTML forms tools
  - Multimedia management
  - ADA Level 2 AA compliance

Note that, as needed, the firm may be called upon to develop content specifically for mobile devices, such as the creation for MDM deployment of an iOS or Android app. Such services will be based on the developer's demonstrated understanding and abilities relating to such platforms, which the firm's proposal in response to this RFP should describe.

**The consultant must document all development results**, including instructions for CMAP staff to use the site. For close collaboration with CMAP staff, the consultant must use CMAP's GitHub account or version control of any development/maintenance work. The consultant is responsible for familiarizing CMAP with the consultant's practices regarding site administration, including but not limited to version control.

In addition to email communications and frequent meetings via web conferencing, CMAP and the firm's primary contact will use a bug system maintained by the firm to check and receive updates on progress and resolution of issues. CMAP has experience using both Unfuddle and GitHub for bug tracking.

Designated CMAP staff should have access to the Liferay "dev" and "production" environment(s), including any permissions and tools necessary for testing new tools and features. Information concerning content access, development tools, and development areas will be documented by the consultant and made available to designated CMAP staff.

### ***Administration and Support***

Routine development and upkeep of existing content will be billed as "administration and support." Such tasks that are not project-driven can be billed separate from a PAO (Project Authorization Order), provided that verbal or email approval for the anticipated hours has been given in advance by CMAP staff. The consultant will be expected to be proactive with administrative tasks, in addition to responding to all requests by CMAP. The consultant and CMAP will have a conference call at least every other week to discuss ongoing issues involving the site's administration and, as appropriate, development projects. Unless otherwise notified, the firm's project manager will be responsible for sending a draft agenda no less than 48 hours prior to the call. The firm should also arrange a conference call at least quarterly with CMAP's hosting firm and CMAP staff, including an agenda prepared two weeks in advance by the firm's project manager.

The consultant will be responsible for ensuring that Liferay software is up-to-date with all recommended upgrades, updates, and emergency patches. The consultant should anticipate such changes and advise CMAP regarding strategy for migrating to new versions of Liferay, allowing sufficient lead time to ensure orderly decisions and transitions. At the request of designated CMAP staff members, designated consultant staff members will provide hands-on technical support related to site administration and site development using Liferay as well as to answer CMAP staff questions about content management specific to Liferay. The consultant will perform the following tasks:

- Assist CMAP in completing an orderly transition under new contract for support of the current website.
- Use Liferay's Workflow for approval processes and Staging feature for developing and testing draft content.
- Support and enhance Liferay features such as:
  - Media asset library
  - Role-based authorizations
  - Blogs
  - Search engine
  - Multimedia displays for videos and images
  - Customizable page views/templates
  - Communities and organization groupings
  - Database integration
  - Tagging and categories for dynamic content
  - Coordinate with site hosting firm to ensure proper procedures for restoring backups and other disaster recovery standards.

### **Support Hours**

In the great majority of cases, CMAP staff will make support requests during regular business hours, approximately 8:00 a.m. to 6:00 p.m. central time. In these cases, consultants will not be required to work earlier than 8:00 a.m. or later than 6:00 p.m. and should respond within at least eight (8) hours. While it may not always be possible for the firm to carry out the necessary work within one business day, it is required that CMAP's request for assistance be acknowledged the same business day.

### **Emergency Expectations**

In rare cases when an "emergency" arises -- defined as a problem that is interfering with regular functionality and must be fixed as quickly as possible -- the consultant may be required to work in the evening or on a weekend to restore necessary functionality. The cost proposal should indicate whether such immediate "emergency" support is to be billed at a higher rate than routine support.

### **Work Environment and Reporting**

CMAP is not able to accommodate work on-site at CMAP, and will be provided with appropriate remote access to any system components needed to complete requested tasks. Work requests will be initiated from the CMAP web staff. The consultant will designate a primary Project Manager who will respond to initial CMAP requests or redirect these requests to the appropriate team member. The Project Manager will be responsible for replying to any CMAP inquiries within eight (8) hours. The Project Manager will work with CMAP to establish workflow and quality assurance protocols to follow for administration and development projects. The consultant will notify CMAP of relevant staff changes immediately and supply a revised contact sheet within one business day.

Within three months after start of the contract -- and on July 1 in each subsequent year -- the firm will be required to submit a report outlining a three-year strategic plan outlining development options, approaches, security, and administrative considerations including factors related to Liferay versioning.

### **Confidentiality**

CMAP will grant consultant complete access to the server. All knowledge gained as the result of this relationship is confidential. CMAP will have ownership of all development work done by the consultant, excluding open source libraries. Consultant will notify CMAP if consultant uses any work created for CMAP in their portfolio or advertising campaign; CMAP must approve in writing.

## Schedule

Bidders should consider the following schedule as a requirement for selection.

## Evaluation Criteria

All proposals submitted in response to this request for proposals will be analyzed for completeness and cost effectiveness, with particular emphasis on the consultant's familiarity with cutting-edge web development for Liferay, based on examples and supporting materials provided by the consultant. The following criteria will be used in evaluating proposals:

- The firm's demonstrated record of experience and responsiveness in providing consulting services in the areas identified in the Scope of Services.
- The qualifications and experience of the firm's personnel to be assigned to CMAP's work in the areas identified in the Scope of Services and their training and experience with Liferay.

- Responsiveness to the specific needs expressed in the Scope of Services.
- Cost to CMAP.

All timely responses received to this RFP will be reviewed and interviews may be conducted with selected submitters CMAP determines can best meet the above requirements. An in-house CMAP staff committee will make the selection decision.

As applicable, hourly rates for personnel the submitter proposes to use will be requested and negotiations will be held on both the scope and the cost to select the consultant CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided.

**CHANGE REQUESTS MADE TO PERSONNEL, TITLES, PERSONNEL HOURS, HOURLY RATES OR SUBCONTRACTORS, INCLUDING SUBCONTRACTOR PERSONNEL, PERSONNEL HOURS OR HOURLY RATES MUST RECEIVE PRIOR WRITTEN APPROVAL FROM THE CMAP PROCUREMENT OFFICER. ## SECTION 4: Contractual Agreement and Rights

### Contractual Agreement

The contract CMAP anticipates awarding as a result of this RFP and subsequent rate submissions and negotiations, if any, will indicate the service requirements, time periods involved and applicable hourly rates. In addition, it will include the General Provisions, Section 5 hereto, and Special Provisions, Section 6 hereto, which will apply to the contract.

### Reservation of Rights

CMAP reserves the following rights if using them will be more advantageous to CMAP:

- 1) Withdraw this RFP at any time without prior notice.
- 2) Accept or reject any and all submissions, or any item or part thereof
- 3) Postpone qualifications due date.
- 4) Not award a contract to any submitter responding to this RFP.
- 5) Award a contract without negotiations or discussions.

Consultants who are or have been seriously deficient in current or recent contract performance in the absence of evidence to the contrary or circumstances properly beyond the control of the Consultant shall be presumed to be unable to meet these requirements. Past unsatisfactory performance will ordinarily be sufficient to justify a finding of non-responsibility.

## SECTION 5: General Provisions

**The following provisions apply to the solicitation to which this section is attached and to any contract that results from the solicitation.** Signatories of this Agreement certify that these conditions and procedures and terms and the conditions and procedures specific to this project will be adhered to unless amended in writing.

- 1) Complete Agreement.
  - a) This Agreement (which also may be herein referred to as "Contract"), including all exhibits and other documents incorporated or referenced in the agreement, constitutes the complete and exclusive statement of the terms and conditions of the agreement between CMAP and Consultant and it supersedes all prior representations, understandings and communications. The invalidity in whole or in part of any term or condition of this Agreement shall not affect the validity of other terms or conditions.
  - b) Order of Precedence: Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the executed contract, including its exhibits; (2) the

provisions of the RFP on which the contract is based including any and all Addendums; (3) the proposal submitted to CMAP by the Consultant in response to said RFP; and (4) any other documents cited or incorporated herein by reference.

- c) CMAP's failure to insist in any one or more instances upon the performance of any terms or conditions of this Agreement shall not be construed as a waiver or relinquishment of CMAP's right to such performance by the Consultant or to future performance of such terms or conditions and Consultant's obligation in respect thereto shall continue in full force and effect. Consultant shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work or the cost thereof. Any failure by the Consultant to do so will not relieve it from responsibility for successfully performing the work without additional expense to CMAP.
  - d) CMAP assumes no responsibility for any understanding or representations made by any of its officers, employees or agents prior to the execution of this Agreement, unless such understanding or representations by CMAP are expressly stated in this Agreement.
  - e) Changes: CMAP may from time to time order work suspension or make any change in the general scope of this Agreement including, but not limited to changes, as applicable, in the drawings, specifications, delivery schedules, or any other particulars of the description, statement of work or provisions of this Agreement. If any such change causes an increase or decrease in the cost or time required for performance of any part of the work under this Agreement, the Consultant shall promptly notify CMAP thereof and assert its claim for adjustment within thirty (30) days after the change is ordered. A written amendment will be prepared for agreement between CMAP and the Consultant for changes in scope, time and/or costs. No amendments are effective until there is a written agreement that has been signed by both parties. No claim by the Consultant for equitable adjustment hereunder shall be allowed if asserted after final payment under this Agreement.
  - f) Changes to any portion of this Agreement shall not be binding upon CMAP except when specifically confirmed in writing by an authorized representative of CMAP.
  - g) For its convenience, CMAP reserves the right to extend the Term of this agreement. Any changes to the Term of this Agreement shall not be binding until specifically confirmed in writing by authorized representatives of both parties.
- 2) Chicago Metropolitan Agency for Planning Designee. Only the Executive Director of CMAP, or designee, shall have the authority to act for and exercise any of the rights of CMAP as set forth in this Agreement, subsequent to and in accordance with the authority granted by CMAP's Board of Directors.
  - 3) Compliance/Governing Law. The terms of this Agreement shall be construed in accordance with the laws of the State of Illinois. Any obligations and services performed under this Agreement shall be performed in compliance with all applicable state and federal laws.
  - 4) Availability of Appropriation (30 ILCS 500/20-60). This Agreement is contingent upon and subject to the availability of funds. CMAP, at its sole option, may terminate or suspend this Agreement, in whole or in part, without penalty or further payment being required, if the Illinois General Assembly, the state funding source, or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason. CONTRACTOR will be notified in writing of the failure of appropriation or of a reduction or decrease.
  - 5) Allowable Charges. No expenditures or charges shall be included in the cost of the Project and no part of the money paid to the Contractor shall be used by the Contractor for expenditures or charges that are: (i) contrary to provisions of this Agreement or the latest budget approved by a duly-authorized official of CMAP; (ii) not directly for carrying out the Project; (iii) of a regular and continuing nature, except that of salaries and wages of appointed principal executives of the Contractor who have not been appointed specifically for the purposes of directing the Project, who devote official time directly to the Project under specific assignments, and respecting whom adequate records of the time devoted to

and services performed for the Project are maintained by the Contractor may be considered as proper costs of the Project to the extent of the time thus devoted and recorded if they are otherwise in accordance with the provisions hereof; or (iv) incurred without the consent of CMAP after written notice of the suspension or termination of any or all of CMAP's obligations under this Agreement.

6) Method of Payment.

Project expenditures are paid directly from federal and/or state funds. Because CMAP is responsible for obtaining federal reimbursement for project expenditures, it is necessary that CMAP monitor all procedures and documents which will be used to claim and support project-related expenditures. The following procedures should be observed to secure payment:

- a) Based on services performed, CONTRACTOR may submit invoices as frequently as once a month, but is required to submit invoices no later than fifteen (15) days after the end of each quarter. Failure to submit such payment request timely will render the amounts billed an unallowable cost for which the CONTRACTOR cannot be reimbursed. CMAP is committed to reducing paper use and has established an electronic invoicing system. All invoices are to be submitted through email to:

[accounting@cmap.illinois.gov](mailto:accounting@cmap.illinois.gov)

All invoices shall be signed by an authorized representative of the CONTRACTOR

- b) Subject to the conditions of this Agreement, CMAP will honor invoices in amounts deemed by it to be proper to insure the carrying out of the approved scope of services and shall be obligated to pay the Contractor such amounts as may be approved by CMAP. Invoices shall detail expenses and amount of time spent on CMAP assignments. If an invoice is not acceptable, CMAP shall promptly provide the Contractor a written statement regarding its ineligibility or deficiencies to be eliminated prior to its acceptance and processing. All invoices for services performed and expenses incurred by CONTRACTOR for the services of this Agreement must be presented to CMAP no later than fifteen (15) days after the end of this Agreement. Notwithstanding any other provision of this Agreement, CMAP shall not be obligated to make payment to CONTRACTOR on invoices presented after said date. No payments will be made for services performed prior to the effective date of this Agreement. All payments will be transferred electronically to Contractor's business bank account. The successful Contractor will be requested to provide transfer numbers for the business bank account when the contract is finalized, in addition to a copy of its IRS W-9 (Request for Taxpayer Identification Number and Certification).
- c) Each invoice and report submitted must contain: the contract number, a unique vendor invoice number, a description of the services performed, the hourly rates and number of hours worked for each contractor, an itemization of travel and other costs which are chargeable to the contract and the following certification by an official authorized to legally bind the CONTRACTOR:

By signing this payment request, I certify to the best of my knowledge and belief that the payment request is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of this contract. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).

- 7) Compliance with Registration Requirements. The CONTRACTOR shall be registered with the Federal System for Award Management (SAM) and have a valid DUNS number. It is the CONTRACTOR'S responsibility to remain current with these registrations and requirements. If the CONTRACTOR'S status with regard to any of these requirements change, the CONTRACTOR must notify CMAP immediately.

- 8) Audits. The records and supportive documentation for all completed projects are subject to an on-site audit by CMAP. CMAP reserves the right to inspect and review, during normal working hours, the work papers of the independent auditor in support of their audit report.
- 9) Access to Records.
- a) The CONTRACTOR and its subcontracts under this Agreement shall preserve and produce upon request of the authorized representatives of CMAP all data, records, reports, correspondence and memoranda of every description of the CONTRACTOR and its subcontractors, if any, under this Agreement relating to carrying out this Agreement for the purposes of an audit, inspection or work review for a period of three (3) years after completion of the project, except that:
    - i) If any litigation, claim or audit is started before the expiration of three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
    - ii) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.
  - b) The CONTRACTOR shall include in all subcontracts, if any, under this Agreement a provision that CMAP will have full access to and the right to examine any pertinent books, documents, papers, and records of any such subcontractor involving transactions related to the subcontract for three (3) years from the final payment under that subcontract except that:
    - i) If any litigation, claim or audit is started before the expiration of the three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
    - ii) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.

The term "subcontract" as used in this clause excludes purchase orders not exceeding \$2,500.

10) Cost Category Transfer Request.

Unless prohibited from doing so in 2 CFR 200.308, transfers between approved line items may be made without CMAP's approval only if the total amount transferred does not exceed the allowable variance of the greater of either (i) ten percent (10%) of the Budget line item or (ii) one thousand dollars (\$1,000) of the Budget line item. Discretionary line item transfers may not result in an increase to the Budget.

Notification to CMAP is required for transfers among appropriated cost categories which exceed 10% or \$1,000 of the line item. No transfer of funds can exceed the total Agreement. The CONTRACTOR must submit a written report (form provided by CMAP) to CMAP detailing the amount of transfer, the cost categories from and to which the transfer is to be made, and rationale for the transfer.

- 11) Procurement Procedures. All procurement transactions for Contractual Services, Commodities and Equipment shall be conducted in a manner that provides maximum open and free competition. The CONTRACTOR shall also meet the following minimum procedural requirements.
- a. Subcontracting: Subcontracting, assignment or transfer of all or part of the interests of the CONTRACTOR concerning any of the obligations covered by this Agreement is prohibited without prior written consent of CMAP.

- b. Procurement of Goods or Services: For purchases of products or services with any Agreement funds that cost \$2,500.00 or more, but less than \$10,000.00, the CONTRACTOR shall obtain price or rate quotations from an adequate number (at least three) of qualified sources. Procurement of products or services with any Agreement funds that are in excess of \$10,000.00 will require the CONTRACTOR to use the Invitation for Bid process or the Request for Proposal process. In the absence of formal codified procedures of the CONTRACTOR, the procedures of CMAP will be used. The CONTRACTOR may only procure products or services from one source with any Agreement funds if: (1) the products or services are available only from a single source; or (2) CMAP authorizes such a procedure; or (3) after solicitation of a number of sources, competition is determined inadequate.
  - c. Records. The CONTRACTOR shall maintain records sufficient to detail the significant history of procurements. These records shall include, but are not necessarily limited to: information pertinent to rationale for the method of procurement, selection of contract type, contractor selection or rejection, and basis for the cost or price.
  - d. No CONTRACTOR employee shall participate in the procurement of products or services if a conflict of interest, real or apparent, would be involved. No employee shall solicit or accept anything of monetary value from bidders or suppliers.
  - e. CONTRACTOR certifies that to the best of its knowledge, its sub-grantees have complied with and will comply with Executive Order No. 1 (2007) (EO 1-2007). EO 1-2007 generally prohibits contractors and subcontractors from hiring the then-serving Governor's family members to lobby procurement activities to the State, or any other unit of government in Illinois including local governments, if that procurement may result in a contract valued at over \$25,000. This prohibition also applies to hiring for that same purpose any former State employee who had procurement authority at any time during the one-year period preceding the procurement lobbying activity.

If Termination by Default is effected by the CONTRACTOR, or if Termination for Convenience is effected by CMAP, the equitable adjustment shall include a reasonable profit for services or other work performed. The equitable adjustment for any termination shall provide payment to the CONTRACTOR for services rendered and expenses incurred prior to termination; in addition, CMAP may include cost reasonably incurred by the CONTRACTOR relating to commitments which had become firm prior to termination.

Upon notice of termination action pursuant to paragraphs (a) or (b) of this clause, the CONTRACTOR shall (i) promptly discontinue all services affected (unless the notice directs otherwise) and (ii) deliver or otherwise make available to CMAP all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by the CONTRACTOR in performing this Agreement, whether completed or in process.

In such event, adjustment of the price provided for in this Agreement shall be made as provided in paragraph c of this clause.
- 15) Remedies. Except as may be otherwise provided in this Agreement, all claims, counterclaims, disputes and other matters in question between CMAP and the CONTRACTOR arising out of or relating to this Agreement or the breach thereof will be decided by arbitration.
