The Chicago Metropolitan Agency for Planning is seeking public comment on an upcoming draft version of its ON TO 2050 comprehensive regional development plan.

McHenry County residents are invited to attend a public open house from 4 to 7 p.m. June 19 at the McHenry County Administration Building, 667 Ware Road. It will be one of 10 open houses during the one-month public comment period from Friday to Aug. 14.

CMAP also will present a draft of the 2019-24 Transportation Improvement Program, as well as an air-quality conformity analysis of proposed transportation projects.

The draft plan will be posted starting Friday at www.cmap.illinois.gov/onto2050, and residents also can submit written comments online through the comment period. The plan, which will replace the existing GO TO 2040 plan, is expected to be ratified in October.

CMAP was created in 2005 and is the regional planning organization for Cook, DuPage, Kane, Kendall, Lake, McHenry and Will counties. Its comprehensive plan helps the region address transportation, housing, economic development, open space, the environment, and other quality-of-life matters.

For information regarding the open house or requests for accommodations under the Americans with Disabilities Act, email onto2050@cmap.illinois.gov or call 312-386-8802.
