

APPLICATION FORM

RTA Community Planning Program and CMAP Local Technical Assistance Program

Deadline: Noon on Friday, October 26, 2018

This application form is online at www.rtachicago.org/applications. You may submit the form by email to applications@rtachicago.org. Please submit one application per project as a PDF package. Please avoid submitting multiple PDFs for the same application.

Please list the members of the group (including government and nongovernmental organizations):

Village of Bartlett

Name: Village of Bartlett

Applicant

Name: Tyler Isham

Main Contact of Application

Title: Public Works Management Analyst

Phone: 6308370811

Email: tisham@vbartlett.org

TYPE OF APPLICANT

(please check all that apply)

- Local Government**
- Multijurisdictional group***
- Nongovernmental organization***

*Applications submitted by multijurisdictional groups and nongovernmental organizations must include a letter indicating support from each relevant local government. See the FAQs for more information. Nongovernmental applicants are strongly encouraged to contact CMAP or the RTA prior to submitting their application to discuss their project and the demonstration of local support.

1. Project Location. Please provide a brief description of the location of your project. You may include a map if that helps to describe location, but this is not required. If your project helps to implement a past plan, please include a link to that plan.

The Village of Bartlett is located in Cook, DuPage and Kane Counties, approximately 31 miles northwest of downtown Chicago.

2. Project Description. Please tell us what you would like to do in your community, and what assistance is needed. If you have more than one idea, please submit a separate application for each project. Please be specific, but also brief (less than two pages per project idea)—we simply want to have a basic understanding of what you want to do. For plan updates please tell us how you will be building upon (or replacing) the previous work. Program staff will follow-up with you if we need any additional information to fully understand your proposed project. (Please limit your responses to 6000 characters including spaces).

The Village of Bartlett is looking to update our Comprehensive Plan. The plan was originally adopted in 1978, and the Village began to update the Comprehensive Plan in 1987. Funding assistance for the Comprehensive Plan Update of the DuPage portion of the Village was provided by a Federal Community Development Block Grant through the County of DuPage. A separate update of the Cook County Portion of the Village was initiated and completed in 1989 with some subsequent amendments to the text by Village Staff thru 2004. The 2004 Update added a new land use category- "Village Center Mixed Use" and updated the Future Land Use Plan Map. In 2007, the West Bartlett Road Corridor Plan was adopted as an overlay to the Plan and the Future Land Use Plan Map was amended but not to the same detail as the 2004 map. The 2007 map showed land use categories while the 2004 map identified density for residential growth. The 1989 Comprehensive Plan consists of supplement plans that require updating including the Thoroughfare Plan and Bike Path Plan. The Staff has initiated an update to the Future Land Use Plan Map over a year ago but due to both Staff and monetary constraints, has not been able to complete the update. The Village of Bartlett adopted a Transit Oriented Development (TOD) Plan in 2016 for the Village's downtown and recently received a second grant to implement a strategy outlined in the Plan by creating a form-based code for the downtown TOD area. The Village would like to update the document and map to reflect changes that have occurred in the last 14 years including a 10.4% increase in population from 37,254 in 2004 to 41,149 in 2017, new strategic goals and objectives as well as demographics and land use developments. The Village has also recently formed the Bike and Run (BAR) Committee to review the Village's Bike Path Plan and are looking into incorporating some on-street routes. Updating the Comprehensive Plan will match the goals and priorities of the ON TO 2050 Plan. Re-evaluating Bartlett's demographics and change in ethnicities over the last decade relates to the principle of inclusive growth. Updating the Comprehensive Plan will help plan for resilience as outlined in the ON TO 2050 Plan as it will depict a FEMA flood control stormwater detention area built by the Village in 2014 after a major 2008 flood event. Updating the Comprehensive Plan will also help to guide future developers to understand the Village's current goals and plans for future development.

2. Project Description (continued)

3. Additional Strategic Partnerships. Please list any additional partners you may want to include in this planning project, and specify if you have made contact with them in advance of submitting this application. (Please limit your response to 1400 characters).

The Village of Bartlett does not have any additional strategic partnerships that we would like to include in this planning project.

PLAN CHARACTERISTICS

My project involves:

- The preparation of a plan.
- Updating an existing plan.
- Implementation of a previous plan.
- My project has direct relevance to public transit and supports the use of the existing transit system.
- My project is not directly related to transportation or land use, but addresses ON TO 2050 and/or Invest In Transit in other ways.

ON TO 2050 ALIGNMENT

(Please check all that apply)

- Inclusive Growth
- Prioritized Investment
- Resilience

RTA INVEST IN TRANSIT ALIGNMENT

(please check all that apply)

- Deliver Value on our transit investments
- Build on the strengths of the transit network
- Keep transit competitive
