

APPLICATION FORM

RTA Community Planning Program and CMAP Local Technical Assistance Program

Deadline: Noon on Friday, October 26, 2018

This application form is online at www.rtachicago.org/applications. You may submit the form by email to applications@rtachicago.org. Please submit one application per project as a PDF package. Please avoid submitting multiple PDFs for the same application.

Please list the members of the group (including government and nongovernmental organizations):

Village of Bartlett

Name: Village of Bartlett

Applicant

Name: Tyler Isham

Main Contact of Application

Title: Public Works Management Analyst

Phone: 6308370811

Email: tisham@vbartlett.org

TYPE OF APPLICANT

(please check all that apply)

Local Government

Multijurisdictional group*

Nongovernmental organization*

*Applications submitted by multijurisdictional groups and nongovernmental organizations must include a letter indicating support from each relevant local government. See the FAQs for more information. Nongovernmental applicants are strongly encouraged to contact CMAP or the RTA prior to submitting their application to discuss their project and the demonstration of local support.

1. Project Location. Please provide a brief description of the location of your project. You may include a map if that helps to describe location, but this is not required. If your project helps to implement a past plan, please include a link to that plan.

The Village of Bartlett is located in Cook, DuPage and Kane Counties, approximately 31 miles northwest of downtown Chicago.

2. Project Description. Please tell us what you would like to do in your community, and what assistance is needed. If you have more than one idea, please submit a separate application for each project. Please be specific, but also brief (less than two pages per project idea)—we simply want to have a basic understanding of what you want to do. For plan updates please tell us how you will be building upon (or replacing) the previous work. Program staff will follow-up with you if we need any additional information to fully understand your proposed project. (Please limit your responses to 6000 characters including spaces).

The Village of Bartlett is looking to update our parking regulations in our Zoning Ordinance, Chapter 11. The Staff has been updating each of the 14 chapters, of the Zoning Ordinance since 2007. Staff is currently only on Chapter 6: Commercial Districts. The parking section of the Zoning Ordinance has not been updated since 1978 (except to add parking regulations for single family homes in an enclosed garage in 1990). With the quickly changing environment and the possibility of autonomous vehicles the Village is seeking to update the parking section of the Zoning Ordinance. The Staff would like to eliminate required parking in the downtown area and utilize the abundance of Metra parking spaces after hours. Staff would like to incorporate drop-off or pick-up areas to accommodate ridesharing and update the parking requirements to more closely match what is needed/required for that specific use and what today's standards are. Some of the current parking demands outlined in our current code are very high and developers require parking variations to make these projects feasible. Due to both Staff and monetary constraints, Staff has not been able to update this section of the Zoning Ordinance.

Updating the parking regulations will support development of compact, walkable communities and will help make the Village of Bartlett more development friendly with parking standards that reflect today's current parking needs. Updating the parking regulations will help match the ONTO 2050 principle of Inclusive Growth as it will help aid developers to meet the minimum parking requirements opposed to requesting variations. It will also aid in the Resilience Principle to plan for the future and reduce pavement needed for parking. This in turn will help reduce water run-off and provide more open space.

2. Project Description (continued)

3. Additional Strategic Partnerships. Please list any additional partners you may want to include in this planning project, and specify if you have made contact with them in advance of submitting this application. (Please limit your response to 1400 characters).

The Village of Bartlett does not have any additional strategic partnerships that we would like to include in this planning project.

PLAN CHARACTERISTICS

My project involves:

- The preparation of a plan.
- Updating an existing plan.
- Implementation of a previous plan.
- My project has direct relevance to public transit and supports the use of the existing transit system.
- My project is not directly related to transportation or land use, but addresses ON TO 2050 and/or Invest In Transit in other ways.

ON TO 2050 ALIGNMENT

(Please check all that apply)

- Inclusive Growth
- Prioritized Investment
- Resilience

RTA INVEST IN TRANSIT ALIGNMENT

(please check all that apply)

- Deliver Value on our transit investments
- Build on the strengths of the transit network
- Keep transit competitive
