1. Project Location. Please provide a brief description of the location of your project. You may include a map if that helps to describe location, but this is not required. If your project helps to implement a past plan, please include a link to that plan.

The location for this project is incorporated Mokena, Illinois, and anticipates updating certain parts of the Village's existing 2002 Comprehensive Plan. See www.mokena.org.

2. Project Description. Please tell us what you would like to do in your community, and what assistance is needed. If you have more than one idea, please submit a separate application for each project. Please be specific, but also brief (less than two pages per project idea)—we simply want to have a basic understanding of what you want to do. For plan updates please tell us how you will be building upon (or replacing) the previous work. Program staff will follow-up with you if we need any additional information to fully understand your proposed project. (Please limit your responses to 6000 characters including spaces).

The Village of Mokena is seeking to update sections of the 2002 Comprehensive Plan. Areas to be included in the update/revision include the Western Basin and the 191st Street Corridor. Assistance is needed to review the existing plan and to develop and write the updated plan, as well as to hold public meetings and gather public input relative to the plan.

2. Project Description (continued)

3. Additional Strategic Partnerships. Please list any additional partners you may want to include in this planning project, and specify if you have made contact with them in advance of submitting this application. (Please limit your response to 1400 characters).
